

# Proposed Rules

Federal Register

Vol. 65, No. 44

Monday, March 6, 2000

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

## DEPARTMENT OF ENERGY

### 10 CFR Parts 960 and 963

[Docket No. RW-RM-99-963]

RIN 1901-AA72

#### Office of Civilian Radioactive Waste Management; General Guidelines for the Recommendation of Sites for Nuclear Waste Repositories; Yucca Mountain Site Suitability Guidelines; Correction

**AGENCY:** Office of Civilian Radioactive Waste Management, Department of Energy (DOE).

**ACTION:** Supplemental notice of proposed rulemaking; Correction.

**SUMMARY:** On November 30, 1999, DOE published a supplemental notice of proposed rulemaking to amend the policies under the Nuclear Waste Policy Act of 1982 for evaluating the suitability of Yucca Mountain, Nevada, as a site for development of a nuclear waste repository. The deadline for submission of comments, originally set for February 14, 2000, was extended to February 28, 2000 in a notice published on January 14, 2000. In the November 30, 1999 supplemental notice of proposed rulemaking, DOE inadvertently included a mistaken post office box number in the address for submission of comments. Although DOE arranged with the U.S. Postal Service for forwarding of the comments upon receipt, the Postal Service mistakenly returned some of them to the original senders. To remedy this problem, DOE is posting a list of those persons, from whom comments have been received, on the web site given below, and announces that DOE will accept comments that were returned by the U.S. Postal Service as long as they are postmarked and sent to the address stated in the ADDRESSES section no later than 14 days from the date of this notice. This document corrects the address given for sending comments. For a list of persons who have already provided comments to DOE on the proposed rulemaking, visit

the following world wide web location: <http://www.ymp.gov>.

**DATES:** Written comments must be postmarked by March 20, 2000. DOE requests one copy of the written comments.

**ADDRESSES:** See the "Correction" section of this document.

**FOR FURTHER INFORMATION CONTACT:** Dr. William J. Boyle or Dr. Jane Summerson, U.S. Department of Energy, Office of Civilian Radioactive Waste Management, Yucca Mountain Site Characterization Office, P.O. Box 30307, North Las Vegas, Nevada 89036-0307, (800) 967-3477.

#### Correction

In the **Federal Register** of November 30, 1999, in proposed rule FR Doc. 99-30668, on page 67054, in the first column, correct the **ADDRESSES** caption to read as follows:

**ADDRESSES:** Written comments should be addressed to Dr. William J. Boyle, U.S. Department of Energy, Yucca Mountain Site Characterization Office, P.O. Box 30307, North Las Vegas, Nevada 89036-0307, or provided by electronic mail to [10CFR963@notes.ymp.gov](mailto:10CFR963@notes.ymp.gov).

Issued in Washington, D.C. on March 2, 2000.

**Ivan Itkin,**

*Director, Office of Civilian Radioactive Waste Management*

[FR Doc. 00-5478 Filed 3-3-00; 8:45 am]

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 438

[FRL-6547-2]

#### Effluent Limitations Guidelines, Pretreatment Standards, and New Source Performance Standards for the Metal Products and Machinery Point Source Category; Announcement of Meeting.

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Announcement of Meeting.

**SUMMARY:** EPA will conduct a second public meeting on the upcoming Metal Products and Machinery proposed rulemaking on April 10, 2000, from 9:30 a.m. to 12:30 p.m. in Chicago, IL.

The Office of Science and Technology within EPA's Office of Water is holding a second public meeting in order to inform all interested parties of the current status of the Metal Products and Machinery (MP&M) effluent guideline. EPA intends to propose effluent limitations guidelines and standards for the MP&M industrial category in October 2000. The public meeting in Chicago will provide the same information as the March 3, 2000 public meeting in Washington, DC (see 65 FR 6950; February 11, 2000). The meeting is intended to be a forum in which EPA can report on the status of the rulemaking and interested parties can provide information and ideas to the Agency on key technical, economic, and implementation issues.

The meeting is open to the public, and limited seating for the public is available on a first-come, first-served basis. For information on the location and directions, see the **ADDRESSES** section below.

**DATES:** EPA will conduct its second public meeting on the upcoming Metal Products and Machinery proposed rulemaking on April 10, 2000, from 9:30 a.m. to 12:30 p.m.

**ADDRESSES:** The Metal Products and Machinery public meeting will be held at the EPA Region 5 building, 77 West Jackson Blvd., Lake Michigan Room, 12th Floor, Chicago, IL (312) 353-2000.

**FOR FURTHER INFORMATION CONTACT:** Shari Barash, Office of Water (4303), 1200 Pennsylvania Avenue, NW, Washington, DC 20460; telephone (202) 260-7130; email: [barash.shari@epa.gov](mailto:barash.shari@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA is developing proposed effluent limitations guidelines and standards for the MP&M Point Source Category under authority of the Clean Water Act (33 U.S.C. 1251 *et seq.*). The MP&M effluent limitations guidelines and standards proposal will apply to facilities that manufacture, rebuild, or maintain finished metal parts, products, or machines. The 18 industrial sectors which are being examined for the MP&M regulation include the following: Aerospace; Aircraft; Bus & Truck; Electronic Equipment; Hardware; Household Equipment; Instruments; Metal Finishing and Electroplating Job Shops; Mobile Industrial Equipment; Motor Vehicles; Office Machines; Ordnance; Precious and Non-precious Metals; Railroad; Ships & Boats;
