SUPPLEMENTARY INFORMATION: This notice is published pursuant to 41 U.S.C. 47(a)(2) and 41 CFR 51-2.3. Its purpose is to provide interested persons an opportunity to submit comments on the possible impact of the proposed actions.

If the Committee approves the proposed additions, all entities of the Federal Government (except as otherwise indicated) will be required to procure the services listed below from nonprofit agencies employing persons who are blind or have other severe disabilities.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.

2. The action will result in authorizing small entities to furnish the services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the services proposed for addition to the Procurement List. Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

The following services have been proposed for addition to Procurement List for production by the nonprofit agencies listed:

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board**

[Docket 5-2000]

Foreign-Trade Zone 15—Kansas City, MO; Expansion of Manufacturing Authority—Subzone 15E, Kawasaki Motors Manufacturing Corp., U.S.A., Plant (Internal-Combustion Engines, Parts of Industrial Robots), Maryville, MO

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Greater Kansas City Foreign-Trade Zone, Inc., grantee of FTZ 15, requesting, on behalf of the Kawasaki Motors Manufacturing Corp., U.S.A. (KMM), operator of FTZ Subzone 15E, KMM plant, Maryville, Missouri, an expansion of the scope of manufacturing authority to include new manufacturing capacity under FTZ procedures within Subzone 15E. It was formally filed on March 1, 2000.

Subzone 15E was approved by the Board in 1989 with authority granted for the manufacture of small internal-combustion engines and transmissions for motorcycles, personal water craft, all-terrain vehicles, subject to certain conditions (Board Order 454, 54 FR 50257, 12-5-89). The Board authorized KMM's request for removal of the conditions in 1992 (Board Order 560, 57 FR 4862, 2-10-92), and an expansion of the scope of manufacturing authority under FTZ procedures (engines for lawn/garden equipment and additional small engine production capacity to 500,000 units/year) was approved in 1999 (Board Order 1014, 64 FR 5765, 2-5-99).

KMM is now requesting that its current scope of FTZ manufacturing authority be extended to include small industrial diesel engines and parts of industrial robots. Subzone 15E at the KMM plant (600 employees, 113 acres) would be expanded by some 525,360 square feet from the current 607,080 to a total of 1.13 million square feet of FTZ manufacturing space. Most of the finished engines and industrial robot components are shipped to KMM's Lincoln, Nebraska, plant to equip vehicles and industrial robots
