ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. SUPPLEMENTARY INFORMATION:

I. Proposed Collection

The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the Consumer Price Index (CPI) Housing Survey Computer Assisted Data Collection (CADC). A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed in the **ADDRESSES** section of this notice.

II. Background

The Consumer Price Index (CPI) is the only index compiled by the U.S. Government that is designed to measure changes in the purchasing power of the urban consumer's dollar. The CPI is most widely used as a measure of inflation, and serves as an indicator of the effectiveness of Government economic policy. It also is used as a deflator of other economic series, that is, to adjust other series for price changes and to translate these series into inflation-free dollars.

III. Current Actions

This request is for a three-year clearance of the collection of housing information based on 1990 Census data and new construction data on residential structures built in 1990 and later. In order to facilitate continuity and sufficiency of the housing indexes compiled through the collection of the CPI (CADC) Housing Survey, the survey will be collected through Calendar Year 2002.
