#### Revocation of Antidumping Duty Order and Termination of Suspended Countervailing Duty Investigation: Carbon Steel Wire Rod From Argentina

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of revocation of antidumping duty order and termination of suspended countervailing duty investigation: Carbon steel wire rod from Argentina.

**SUMMARY:** Pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the United States International Trade Commission ("the Commission") determined that revocation of the antidumping duty order and termination of the suspended countervailing duty investigation on carbon steel wire rod from Argentina is not likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (65 FR 5368 (February 3, 2000)). Therefore, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1), the Department of Commerce ("the Department") is revoking the antidumping duty order and terminating the suspended countervailing duty investigation on carbon steel wire rod from Argentina. Pursuant to section 751(c)(6)(A)(iv) of the Act and 19 CFR 351.222(i)(2) the effective date of revocation and termination is January 1, 2000.

**FOR FURTHER INFORMATION CONTACT:** Darla D. Brown or Melissa G. Skinner,

Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, D.C. 20230; telephone: (202) 482-3207 or (202) 482-1560, respectively.

**EFFECTIVE DATE:** January 1, 2000.

#### Background

On November 2, 1998, the Department initiated, and the Commission instituted, sunset reviews (63 FR 58709 and 63 FR 58756, respectively) of the antidumping duty order and the suspended countervailing duty investigation on carbon steel wire rod from Argentina, pursuant to section 751(c) of the Act. As a result of the reviews, the Department found that revocation of the antidumping duty order and termination of the suspended countervailing duty investigation would be likely to lead to continuation or recurrence of dumping and a countervailable subsidy, respectively, and notified the Commission of the magnitude of the margin and the net countervailable subsidy likely to prevail were the antidumping order revoked and the suspended countervailing duty investigation terminated (*see Final Results of Full Sunset Review: Carbon Steel Wire Rod from Argentina*, 64 FR 53321 (October 1, 1999); and *Final Results of Full Sunset Review: Carbon Steel Wire Rod from Argentina*, 64 FR 53331 (October 1, 1999)).

On February 3, 2000, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order and termination of the suspended countervailing duty investigation on carbon steel wire rod from Argentina would not likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (*see Carbon Steel Wire Rod From Argentina*, 65 FR 5368 (February 3, 2000), and USITC Pub. 3270, Investigations Nos. 701-TA-A (Review) and 731-TA-157 (Review)).
