BILLING CODE 4150-24-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Federal Financial Participation in State Assistance Expenditures; Federal Matching Shares for Temporary Assistance to Needy Families, Medicaid, Aid to Needy Aged, Blind, or Disabled Persons and for the State Children's Health Insurance Program for October 1, 2000 through September 30, 2001

AGENCY: Office of the Secretary, DHHS.
ACTION: Notice.

SUMMARY: The Federal Medical Assistance Percentages and Enhanced Federal Medical Assistance Percentages for Fiscal Year 2001 have been calculated pursuant to the Social Security Act (the Act). These percentages will be effective from October 1, 2000 through September 30, 2001. This notice announces the calculated "Federal Medical Assistance Percentages" and "Enhanced Federal Medical Assistance Percentages" that we will use in determining the amount of Federal matching in State medical assistance (Medicaid), State Children's Health Insurance Program (SCHIP) expenditures, and for the annual reconciliation of contingency funds under Title IV-A. The table gives figures for each of the 50 States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands. Programs under title XIX of the Act exist in each jurisdiction; programs under titles I, X, and XIV operate only in Guam and the Virgin Islands; while a program under title XVI (AABD) operates only in Puerto Rico. Programs under title XXI began functioning in fiscal year 1998. The percentages in this notice apply to State expenditures for assistance payments, medical services and medical insurance services (except family planning which is subject to a higher matching rate). The statute provides separately for Federal matching of administrative costs.

Sections 1905(b) and 1101(a)(8)(B) of the Act require the Secretary of Health

and Human Services to publish these percentages each year. The Secretary is to figure the percentages, by formulas in sections 1905(b) and 1101(a)(8)(B), from the Department of Commerce's statistics of average income per person in each State and in the Nation as a whole. The percentages are within the upper and lower limits given in those two sections of the Act. The statute specifies the percentages to be applied to Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands.

The "Federal medical assistance percentages" are for Medicaid. These percentages will also be used for the annual reconciliation of any Contingency funds received under the Temporary Assistance for Needy Families program.

The "Enhanced Federal Medical Assistance Percentages" are for use in the State Children's Health Insurance Programs under Title XXI, and in the Medicaid program for certain children for expenditures for medical assistance described in sections 1905(u)(2) and 1905(u)(3). There is no specific requirement to publish these percentages. We include them in this notice for the convenience of the States.

EFFECTIVE DATES: The percentages listed will be effective for each of the 4 quarter-year periods in the period beginning October 1, 2000 ending September 30, 2001.
