Light-Walled Welded Rectangular Carbon Steel Tubing From Taiwan; Corrected Final Results of Expedited Sunset Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of correction to final results of expedited sunset review: light-walled welded rectangular carbon steel tubing from Taiwan.

SUMMARY: On December 3, 1999, the Department of Commerce ("the Department") published in the **Federal Register** the final results of the sunset review of the antidumping duty order on light-walled welded rectangular

carbon steel tubing from Taiwan.¹ Subsequent to the publication of the final results, we identified an inadvertent error in the "Scope" section of the notice. Therefore, we are correcting and clarifying this inadvertent error.

The error lies in the first sentence of the scope section: "The merchandise subject to this antidumping duty order is Taiwanese light-walled welded carbon steel tubing of rectangular (including square) cross-section, having a wall thickness of not less than 0.065 inches, and 0.375 inches or more, but not over 4.5 inches in outside diameter." This sentence should be replaced with: "The merchandise covered by the antidumping duty order on Taiwan includes shipments of light-walled welded carbon steel pipes and tubes of rectangular (including square) cross-section having a wall thickness of less than 0.156 inch."²

EFFECTIVE DATE: December 3, 1999.
