Bureau of Land Management

[CA-160-1430-ET; CACA 7820]

Public Land Order No. 7435; Revocation of Public Land Order No. 460; California

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This order revokes a public land order in its entirety as to the remaining 80 acres of land withdrawn in contemplation of inclusion into Naval Petroleum Reserve No. 1. The land is no longer needed for the purpose for which it was withdrawn. This action will open the 80 acres to surface entry, mining, and mineral leasing.

EFFECTIVE DATE: April 24, 2000.

FOR FURTHER INFORMATION CONTACT:

Duane Marti, BLM California State Office (CA-931.4), 2800 Cottage Way, Sacramento, California 95825; 916-978-4675.

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (1994), it is ordered as follows:

1. Public Land Order No. 460, which withdrew public land in contemplation of inclusion into Naval Petroleum Reserve No. 1, is hereby revoked in its entirety as it affects the following described land:

Mount Diablo Meridian

T. 31 S., R. 24 E.,

Sec. 14, N¹/₂W¹/₄.

The area described contains 80 acres in Kern County.

2. At 10 a.m. on April 24, 2000, the land will be opened to the operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the requirements of applicable law. All valid applications received at or prior to 10 a.m. on April 24, 2000, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

3. At 10 a.m. on April 24, 2000, the land will be opened to location and entry under the United States mining laws and to the operation of the mineral leasing laws, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the requirements of applicable law. Appropriation of any of the land described in this order under the general mining laws prior to the date and time of restoration is unauthorized. Any such attempted appropriation, including attempted adverse possession under 30 U.S.C. 38 (1994), shall vest no rights against the United States. Acts required to establish a location and to initiate a right of possession are governed by State law where not in conflict with Federal law. The Bureau of Land Management will not intervene in disputes between rival locators over possessory rights since Congress has provided for such determination in local courts.

Dated: March 10, 2000.

Kevin Gover,

Assistant Secretary of the Interior.

Bureau of Land Management

[NM-952-00-1420-BJ]

Notice of Filing of Plat of Survey; New Mexico

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The plat of survey described below was officially filed in the New Mexico State Office, Bureau of Land Management, Santa Fe, New Mexico, on February 28, 2000.

New Mexico Principal Meridian, New Mexico

Cieneguilla Grant, approved February 10, 2000, for Group 970 NM.

A person or party who wishes to protest against this survey must file a written protest with the NM State Director, Bureau of Land Management, stating that they wish to protest.

A statement of reasons for a protest may be filed with the notice of protest to the State Director, or the statement of reasons must be filed with the State Director within thirty (30) days after the protest is filed. The above-listed plat represents original surveys.

This plat will be available for inspection in the New Mexico State Office, Bureau of Land Management, P.O. Box 27115, Santa Fe, NM 87502-0115. Copies may be obtained from this office upon payment of \$1.10 per sheet.

Dated: March 14, 2000.

James D. Clafflin,

Acting Chief Cadastral, Surveyor for New Mexico.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Development of a Groundwater Replenishment System

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability of a Final Environmental Impact Report/Environmental Impact Statement (FEIR/EIS) FES 00-10.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Reclamation (Reclamation), Orange County Water District, and Orange County Sanitation District have prepared a FEIR/EIS on potential impacts from the development of a Groundwater Replenishment System in Orange County, California. Reclamation's involvement stems from the possibility of the agency funding some of the project.

ADDRESSES: Copies of the FEIR/EIS are available for public inspection and review at the following locations:

Bureau of Reclamation, Program Analysis Office, Room 7456, 1849 C Street, NW., Washington, DC 20240; telephone: (202) 208-4662.

Bureau of Reclamation, Denver Office Library, Building 67, Room 167, Denver Federal Center, 6th and Kipling, Denver, CO 80225; telephone: (303)236-6963.

Bureau of Reclamation, Lower Colorado Region, P.O. Box 61470, Boulder City, NV 89006-1470; telephone: (702) 293-8698.

Orange County Water District, P.O. Box 8300, Fountain Valley, CA; telephone: (714) 378-3200.

FOR FURTHER INFORMATION CONTACT: Mr. Del Kidd, Bureau of Reclamation, Lower Colorado Region, P.O. Box 61470, Boulder City, NV 89006-1470, telephone: (702) 293-8698, or Ms. Debbie Burris, Orange County Water District, P.O. Box 8300, Fountain Valley, CA 92728-8300; telephone (714) 378-3200 ext. 4423.

SUPPLEMENTARY INFORMATION: The Groundwater Replenishment System is a proposal to take secondary, treated wastewater from the Orange County Sanitation District treatment plant in Fountain Valley, California, and further process this water to drinking water standards. The processed water will be used for groundwater recharge, for injection into a seawater intrusion barrier, and for landscape irrigation and industrial process water. Otherwise, the water would be discharged into the Pacific Ocean. The Groundwater Replenishment System would supplement existing water supplies. The System would provide a new, cost-effective and reliable source of water to recharge the Orange County Groundwater Basin, protect the Basin from further degradation due to seawater intrusion, and augment the supply of reclaimed water for irrigation and industrial use.

Review of the Draft EIR/EIS led to some modifications of the proposed project. These modifications do not substantially change the nature and significance of impacts of the proposal, nor do they substantially change the construction disturbances or project operations. They do require that all (100%) of the secondary effluent treated by the Groundwater Replenishment System treatment facilities would be routed through the micro filtration and reverse osmosis filtration process. (Under the original proposal there was to be blending of some of the water.)

This additional processing will improve the water quality to beyond Environmental Protection Agency's Drinking Water Standards and the processed water will be better than any other water used for replenishment in the Orange County Groundwater Basin today. The comment on the Draft also lead the Districts to commit to study expansion of the injection well system. In addition, the Districts committed to conducting a risk assessment.

The Draft EIR/EIS was issued on December 3, 1998. Comments received from interested organizations and individuals on the Draft EIR/EIS were addressed in the Final EIR/EIS. No decision will be made on the proposal until 30 days after the release of the Final EIR/EIS. After the 30 day waiting

period, Reclamation will complete a Record of Decision. This document will present the action that will be implemented and will discuss all factors leading to the decision.

Dated: March 7, 2000.

William J. Leibhauser,

Manager, Environmental Compliance and Realty Group.
