Statement for Non-Rulemaking Public Comment Collection Regarding Disclosure of Commenter Names and Home Addresses

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

FOR FURTHER INFORMATION CONTACT: Randall Peterson, telephone (801) 524-3758.

SUPPLEMENTARY INFORMATION: For Fiscal Year 2000, OSM expects to award up to \$75,000 to eligible not-for-profit groups to undertake preliminary design projects for specific acid mine drainage sites. The cooperative agreements will be in the \$20,000-25,000 range in order to assist as many groups as possible. The cooperative agreements will have a performance period of two years.

Eligible applicants are not-for-profit, established organizations with IRS 501(c)(3) status. Applicants must have other partners, contributing either funding or in-kind services; the partners must provide a substantial portion of the total resources needed to complete the project.

Projects in the following States are eligible: Alabama, Illinois, Indiana, Iowa, Kentucky, Maryland, Missouri, Ohio, Oklahoma, Pennsylvania, Tennessee, Virginia and West Virginia. Projects must meet eligibility criteria for coal projects outlined in Section 404 of the Surface Mining Control and Reclamation Act of 1997:

Lands and water eligible for reclamation or drainage abatement expenditures under this title are those which were mined for coal or which were affected by such mining, wastebanks, coal processing, or other coal mining processes * * * and abandoned or

left in an inadequate reclamation status prior to the date of enactment of this Act [August 3, 1977], and for which there is no continuing reclamation responsibility under State or other Federal laws.

There must be demonstrated public support for the project. The project should propose to use proven or innovative technology that has a high probability of success. The project design must propose tangible results, e.g., fishery restored, stream miles improved, educational and community benefits, pollutants removed from the streams. The funds must be used for the preliminary design phase of a project; reimbursement of administrative costs will be carefully scrutinized.

One copy of a complete application should be submitted to the appropriate Appalachian Clean Streams Coordinator identified under **ADDRESSES AND FURTHER INFORMATION** or directly to the Arts and Appalachian Clean Streams Program, Office of Surface Mining, 1951 Constitution Avenue NW., Room 120, Washington, DC 20240. Awards are subject to the availability of funds. Applications will receive technical and financial management reviews.

Dated: February 15, 2000.

Kathy Karpan,
Director, Office of Surface Mining
Reclamation and Enforcement.
