

adequate time to fully analyze and consider these changes and determine whether further proposed rule changes are appropriate, the NASDR is proposing that the effective date of Phase Three implementation be extended from July 31, 2000 to October 31, 2000. In addition, the NASDR believes this extension is particularly important in light of the increased constraints on member technology and systems due to other impending regulatory initiatives, such as decimalization.

## 2. Statutory Basis

The NASDR believes the proposed rule change is consistent with Section 15A(b)(6) of the Act,<sup>9</sup> which requires, among other things, that the Association's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The NASDR believes that extending the effective date of Phase Three implementation of OATS will provide NASDR adequate time to fully analyze and consider certain potential enhancements to OATS and determine whether further proposed rule changes are appropriate.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The NASDR does not believe that the proposed rule change will impose a burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has been filed by the Association as a "non-controversial" rule change under Rule 19b-4(f)(6) under the Act.<sup>10</sup> Consequently, because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and does not become operative until 30 days after the date on which it was filed, and because NASDR provided the Commission with written notice of its intent to file the proposed

rule change prior to the filing date, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>11</sup> and Rule 19b-4(f)(6) thereunder.<sup>12</sup>

At any time within 60 days of this filing, the Commission may summarily abrogate this proposal if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submission should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549-0609. Copies of the submissions, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the NASD. All submissions should refer to File No. SR-NASD-00-09 and should be submitted by April 7, 2000.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>13</sup>
