

ANSI/UL 1950 Information Technology Equipment, Including Electrical Business Equipment  
 ANSI/UL 1995 Heating and Cooling Equipment  
 ANSI/UL 2006 Halon 1211 Recovery/Recharge Equipment  
 UL 2111 Overheating Protection for Motors

The designations and titles of the above test standards were current at the time of the preparation of this notice.

#### *Programs and Procedures*

In its renewal, Wyle also seeks continued use of the supplemental programs listed below, based upon the criteria detailed in the March 9, 1995 **Federal Register** notice (60 FR 12980, 3/9/95). This notice lists nine (9) programs and procedures (collectively, programs), eight of which (called supplemental programs) an NRTL may use to control and audit, but not actually to generate, the data relied upon for product certification. An NRTL's initial recognition will always include the first or basic program, which requires that all product testing and evaluation be performed in-house by the NRTL that will certify the product. OSHA previously granted Wyle recognition to use these programs, which are listed in OSHA's informational web page on the Wyle recognition.

Program 2: Acceptance of testing data from independent organizations, other than NRTLs.

Program 3: Acceptance of product evaluations from independent organizations, other than NRTLs.

Program 4: Acceptance of witnessed testing data.

Program 5: Acceptance of testing data from non-independent organizations.

Program 6: Acceptance of evaluation data from non-independent organizations (requiring NRTL review prior to marketing).

Program 7: Acceptance of continued certification following minor modifications by the client.

Program 8: Acceptance of product evaluations from organizations that function as part of the International Electrotechnical Commission Certification Body (IEC-CB) Scheme.

Program 9: Acceptance of services other than testing or evaluation performed by subcontractors or agents.

OSHA developed the program descriptions to limit how an NRTL may perform certain aspects of its work and to accept the activities covered under a program only when the NRTL meets certain criteria. In this sense, they are special conditions that the Agency places on an NRTL's recognition. OSHA does not consider these programs in

determining whether an NRTL meets the requirements for recognition under 29 CFR 1910.7. However, OSHA does treat these programs as one of the three elements that defines an NRTL's scope of recognition.

#### **Preliminary Finding on the Application**

Wyle has submitted an acceptable request for renewal of its recognition as an NRTL. In connection with the request, OSHA performed an on-site assessment (review) of Wyle's facility in Huntsville, Alabama, on August 3-5, 1999. Discrepancies noted by the assessor during the on-site review were addressed by Wyle following the on-site evaluation and are factored into the recommendation in the non-site review report (see Exhibit 16).

Following a review of the application file, the on-site review report, and other pertinent documents, the NRTL Program staff has concluded that OSHA can grant to Wyle the renewal of its recognition as an NRTL to use the facility, test standards, and programs, listed above, with any limitations to be applied as noted. The staff therefore recommended to the Assistant Secretary that the application be preliminarily approved.

Based upon the recommendation of the staff, the Assistant Secretary has made a preliminary finding that the Wyle Laboratories, Inc., can meet the requirements, as prescribed by 29 CFR 1910.7, for renewal of its recognition, subject to any limitations described above. This preliminary finding does not constitute an interim or temporary approval of the application.

OSHA welcomes public comments, in sufficient detail, as to whether Wyle has met the requirements of 29 CFR 1910.7 for renewal of its recognition as a Nationally Recognized Testing Laboratory. Your comment should consist of pertinent written documents and exhibits. To consider a comment, OSHA must receive it at the address provided above (see **ADDRESS**), no later than the last date for comments (see **DATES** above). You may obtain or review copies of Wyle's request, the on-site review report, and all submitted comments, as received, by contacting the Docket Office, Room N2625, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address. You should refer to Docket No. NRTL-1-93, the permanent record of public information on the Wyle recognition.

The NRTL Program staff will review all timely comments and, after resolution of issues raised by these comments, will recommend whether to grant Wyle's application for renewal of recognition. The Assistant Secretary

will make the final decision on granting the renewal and, in making this decision, may undertake other proceedings prescribed in Appendix A to 29 CFR Section 1910.7. OSHA will publish a public notice of this final decision in the **Federal Register**.

Signed at Washington, DC this 18th day of February, 2000.

**Charles N. Jeffress,**

*Assistant Secretary.*

## **NATIONAL AERONAUTICS AND SPACE ADMINISTRATION**

**[Notice 00-024]**

### **NASA Advisory Council, Aero-Space Technology Advisory Committee, Aviation Safety Reporting System Subcommittee; Meeting**

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Notice of meeting.

**SUMMARY:** In accordance with the Federal Advisory Committee Act, Public Law 92-463, as amended, the National Aeronautics and Space Administration announces a NASA Advisory Council, Aero-Space Technology Advisory Committee, Aviation Safety Reporting System Subcommittee meeting.

**DATES:** Tuesday, March 28, 2000, 9:00 a.m. to 5:00 p.m. and Wednesday, March 29, 2000, 9:00 a.m. to 2:00 p.m.

**ADDRESSES:** Airline Pilots Association International, 535 Herndon Parkway, Conference Room 3, Herndon, VA 20170.

**FOR FURTHER INFORMATION CONTACT:** Ms. Linda Connell, National Aeronautics and Space Administration, Ames Research Center, Moffett Field, CA 94035, 650/969-8340.

**SUPPLEMENTARY INFORMATION:** The meeting will be open to the public up to the seating capacity of the room. Agenda topics for the meeting are as follows:

- Report on Aviation Safety Reporting System
- Report on Aviation Performance Measuring System Program
- Report on NASA Aviation Safety Program Elements Related to Aviation Safety Reporting System/Aircraft Performance Monitoring System

It is imperative that the meeting be held on these dates to accommodate the scheduling priorities of the key participants. Visitors will be requested to sign a visitors register.

Dated: March 1, 2000.

**Matthew M. Crouch,**  
Advisory Committee Management Officer,  
National Aeronautics and Space  
Administration.

## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

### Records Schedules; Availability and Request for Comments

**AGENCY:** National Archives and Records  
Administration (NARA).

**ACTION:** Notice of availability of  
proposed records schedules; request for  
comments.

**SUMMARY:** The National Archives and  
Records Administration (NARA)  
publishes notice at least once monthly  
of certain Federal agency requests for  
records disposition authority (records  
schedules). Once approved by NARA,  
records schedules provide mandatory  
instructions on what happens to records  
when no longer needed for current  
Government business. They authorize  
the preservation of records of  
continuing value in the National  
Archives of the United States and the  
destruction, after a specified period, of  
records lacking administrative, legal,  
research, or other value. Notice is  
published for records schedules in  
which agencies propose to destroy  
records not previously authorized for  
disposal or reduce the retention period  
of records already authorized for  
disposal. NARA invites public  
comments on such records schedules, as  
required by 44 U.S.C. 3303a(a).

**DATES:** Requests for copies must be  
received in writing on or before April  
20, 2000. Once the appraisal of the  
records is completed, NARA will send  
a copy of the schedule. NARA staff  
usually prepare appraisal  
memorandums that contain additional  
information concerning the records  
covered by a proposed schedule. These,  
too, may be requested and will be  
provided once the appraisal is  
completed. Requesters will be given 30  
days to submit comments.

**ADDRESSES:** To request a copy of any  
records schedule identified in this  
notice, write to the Life Cycle  
Management Division (NWML),  
National Archives and Records  
Administration (NARA), 8601 Adelphi  
Road, College Park, MD 20740-6001.  
Requests also may be transmitted by  
FAX to 301-713-6852 or by e-mail to  
records.mgt@arch2.nara.gov. Requesters  
must cite the control number, which

appears in parentheses after the name of  
the agency which submitted the  
schedule, and must provide a mailing  
address. Those who desire appraisal  
reports should so indicate in their  
request.

#### FOR FURTHER INFORMATION CONTACT:

Marie Allen, Director, Life Cycle  
Management Division (NWML),  
National Archives and Records  
Administration, 8601 Adelphi Road,  
College Park, MD 20740-6001.  
Telephone: (301)713-7110. E-mail:  
records.mgt@arch2.nara.gov.

**SUPPLEMENTARY INFORMATION:** Each year  
Federal agencies create billions of  
records on paper, film, magnetic tape,  
and other media. To control this  
accumulation, agency records managers  
prepare schedules proposing retention  
periods for records and submit these  
schedules for NARA's approval, using  
the Standard Form (SF) 115, Request for  
Records Disposition Authority. These  
schedules provide for the timely transfer  
into the National Archives of  
historically valuable records and  
authorize the disposal of all other  
records after the agency no longer needs  
them to conduct its business. Some  
schedules are comprehensive and cover  
all the records of an agency or one of its  
major subdivisions. Most schedules,  
however, cover records of only one  
office or program or a few series of  
records. Many of these update  
previously approved schedules, and  
some include records proposed as  
permanent.

No Federal records are authorized for  
destruction without the approval of the  
Archivist of the United States. This  
approval is granted only after a  
thorough consideration of their  
administrative use by the agency of  
origin, the rights of the Government and  
of private persons directly affected by  
the Government's activities, and  
whether or not they have historical or  
other value.

Besides identifying the Federal  
agencies and any subdivisions  
requesting disposition authority, this  
public notice lists the organizational  
unit(s) accumulating the records or  
indicates agency-wide applicability in  
the case of schedules that cover records  
that may be accumulated throughout an  
agency. This notice provides the control  
number assigned to each schedule, the  
total number of schedule items, and the  
number of temporary items (the records  
proposed for destruction). It also  
includes a brief description of the  
temporary records. The records  
schedule itself contains a full  
description of the records at the file unit  
level as well as their disposition. If

NARA staff has prepared an appraisal  
memorandum for the schedule, it too,  
includes information about the records.  
Further information about the  
disposition process is available on  
request.

#### Schedules Pending

1. Department of Justice, United  
States Attorneys Offices (N1-118-99-1,  
12 items, 12 temporary items).  
Automated case management and  
collections systems records. Systems are  
used to track and maintain information  
on pending workloads and generate  
reports and correspondence. Included  
are such records as input documents,  
master files, outputs, systems  
documentation, and electronic copies of  
documents created using electronic mail  
and word processing. Annual  
compilations of case data accumulated  
by the Executive Office for United States  
Attorneys are proposed for permanent  
retention in Disposition Job N1-60-99-  
1 (see below).

2. Department of Justice, Executive  
Office for United States Attorneys (N1-  
60-99-1, 17 items, 14 temporary items).  
Automated case management and  
collections systems records. Systems are  
used for statistical analysis and to  
generate reports and correspondence.  
Included are such records as input data  
forwarded from United States Attorneys  
Offices, master files, monthly and  
quarterly reports, systems  
documentation, and electronic copies of  
records created using electronic mail  
and word processing. Proposed for  
permanent retention are such records as  
a subset, in electronic form, of annual  
national aggregate case data, with  
related systems documentation, and  
annual statistical reports.

3. Department of Commerce, Bureau  
of the Census (N1-29-00-2, 62 items, 44  
temporary items). Comprehensive  
schedule pertaining to all textual and  
electronic records of the 2000 Decennial  
Census, except the paper questionnaire  
forms and Individual Census Record  
File which are proposed for disposition  
in Disposition Job No. N1-29-00-1. The  
schedule covers six major processes of  
the decennial census: Address list  
development, data collection, data  
capture, data processing, accuracy and  
coverage evaluations, and final  
Decennial Census data products. Also  
included are related program and  
administrative records such as  
publications and reports, Census pre-  
test and Dress Rehearsal questionnaires  
and related records, and contracts and  
related records. Records proposed for  
disposal include address lists and map  
update records, block canvassing,  
special place and group quarters
