

In accordance with section 751(c)(5)(C)(v) of the Act, the Department may treat a review as extraordinarily complicated if it is a review of a transition order (*i.e.*, an order in effect on January 1, 1995). This antidumping duty order on cement is a transition order. Therefore, on November 30, 1999, the Department determined that the sunset review of the antidumping duty order on gray portland cement from Mexico is extraordinarily complicated and extended the time limit for completion of the preliminary result of this review until not later than February 18, 2000, in accordance with section 751(c)(5)(B) of the Act.¹

Scope of Review

The products covered by this order include gray portland cement and clinker ("portland cement") from Mexico. Gray portland cement is a hydraulic cement and the primary component of concrete. Clunker, an intermediate material product produced when manufacturing cement, has no use other than of being ground into finished cement. Gray portland cement is currently classifiable under the Harmonized Tariff Schedule ("HTS") item number 2523.29 and cement clinker is currently classifiable under HTS item number 2523.10. Gray portland cement has also been entered under HTS item number 2523.90 as other hydraulic cements. In its only scope ruling, the Department determined that masonry cement is not within the scope of the order.² The HTS

¹ See Extension of Time Limit for Preliminary Results of Full Five-Year Reviews, 64 FR 66879 (November 30, 1999).

² See Notice of Scope Rulings, 61 FR 18381 (April 25, 1996). In their rebuttal comments (at 24–26), the domestic interested parties argue that the aforementioned scope ruling is only specific to Cementos de Chihuahua, S.A. de C.V. ("CDC"), and Mexcement, Inc. The domestic interested parties argue that masonry cement exported to the United States by CEMEX and Apasco should not be excluded from the scope. However, in Final Scope Ruling—Antidumping Duty Order on Gray Portland Cement and Clunker from Mexico (A–201–802) (January 18, 1996, memorandum from Holly A. Kuga, Director Office of Antidumping Compliance, to Joseph A. Spetrini, Deputy Assistant Secretary for Compliance), the Department determined that masonry cement is excluded from the scope of the order based on the chemical characteristics and end-use of the product and not on specific manufacturers. Specifically, the Department excluded the masonry cement because its uses (in mortar for masonry construction for joining bricks and blocks) do not fall within the scope of the order (as a primary component of concrete). In addition, the petitioners made a joint submission in which they agreed that masonry cement is excluded from the scope so long as masonry cement could not be used to produce concrete. Finally, the Final Scope Ruling concerns the subject merchandise from Mexico, not just that of CDC or Mexcement. Consequently, the Department excluded all

subheadings are provided for convenience and customs purposes only. Our written description of the scope of the proceeding is dispositive.

Analysis of Comments Received

All issues raised in substantive responses and rebuttals by parties to this sunset review are addressed in the Issues and Decision Memorandum ("Decision Memo") from Jeffrey A. May, Director, Office of Policy, Import Administration, to Robert S. LaRussa, Assistant Secretary for Import Administration, dated February 18, 2000, which is hereby adopted and incorporated by reference into this notice. The issues discussed in the attached Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margin likely to prevail were the order revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file in B–099.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at www.ita.doc.gov/import-admin/records/frn/, under the heading Mexico. The paper copy and electronic version of the Decision Memorandum are identical in content.

Preliminary Results of Review

We preliminarily determine that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping at the following percentage weighted-average margins:

Manufacturer/exporter	Margin (percent)
CEMEX	95.44
Apasco	53.26
Cementos Hildago, S.C.L.	3.69
All others	59.91

Any interested party may request a hearing within 30 days of publication of this notice in accordance with 19 CFR 351.310(c). Any hearing, if requested, will be held on April 19, 2000. Interested parties may submit case briefs no later than April 10, 2000, in accordance with 19 CFR 351.309(c)(1)(i). Rebuttal briefs, which must be limited to issues raised in the case briefs, may be filed not later than April 17, 2000. The Department will issue a notice of final results of this sunset review, which will include the results of its analysis of issues raised in

masonry cement from Mexico, regardless of the company at which the masonry cement originated, from the scope of the order.

any such comments, no later than June 27, 2000.

We are issuing and publishing this determination and notice in accordance with sections section 751(c), 752, and 777(i) of the Act.

Dated: February 18, 2000.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

Continuation of Antidumping Duty Orders: Malleable Cast Iron Pipe Fittings From Japan and Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of continuation of antidumping duty orders: malleable cast iron pipe fittings from Japan and Korea.

SUMMARY: On August 5, 1999, the Department of Commerce ("the Department"), pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended ("the Act"), determined that revocation of the antidumping duty orders on malleable cast iron pipe fittings from Japan and Korea is likely to lead to continuation or recurrence of dumping (64 FR 42665 (August 5, 1999)). On February 16, 2000, the International Trade Commission ("the Commission"), pursuant to section 751(c) of the Act, determined that revocation of the antidumping duty orders on malleable cast iron pipe fittings from Japan and Korea would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (65 FR 7891). Therefore, in accordance with CFR 351.218(e)(4), the Department is publishing notice of the continuation of the antidumping duty orders on malleable cast iron pipe fittings from Japan and Korea.

FOR FURTHER INFORMATION CONTACT :

Martha V. Douthit or Melissa G. Skinner, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Ave., NW., Washington, DC 20230; telephone: (202) 482–5050 or (202) 482–1560, respectively.

EFFECTIVE DATE: February 28, 2000.

Background

On January 4, 1999, the Department initiated and the Commission instituted sunset reviews (64 FR 364 and 64 FR 369, respectively) of the antidumping duty orders on malleable cast iron pipe fittings from Japan and Korea pursuant to section 751(c) of the Act. As a result of these reviews the Department found that revocation of the antidumping orders would likely lead to continuation or recurrence of dumping, and notified the Commission of the magnitude of the margin likely to prevail were the orders to be revoked (*see Final Results of Expedited Sunset Reviews: Malleable Cast Iron Pipe Fittings from Japan and South Korea*, 64 FR 42665 (August 5, 1999)).

On February 16, 2000, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on malleable cast iron pipe fittings from Japan and Korea would likely lead to the continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (*see Malleable Cast Iron Pipe Fittings from Japan and South Korea*, 65 FR 7891 (February 16, 2000) and USITC Publication 3274, Inv. Nos. 731-TA-374 (REVIEW), and 731-TA-279 (REVIEW) (February 2000)).

Scope

Japan and Korea

Imports covered by these orders are shipments of certain malleable cast iron pipe fittings, other than grooved and alloy cast iron, from Japan and Korea. In the original orders, the merchandise was classified in the Tariff Schedules of the United States, Annotated, under item numbers 610.7000 and 610.7400. The merchandise is currently classified under item numbers 7307.19.90.30, 7307.19.90.60 and 7307.19.90.80 of the Harmonized Tariff Schedule.

Determination

As a result of the determinations by the Department and the Commission that revocation of these antidumping duty orders would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty orders on malleable cast iron pipe fittings from Japan and Korea. The Department will instruct the U.S. Customs Service to continue to collect antidumping duty deposits at the rate in effect at the time of entry for all imports of subject merchandise. The effective date of continuation of these

orders will be the date of publication in the **Federal Register** of this notice of continuation.

As a result, pursuant to sections 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of these orders not later than January 2005.

Dated: February 22, 2000.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

Revocation of Antidumping Duty Orders: Malleable Cast Iron Pipe Fittings From Brazil, Taiwan, and Thailand

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of revocation of antidumping duty orders: Malleable cast iron pipe fittings from Brazil, Taiwan, and Thailand.

SUMMARY: Pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the United States International Trade Commission ("the Commission") determined that revocation of the antidumping duty orders on malleable cast iron pipe fittings from Brazil (A-351-505), Taiwan (A-583-507), and Thailand (A-549-601) is not likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (65 FR 7891 (February 16, 2000)). Therefore, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1), the Department of Commerce ("the Department") is revoking the antidumping duty orders on malleable cast iron pipe fittings from Brazil, Taiwan, and Thailand. Pursuant to section 751(c)(6)(A)(iv) of the Act and 19 CFR 351.222(i)(2) the effective date of revocation is January 1, 2000.

FOR FURTHER INFORMATION CONTACT: Martha V. Douthit or Melissa G. Skinner, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW., Washington, DC 20230; telephone: (202) 482-5050 or (202) 482-1560, respectively.

EFFECTIVE DATE: January 1, 2000.

Background

On January 4, 1999, the Department initiated and the Commission instituted sunset reviews (64 FR 364 and 64 FR 367, respectively) of the antidumping duty orders on malleable cast iron pipe fittings from Brazil, Taiwan, and Thailand pursuant to section 751(c) of the Act. As a result of these reviews, the Department found that revocation of the antidumping duty orders would likely lead to continuation or recurrence of dumping and notified the Commission of the magnitude of the margin likely to prevail were the orders to be revoked (*see Final Results of Full Sunset Review: Malleable Cast Iron Pipe Fittings from Brazil*, 64 FR 66886 (November 30, 1999), *Final Results of Expedited Sunset Review: Malleable Cast Iron Pipe Fittings from Taiwan*, 64 FR 42665 (August 5, 1999), and *Final Results of Full Sunset Review: Malleable Cast Iron Pipe Fittings From Thailand*, 64 FR 66884 (November 30, 1999)).

On February 16, 2000, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on malleable cast iron pipe fittings from Brazil, Taiwan, and Thailand would not likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (*see Malleable Cast Iron Pipe Fittings From Brazil, Taiwan, and Thailand*, 65 FR 7891 (February 16, 2000), and USITC Publication 3274, Inv. Nos. 731-TA-278 (REVIEW), 731-TA-280 (REVIEW), and 731-TA-348 (REVIEW) (February 2000)).

Scope

Brazil

Imports covered by this order are shipments of certain malleable cast iron pipe fittings, other than grooved from Brazil. In the original antidumping duty orders, these products were classifiable in the Tariff Schedules of the United States, Annotated, ("TSUSA") under item numbers 610.7000 and 610.7400. These products are currently classifiable under item numbers 7307.19.00 and 7307.19.90 of the Harmonized Tariff Schedule ("HTS").

Taiwan

Imports covered by this order are shipments of certain malleable cast iron pipe fitting, other than grooved from Taiwan. In the original antidumping duty order, this product was classifiable in the TSUSA under item numbers 610.7000 and 610.7400. This product is currently classifiable under item numbers 7307.19.90.30, 7307.19.90.60, and 7307.19.90.80 of the HTS.
