

Technical Specifications and Offsite Dose Calculations Manual, plant design and operation as described in the Updated Final Safety Analysis Report, and criteria contained in the Selected Licensee Commitments Manual.

In addition, the requirements in License Condition 3.G are equivalent to the requirements of Technical Specification (TS) 5.5.11, "Secondary Water Chemistry;" the requirements of License Condition 3.H are equivalent to those of TS 5.5.3, "Reactor Coolant Sources Outside Containment;" the requirements of License Condition 3.I are equivalent to those of TS 5.5.4, "Post Accident Sampling;" and the requirements of License Condition 3.J are equivalent to those of TS 5.5.17, "Backup Method for Determining Subcooling Margin." Finally, the additional conditions currently set forth in Appendix C to the license, and which are required by License Condition 3.K, are all one-time or time-limited actions that have been completed and were adequately addressed.

Therefore, elimination of the license conditions that are the subject of this environmental assessment would delete (1) provisions for certain activities that are regulated by other government agencies or are being addressed by other programs, (2) requirements redundant to those in TS, and (3) requirements for one-time or time-limited actions that have been completed and were adequately addressed. This would eliminate unnecessary license conditions from the Facility Operating Licenses.

Environmental Impacts of the Proposed Action

The proposed action to implement the amendment would remove extraneous license conditions that (1) are now being regulated by other government agencies or were subsumed by other programs, (2) are redundant to TS, or (3) require actions that have been completed. The proposed action will not change the design of the facilities or the manner in which the licensee operates them. The staff has concluded that the proposed action will not significantly increase the probability or consequences of accidents, there are no changes being made in the types of any effluents that may be released offsite, and there is no significant increase in occupational or public radiation exposure. Therefore, the Commission concludes that there are no significant radiological environmental impacts associated with the proposed action.

With regard to potential nonradiological environmental impacts, the proposed action does not involve

any historic sites. It does not affect nonradiological plant effluents and has no other environmental impact. Therefore, there are no significant nonradiological environmental impacts associated with the proposed action.

Accordingly, the NRC concludes that there are no significant environmental impacts associated with the proposed action.

Alternatives to the Proposed Action

As an alternative to the proposed action, the staff considered denial of the proposed action (*i.e.*, the "no-action" alternative). Denial of the application would result in no change in current environmental impacts. The environmental impacts of the proposed action and the alternative action are similar.

Alternative Use of Resources

This action does not involve the use of any resources not previously considered in the Final Environmental Statement for the Oconee Nuclear Station, Units 1, 2, and 3.

Agencies and Persons Consulted

In accordance with its stated policy, on March 6, 2000, the staff consulted with the South Carolina State official, Mr. Virgil L. Autry of the Division of Radiological Waste Management, Bureau of Land and Waste Management, Department of Health and Environmental Control, regarding the environmental impact of the proposed action. The State official had no comments.

Finding of No Significant Impact

On the basis of the environmental assessment, the NRC concludes that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the NRC has determined not to prepare an environmental impact statement for the proposed action.

For further details with respect to the proposed action, see the licensee's letter dated January 27, 2000, which is available for public inspection at the Commission's Public Document Room, The Gelman Building, 2120 L Street, NW., Washington, DC. Publically available records will be accessible electronically from the ADAMS Public Library component on the NRC Web site, <http://www.nrc.gov> (the Electronic Reading Room).

Dated at Rockville, Maryland, this 6th day of March 2000.

For the Nuclear Regulatory Commission.

Richard L. Emch, Jr.,

Section Chief, Section 1, Project Directorate II, Division of Licensing Project Management, Office of Nuclear Reactor Regulation.

PRESIDENT'S COUNCIL ON INTEGRITY AND EFFICIENCY

Executive Council on Integrity and Efficiency; Senior Executive Service Performance Review Board Membership

AGENCY: President's Council on Integrity and Efficiency (PCIE) and Executive Council on Integrity and Efficiency (ECIE).

ACTION: Notice.

SUMMARY: This notice sets forth the names and titles of the current membership of the PCIE/ECIE Performance Review Board.

EFFECTIVE DATE: January 3, 2000.

FOR FURTHER INFORMATION CONTACT: Individual Offices of (the) Inspector General.

SUPPLEMENTARY INFORMATION:

I. Background

The Inspector General's Act of 1978, as amended, has created independent audit and investigative units—Offices of (the) Inspector General—at 57 Federal agencies. In 1981, the President's Council on Integrity and Efficiency (PCIE) was established by Executive Order. An Executive Order in 1992 reaffirmed the PCIE and established the Executive Council on Integrity and Efficiency (ECIE). Both councils are interagency committees chaired by the Office of Management and Budget's Deputy Director for Management. Their mission is to continually identify, review, and discuss areas of weakness and vulnerability in Federal programs and operations to fraud, waste, and abuse, and to develop plans for coordinated, Government-wide activities that address these problems and promote economy and efficiency in Federal programs and operations. PCIE members include the 28 Inspectors General appointed by the President; ECIE members include the 29 Inspectors General appointed by their respective agency heads.

II. PCIE Performance Review Board

Under 5 U.S.C. 4314(c) (1)–(5) and in accordance with regulations prescribed by the Office of Personnel Management, each agency is required to establish one

or more Senior Executive Service (SES) performance review boards. The purpose of these boards is to review and evaluate the initial appraisal of a senior executive's performance by the

supervisor, along with any recommendations to the appointing authority relative to the performance of the senior executive. The current

members of the PCIE/ECIE Performance Review Board are as follows:

Joshua Gotbaum,

SECURITIES AND EXCHANGE COMMISSION

[Rel. No. IC-24332; File No. 812-11942]

Calamos Advisors Trust, et al., Notice of Application

March 7, 2000.

AGENCY: Securities and Exchange Commission ("SEC" or "Commission").

ACTION: Notice of Application for an order of exemption under Section 6(c) of the Investment Company Act of 1940 ("1940 Act") for exemptions from the provisions of Section 9(a), 13(a), 15(a) and 15(b) of the 1940 Act and Rules 6e-2(b)(15) and 6e-3(T)(b)(15) thereunder.

SUMMARY OF APPLICATION: Applicants seek and order to the extent necessary to permit shares of any current of future series of Calamos Advisors Trust ("Fund") designed to fund insurance products and shares of any other investment company or series thereof now or in the future registered under the 1940 Act that is designed to fund insurance products and for which Calamos Asset Management, Inc. ("Calamos"), or any of its affiliates, may serve as investment adviser, administrator, manager, principal underwriter or sponsor (the Fund, together with such other investment companies are referred to, collectively, as the "Funds"), to be sold to and held by (1) variable annuity and variable life insurance separate accounts of both affiliated and unaffiliated life insurance companies; and (2) qualified pension and retirement plans.

Applicants: Calamos Advisors Trust and Calamos Asset Management, Inc.

FILING DATE: The application was filed on January 12, 2000, and amended on March 1, 2000.

Hearing or Notification of Hearing: An order granting the application will be issued unless the Commission orders a hearing. Interested persons may request a hearing on this application by writing to the Secretary of the SEC and serving Applicants with a copy of the request, in person or by mail. Hearing requests must be received by the Commission by 5:30 p.m. on March 31, 2000, and accompanied by proof of service on the Applicants in the form of an affidavit for lawyers, a certificate of service. Hearing requests should state the nature of your interest, the reason for the request, and the issues you contest. Persons may request notification of the date of a hearing by writing to the Secretary of the SEC.

ADDRESSES: Secretary, SEC, 450 5th Street, N.W., Washington, D.C. 20549-0609. Applicants, c/o James S. Hamman, Jr., Esq., General Counsel, Calamos Asset Management, Inc., 1111 E. Warrenton Road, Naperville, Illinois 60563.

FOR FURTHER INFORMATION CONTACT: Ronald A. Holinsky, Attorney or Susan M. Olson, Branch Chief, Office of Insurance Products, Division of Investment Management, at (202) 942-0607.

SUPPLEMENTARY INFORMATION: Following is a summary of the application. The complete application is available for a fee from the SEC's Public Reference Branch, 450 Fifth Street, N.W., Washington, D.C. 20549-0102 (tel. (202) 942-8090).

Applicants' Representations

1. The Fund is a Massachusetts business trust registered as an open-end management investment company. The Fund commenced operations on May 1, 1999 and currently consists of one series. Additional series may be added in the future.

2. Calamos is registered as an investment adviser under the Investment Advisers Act of 1940 and will be the investment manager for the Fund.

3. The Fund intends to offer its shares to separate accounts of both affiliated and unaffiliated insurance companies, supporting variable annuity and variable life insurance contracts. Separate accounts owning shares of the Fund and their insurance company depositors are referred to as "Participating Separate Accounts" and "Participating Insurance Companies," respectively.

4. The Fund also intends to offer one or more series of its shares directly to qualified pension and retirement plans ("Plans") outside the separate account context. The Plans will be pension or retirement plans intended to qualify under Sections 401(a) and 501(c) of the Internal Revenue Code of 1986, as amended ("Code"). The Fund's shares will be sold to Plans which are, or are designed to be, subject to the Employee Retirement Income Security Act of 1984 ("ERISA"), as amended. Participating Separate Accounts, Participating Insurance Companies, and Plans are collectively referred to as "Participants".

5. The Participating Insurance Companies will establish their own Participating Separate Accounts and design their own contracts. Each
