DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****Coastal Barrier Improvement Act of 1990; Amendments to the Coastal Barrier Resources System and Otherwise Protected Areas****AGENCY:** Fish and Wildlife Service, Interior.**ACTION:** Notice.

SUMMARY: We, the Fish and Wildlife Service, have replaced a map of an otherwise protected area (OPA) in Delaware, as directed by Congress. We are using this notice to inform the public about the distribution and availability of the revised map.

DATES: The boundary revisions for this OPA became effective on December 6, 1999, in accordance with Public Law 106-128.

FOR FURTHER INFORMATION CONTACT: Dr. Benjamin N. Tuggle, Department of the Interior, U.S. Fish and Wildlife Service, Division of Habitat Conservation, (703) 358-2161.

SUPPLEMENTARY INFORMATION:**Background**

In 1982, Congress passed the Coastal Barrier Resources Act (P.L. 97-348) to restrict Federal spending that could foster development of undeveloped coastal barriers along the Atlantic and Gulf of Mexico coasts. In the Coastal Barrier Improvement Act of 1990 (P.L. 101-591), Congress amended the Act to broaden the definition of a coastal barrier, and approved a series of maps entitled "Coastal Barrier Resources System" dated October 24, 1990. These maps identify and depict those coastal barriers located on the coasts of the Atlantic Ocean, Gulf of Mexico, and the Great Lakes and in Puerto Rico and the Virgin Islands that are subject to the Federal funding limitations outlined in the Act. The 1990 Act also approved a related series of maps depicting otherwise protected areas (OPA) along the same coastlines. In full System units most forms of Federal subsidies are

prohibited. In OPAs only Federal flood insurance is prohibited.

The Act also defines our responsibilities regarding the System and OPA maps. We have official custody of these maps and prepare and distribute copies of them. We published a notice of the filing, distribution, and availability of the maps dated October 24, 1990, in the **Federal Register** on June 6, 1991 (56 FR 26304-26312). We have announced all subsequent map revisions in the **Federal Register**.
