**SUPPLEMENTARY INFORMATION:**

Reclamation has revised the preferred alternative by modifying minimum reservoir surface elevations at Reclamation reservoirs and by implementing an agreement with the Corps on the operation of Harlan County Lake. A description of the revised preferred alternative is being distributed in the Republican River Roundup newsletter. Reclamation will not prepare a revised DEIS because the impacts associated with the modified minimum reservoir surface elevations on Reclamation reservoirs and the Harlan County Lake agreement fall within the range of those evaluated in the No Action Alternative and Reclamation's Preferred Alternative in the DEIS.

The Corps has developed a technical report addressing the potential impacts of the revised preferred alternative on Harlan County Lake. The Corps' technical report is being distributed to the contract renewal mailing list on March 22, 2000, and will be incorporated into Reclamation's Final EIS. The Corps, as a cooperating agency, will consider comments on the effects of the preferred alternative on Harlan County Lake. In addition, the Corps will prepare a separate Record of Decision (ROD) concerning the relationship of the preferred alternative to the Corps' Harlan County Lake water control manual. Both Reclamation's revised preferred alternative and the Corps' technical report can be reviewed at the locations listed below.

**Bureau of Reclamation**

**Bay-Delta Advisory Council Meeting**

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of meeting.

**SUMMARY:** The Bay-Delta Advisory Council (BDAC) will meet on April 13, 2000 to discuss CALFED Preferred Program Alternative Recommendation, Governance, Water Management Strategy, Ecosystem Restoration and Updates. These meetings are open to the public. Interested persons may make oral statements to BDAC, or may file written statements for consideration.

**DATES:** The BDAC meeting will be held from 9 a.m. to 5 p.m. on Thursday, April 13, 2000.

**ADDRESSES:** The BDAC will meet at the Sterling Hotel Ballroom, 1300 H Street, Sacramento, CA (916) 448-1300.

**FOR FURTHER INFORMATION CONTACT:**

Eugenia Laychak, CALFED Bay-Delta Program, at (916) 657-2666. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

**SUPPLEMENTARY INFORMATION:** The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and

balanced plan which addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advice to CALFED on the program mission, problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

Dated: March 16, 2000.
