DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Announcement of Proposed Change to All Endangered Species Act Section 10(a)(1)(A) Permits Issued for the Quino Checkerspot Butterfly (*Euphydryas editha quino*)

AGENCY: Fish and Wildlife Service,
Interior.

SUMMARY: The Fish and Wildlife Service (Service) proposes to modify all scientific research permits issued pursuant to section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (Act) for the Quino checkerspot butterfly to authorize the following activities: survey by pursuit; capture; handle; release; and with prior approval from the Service, purposefully kill for the collection of voucher specimens.

DATES: Written comments on this proposed action must be received on or before March 13, 2000.

ADDRESSES: Written data or comments should be submitted to the Chief Endangered Species, Ecological Services, Fish and Wildlife Service, 911 NE. 11th Avenue, Portland, Oregon 97232-4181; Fax: (503) 231-6243. All comments received, including names and addresses, will become part of the

official administrative record and may be made available to the public.

FOR FURTHER INFORMATION CONTACT:

Jennifer O'Brion, Ecological Services,
Fish and Wildlife Service, 911 NE. 11th
Avenue, Portland, Oregon 97232-4181;
Fax: (503) 231-6243.

SUPPLEMENTARY INFORMATION:

Background

Currently all permits issued pursuant to section 10(a)(1)(A) of the Act to conduct presence or absence surveys for the Quino checkerspot butterfly only authorize permittees to pursue the butterfly when conducting surveys, and no capture or handling of individuals is allowed. The Service would like to amend permits to authorize permittees to capture and handle individuals in order to confirm identification and either release individuals at the capture site or potentially kill them for voucher specimens with prior approval from the Service. This amendment will ensure that any changes made to the management of the Quino checkerspot butterfly are based on confirmed new locations.

Dated: February 4, 2000.

Cynthia U. Barry,

Regional Director, Region 1, Portland, Oregon.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Intent To Prepare an Environmental Impact Statement for Issuance of a Permit To Incidentally Take Threatened and Endangered Species in Association With a Habitat Conservation Plan for the Metro Air Park Project in the Natomas Basin, Sacramento County, CA

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice of intent.

SUMMARY: We, the Fish and Wildlife Service (Service), are considering approval of a Habitat Conservation Plan (Plan) and issuance of an Endangered Species Act Incidental Take Permit under section 10(a)(1)(B) of the Endangered Species Act to the Metro Air Park Property Owners Association (Association), a non-profit mutual benefit corporation representing 138 individual property owners. The permit would authorize incidental take of listed species and unlisted species that may be listed in the future. Incidental taking of listed species could occur as a result of development of the Metro Air Park industrial park project and from rice farming activities.

Pursuant to the National Environmental Policy Act, the Service intends to prepare an Environmental Impact Statement addressing our proposed action of approving the Plan and issuance of an incidental take permit. The Plan covers an area of 1,892 acres within the Metro Air Park Planning Area in the Natomas Basin, Sacramento County, California. The
