

Those persons who received TPS under the Guinea-Bissauan designation may begin accruing unlawful presence as to September 10, 2000, if they have not been granted any other immigration benefit or have no application for such a benefit pending. Aliens who accrue certain periods of unlawful presence in the United States may be barred from admission to the United States under section 212(a)(9)(B)(i) of the Act. See 8 U.S.C. 1182(a)(9)(B)(i).

Notice of 6-Month Extension and Termination of Designation of Guinea-Bissau Under the TPS Program

By the authority vested in me as Attorney General under section 244(b)(3) of the Act, I have consulted with the appropriate agencies of Government concerning conflict and security conditions in Guinea-Bissau. 8 U.S.C. 1254a(b)(3). Based on these consultations, I have determined that Guinea-Bissau no longer meets the conditions for designation of TPS under section 244(b)(1) of the Act. see U.S.C. 1254a(b)(1).

Guinea-Bissau has been relatively stable since May 1999, and during that time, no general conflict has occurred. I also understand that, even though the country is experiencing economic difficulties, the return of persons to Guinea-Bissau would not result in a danger to their personal safety. In view of the recommendations of the Departments of Justice and State for termination, I terminate the designation of Guinea-Bissau under the TPS program. However, since I did not make this determination at least 60 days prior to the expiration of the designation, the designation is automatically extended for 6 months, until September 10, 2000. The TPS designation for Guinea-Bissau will terminate on September 10, 2000.

Accordingly, I order as follows:

(1) The designation of Guinea-Bissau for TPS under section 244(b) of the Act is terminated effective September 10, 2000.

(2) I estimate that there are approximately 400 nationals of Guinea-Bissau (and aliens having no nationality who last habitually in Guinea-Bissau) who have been previously granted TPS.

(3) Information concerning the termination of the TPS program for nationals of Guinea-Bissau (and aliens having no nationality who last habitually resided in Guinea-Bissau) will be available at local Service offices, or at the Service website, located at <http://www.ins.usdoj.gov>, upon publication of this notice.

Dated: March 14, 2000.

Janet Reno,

Attorney General.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and cost) is minimal, collection instruments clearly understood, and the impact of information collection requirements on respondents can be properly assessed. The Occupational Safety and Health Act of 1970 (the Act) authorizes information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657).

II. Proposed Actions

Paragraph (c)(15)(ii) of 29 CFR 1926.251 requires employers to retain a certificate of proof-test from the manufacturer. OSHA will summarize the comments submitted in response to this notice, and will include this summary in the request to OMB to extend the approval of the information collection requirements contained in the Rigging Equipment—Proof testing of Welded End Wire Rope Attachment (29 CFR 251(c)(15)(ii)).
