The form can also be used as a management tool to check on the States' record of accuracy in estimating IFG Program costs and in requesting advances. The State is responsible for completing the form, and the FEMA Region is responsible for entering the information into DARIS.

FEMA Form 76-32, Worksheet for Case File Reviews, is utilized by State IFG personnel in reviewing five percent of all cases. FEMA requires the State to keep the information and on occasions makes requests to the States for information derived from the reviews.
