BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the

communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATE: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the FIRM is available for inspection as indicated in the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR Part 67.

FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR Part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director for Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is amended to read as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR,

1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

2. The tables published under the authority of § 67.11 are amended as follows:

Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD)
CALIFORNIA	
Amador County (Unincorporated Areas) (FEMA Docket No. 7302)	
<i>Sutter Creek:</i>	
At Old Stockton Road	*271
Approximately 2,780 feet upstream from Preston Avenue (Highway 104)	*313
<i>Sutter Creek Overflow:</i>	
Approximately 230 feet upstream of Stockton Road ...	*259
Approximately 2,400 feet upstream from the Southern Pacific Railroad	*279
Maps are available for inspection at Amador County Planning Department, 500 Argonaut Lane, Jackson, California.	
Ione (City), Amador County (FEMA Docket No. 7302)	
<i>Sutter Creek:</i>	
Approximately 11,880 feet upstream of mouth	*271
Approximately 2,160 feet upstream of Preston Avenue	*312
<i>Sutter Creek Overflow:</i>	
Approximately 1,820 feet downstream of Depot Road at its divergence from Sutter Creek	*278
Approximately 1,820 feet downstream of Depot Road at its divergence from Sutter Creek	*302
Maps are available for inspection at City Hall, 1 E. Main Street, Ione, California.	
Texas	
Edinburg (City) Hidalgo County (FEMA Docket No. 7294)	
<i>North Main Drain:</i>	
Approximately 2,735 feet downstream of Davis Road	*82

Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD)
At downstream side of Chapin Street (formerly part of Hidalgo County)	*95
At confluence of West Main Drain	*95
Maps are available for inspection at 1304 South 25th Street, Edinburg, Texas.	
Hidalgo County (Unincorporated Areas) (FEMA Docket No. 7294)	
<i>East Lateral Drain:</i>	
Approximately 2,620 feet downstream of Mile 2 West Road	*59
Approximately 595 feet upstream of Mile 11 North Road	*70
<i>North Main Drain:</i>	
At confluence with Donna Drain	*74
Approximately 1,175 feet upstream of Mile 17½ Road (Russell Road)	*93
At Chaplin Road	*95
<i>West Main Drain:</i>	
Approximately 2 feet downstream of a drop structure located approximately 1,000 feet downstream of Taylor Road	*124
Approximately 2,095 feet upstream of Brushliner Road	*202
Maps are available for inspection at 1304 South 25th Street, Edinburg, Texas.
