

training and education needs of pre-service and currently practicing professionals, the types of training events that students/trainees receive through the ATTCs, and student/trainee satisfaction with services. The outcome evaluation will focus on specific changes in clinical practice made by trainees as a result of knowledge received.

Analysis of this information will assist CSAT in documenting the numbers and types of participants in ATTC education/training offerings, describing the extent to which participants improve in their clinical competency, and which method is most

effective in disseminating knowledge to the various audiences. This type of information is crucial to support CSAT in complying with GPRAs reporting requirements and will inform future development of knowledge dissemination activities.

The evaluation design for students and trainees will be a description of each course/training event, and a pre-post design that collects identical information at initiation of ATTC courses/trainings, at the completion to the course/training, and again after 3 months. This time frame is necessary to allow students/trainees the opportunity to implement changes in clinical

practice. In addition, the evaluation will collect satisfaction measures after each course/training event. A formal comparison group is not available.

The 13 ATTCs anticipate providing courses/trainings for 12,000 students/trainees per year over the next 2 years. Data collection burden will be borne primarily by the ATTC faculty for course descriptions (15 minutes) and students/trainees for pre and post and follow-up (30 minutes for each). ATTC staff will conduct follow-up mailings and/or interviews. The chart below summarizes the annualized burden for this project over a two-year period.

Respondent type	Number of respondents	Average responses/respondent	Average time/response (hours)	Annual burden (hours)
Students/trainees	12,000	3	.50	18,000
Faculty/trainers	195	1	.25	49
ATTC summary reports	13	4	8	416
Total	12,208	18,465

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: February 23, 2000.

Richard Kopanda,

Executive Officer, SAMHSA.

BILLING CODE 4162-20-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 2000 Funding Opportunities

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice of funding availability.

SUMMARY: The Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Substance Abuse Prevention (CSAP) announces the availability of FY 2000 funds for grants

for the following activity. This activity is discussed in more detail under Section 4 of this notice. This notice is not a complete description of the activity; potential applicants must obtain a copy of Parts I and II of the Guidance for Applicants (GFA) before preparing an application. Part I is entitled National Youth Substance Abuse Prevention Initiative (State Incentive Cooperative Agreements for Community-Based Action) (short title: State Incentive Grants). Part II is entitled General Policies and Procedures Applicable to all SAMHSA Applications for Discretionary Grants and Cooperative Agreements.

Activity	Application deadline	Estimated funds available, FY 2000	Estimated Number of awards	Project period
State Incentive Grants	5/10/00	\$12 million	4 awards	3 years.

The actual amount available for awards and their allocation may vary, depending on unanticipated program requirements and the number and quality of applications received. FY 2000 funds for the activity discussed in this announcement were appropriated by the Congress under Public Law No. 106-113. SAMHSA's policies and procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126) on July 2, 1993.

The Public Health Service (PHS) is committed to achieving the health

promotion and disease prevention objectives of Healthy People 2000, a PHS-led national activity for setting priority areas. The SAMHSA Centers' substance abuse and mental health services activities address issues related to Healthy People 2000 objectives of Mental Health and Mental Disorders; Alcohol and Other Drugs; Clinical Preventive Services; HIV Infection; and Surveillance and Data Systems. Potential applicants may obtain a copy of Healthy People 2000 (Full Report: Stock No. 017-001-00474-0) or Summary Report: Stock No. 017-001-00473-1) through the Superintendent of

Documents, Government Printing Office, Washington, DC 20402-9325 (Telephone: 202-512-1800).

SAMHSA has published additional notices of available funding opportunities for FY 2000 in past issues of the **Federal Register**.

General Instructions: Applicants must use application form PHS 5161-1 (Rev. 6/99; OMB No. 0920-0428). The application kit contains the two-part application materials (complete programmatic guidance and instructions for preparing and submitting applications), the PHS 5161-1 which includes Standard Form 424 (Face

Page), and other documentation and forms. Application kits may be obtained from the organization specified for the activity covered by this notice (see Section 4).

When requesting an application kit, the applicant must specify the particular activity for which detailed information is desired. This is to ensure receipt of all necessary forms and information, including any specific program review and award criteria.

The PHS 5161-1 application form and the full text of the activity described in Section 4 are also available electronically via SAMHSA's World Wide Web Home Page (address: <http://www.samhsa.gov>).

Application Submission: Applications must be submitted to: SAMHSA Programs, Center for Scientific Review, National Institutes of Health, Suite 1040, 6701 Rockledge Drive MSC-7710, Bethesda, Maryland 20892-7710*

(* Applicants who wish to use express mail or courier service should change the zip code to 20817.)

Application Deadlines: The deadline for receipt of applications is May 10, 2000.

Competing applications must be received by the indicated receipt date to be accepted for review. An application received after the deadline may only be accepted if it carries a legible proof-of-mailing date assigned by the carrier and that date is not later than one week prior to the deadline date. Private metered postmarks are not acceptable as proof of timely mailing.

Applications received after the deadline date and those sent to an address other than the address specified above will be returned to the applicant without review.

FOR FURTHER INFORMATION CONTACT: Requests for activity-specific technical information should be directed to the program contact person identified for the activity covered by this notice (see Section 4).

Requests for information concerning business management issues should be directed to the grants management contact person identified for the activity covered by this notice (see Section 4).

Programmatic Information

1. Program Background and Objectives

SAMHSA's mission within the Nation's health system is to improve the quality and availability of prevention, early intervention, treatment, and rehabilitation services for substance abuse and mental illnesses, including co-occurring disorders, in order to improve health and reduce illness, death, disability, and cost to society.

Reinventing government, with its emphases on redefining the role of Federal agencies and on improving customer service, has provided SAMHSA with a welcome opportunity to examine carefully its programs and activities. As a result of that process, SAMHSA moved assertively to create a renewed and strategic emphasis on using its resources to generate knowledge about ways to improve the prevention and treatment of substance abuse and mental illness and to work with State and local governments as well as providers, families, and consumers to effectively use that knowledge in everyday practice.

SAMHSA's FY 2000 Knowledge Development and Application (KD&A) agenda is the outcome of a process whereby providers, services researchers, consumers, National Advisory Council members and other interested persons participated in special meetings or responded to calls for suggestions and reactions. From this input, each SAMHSA Center developed a "menu" of suggested topics.

The topics were discussed jointly and an agency agenda of critical topics was agreed to. The selection of topics depended heavily on policy importance and on the existence of adequate research and practitioner experience on which to base studies. While SAMHSA's FY 2000 KD&A program will sometimes involve the evaluation of some delivery of services, they are services studies and application activities, not merely evaluation, since they are aimed at answering policy-relevant questions and putting that knowledge to use.

SAMHSA differs from other agencies in focusing on needed information at the services delivery level, and it is question-focus. Dissemination and application are integral, major features of the programs. SAMHSA believes that it is important to get the information into the hands of the public, providers, and systems administrators as effectively as possible. Technical assistance, training, and preparation of special materials will be used, in addition to normal communication means.

SAMHSA also continues to fund legislatively-mandated services programs for which funds are appropriated.

2. Special Concerns

SAMHSA's legislatively-mandated services programs do provide funds for mental health and/or substance abuse treatment and prevention services. However, SAMHSA's KD&A activities do not provide funds for mental health

and/or substance abuse treatment and prevention services except sometimes for costs required by the particular activity's study design. Applicants are required to propose true knowledge application or knowledge development application projects. Applications seeking funding for services projects under a KD&A activity will be considered nonresponsive.

Applications that are incomplete or nonresponsive to the GFA will be returned to the applicant without further consideration.

3. Criteria for Review and Funding

3.1 General Review Criteria

Review criteria that will be used by the peer review groups are specified in the application guidance material.

3.2 Funding Criteria for Scored Applications

Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criteria. Additional award criteria specific to the programmatic activity may be included in the application guidance materials.

4. Special FY 2000 SAMHSA Activities

National Youth Substance Abuse Prevention Initiative (State Incentive Cooperative Agreement for Community Based Action (short title: State Incentive Program, SP00-004)

- Application Deadline: The receipt date is May 10, 2000.

- Purpose: The Substance Abuse and Mental Health Services Administration's (SAMHSA) Center for Substance Abuse Prevention (CSAP) announces the availability of funds for the State Incentive Cooperative Agreements for Community-based Action (known as State Incentive Grants). This program calls upon Governors to coordinate, leverage and/or redirect, as appropriate and legally permissible, all Federal and State substance abuse prevention resources directed at communities, families, schools, and workplaces to develop and implement an effective comprehensive, new Statewide prevention strategy aimed at reducing drug use by youth.

- Eligible Applicants: Eligibility is limited to the Office of the Governor in those entities that to date have not received State Incentive Grant funds in FY1997, FY 1998, and FY 1999. Applications may be submitted only by the Office of the Governor in those entities that receive the Substance

Abuse Prevention and Treatment Block Grant (SAPT), Title XIX, Part B, Subpart II of the Public Health Service Act, 42 U.S.C. 300x-21, *et seq.* (hereinafter referred to as "States"). The Term "Governor" means the Chief Executive Officer of the eligible entity, whether a Governor of a State or territory, the Mayor of the District of Columbia, the President of those territories with a president, or the Chairman of the Tribal Council of the Red Lake Band of Chippewa.

Eligibility is limited to the Office of Governor so that a consistent State-wide strategy on substance abuse prevention will be implemented by the Governor and comprehensively evaluated as to the effectiveness in the strategies used.

- Amount: \$12 million in total costs (direct and indirect) to support four awards in FY2000.

Period of Support: Support may be requested for a period of up to 3 years.

- *Catalog of Federal Domestic Assistance Number:* 93.230.
- Program Contact: For questions concerning program issues, contact: Dave Robbins or Patricia Getty, DSCSD, Systems Applications Branch, Center for Substance Abuse Prevention, Substance Abuse and Mental Health Services Administration, Rockwall II, Suite 930, 5600 Fishers Lane, Rockville, MD 20857 (301) 443-0369.

For questions regarding grants management issues, contact: Edna Frazier, Grants Management Officer, Division of Grants Management, OPS, Substance Abuse and Mental Health Services Administration, Rockwall II, Suite 640, 5600 Fishers Lane, Rockville, Maryland 20857 (301) 443-6816.

- Application kits are available from: National Clearinghouse for Alcohol and Drug Information (NCADI), P.O. Box 2345, Rockville, MD 20857, Telephone: 1-800-729-6686, TDD: (800) 487-4889, Fax: (301) 468-6433.

5. Public Health System Reporting Requirements

This program is not subject to the Public Health System Reporting Requirements.

6. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

7. Executive Order 12372

Applications submitted in response to the FY 2000 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental

Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: February 24, 2000.

Richard Kopanda,
Executive Officer, SAMHSA.

Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 2000 Funding Opportunities

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice of Funding Availability.

SUMMARY: The Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Substance Abuse Treatment (CSAT) announces the availability of FY 2000 funds for grants for the following activity. This activity is discussed in more detail under Section 3 of this notice. This notice is not a complete description of the activity; potential applicants *must* obtain a copy of the Program Announcement, including Part I, Programmatic Guidance for Grants to Expand Substance Abuse Treatment Capacity in Targeted Areas of Need, and Part II, General Policies and Procedures Applicable to all SAMHSA Applications for Discretionary Grants and Cooperative Agreements, before preparing an application.

Activity	Application Deadline	Est. Funds FY 2000	Est. Number of awards	Project period
Grants for Evaluation of Outpatient Treatment Models for Persons With Co-Occurring Substance Abuse and Mental Health Disorders.	May 23, 2000	Up to \$3 million	Approx. 9	Up to 3 years.

The actual amount available for awards and their allocation may vary, depending on unanticipated program requirements and the number and quality of applications received. FY 2000 funds for the activity discussed in this announcement were appropriated by the Congress under Public Law No. 106-113. SAMHSA's policies and

procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126) on July 2, 1993.

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a

PHS-led national activity for setting priority areas. The SAMHSA Centers' substance abuse and mental health services activities address issues related to Healthy People 2000 objectives of Mental Health and Mental Disorders; Alcohol and Other Drugs; Clinical Preventive Services; HIV Infection; and Surveillance and Data Systems.
