BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Child Welfare Demonstration Project Information Collection.

OMB No.: New Collection.

Description: Under section 1130 of the Social Security Act, the Department of Health and Human Services is given authority to approve up to ten States for Child Welfare demonstrations in each of the five fiscal years 1998–2002. These demonstration projects involve the waiver of certain requirements of titles IV-B and IV-E, the sections of the Act that govern foster care, adoption assistance, independent living, child welfare services, promoting safe and stable families, family preservation and support, and related expenses for program administration, training, and automated systems. Child Welfare demonstration projects operating under this waiver authority are required to be consistent with the purposes of existing law, cost-neutral to the Federal government, and independently evaluated. This authority provides an opportunity for States to design and test a wide range of approaches to improve and reform child welfare. Such demonstrations should provide valuable knowledge that will lead to improvements in the delivery, effectiveness and efficiency of services.

The information collection consists of seven components, which are outlined

in the Information Memorandum: (1) Application; (2) Initial Design and Implementation Report; (3) Evaluation Plan; (4) Quarterly Reports (Pre-Implementation); (5) Semi-Annual Reports (Post-Implementation); (6) Interim Evaluation Report; and (7) Final Report. The primary purpose of the demonstrations is to produce information on the outcomes for children and their families. These collections lay the information infrastructure to facilitate the dissemination of this information. If data collection is not conducted for the child welfare demonstrations, the Department relinquishes all pertinent information required to test the impact of the intervention employed in the waivers, specifically the effect of allowing the flexible use of IV-E dollars in the delivery of child welfare services. Furthermore, ensuring the safety and welfare of children is of utmost importance to CB, and if data is conducted less frequently than required by the project, interim results that could affect the well-being of children can be overlooked.

Office of Planning, Research and Evaluation; Grant to the University of Colorado Health Sciences Center

AGENCY: Office of Planning, Research and Evaluation, ACF, DHHS.

ACTION: Award announcement.

SUMMARY: Notice is hereby given that a noncompetitive grant award is being made to the University of Colorado Health Sciences Center. Under the title of "Economic Analysis of the Prenatal and Early Childhood Nurse Home Visitation Program," the project

proposes to carry out the second phase of a net-cost analysis of a program of prenatal and infancy home visiting.

This project is being funded noncompetitively, because of its uniqueness in examining cost savings to government resulting from an investment in a program of prenatal and early childhood home visitation. The duration of this project is two years, beginning April 1, 2000, for a total cost of \$312,766.

BILLING CODE 4184-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. 00N-1060]

Agency Information Collection Activities; Proposed Collection; Comment Request; Adoption of the FDA Food Code by Local, State, and Tribal Governments

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (the PRA), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, and to allow 60 days for public comment in response to the notice. This notice solicits comments on FDA's collection of information from local, State, and tribal agencies concerning their adoption of, or plans to adopt, all or portions of the FDA Food Code or its equivalent by regulation, law, or ordinance. The Association of Food and Drug Officials (AFDO) has been contracted by FDA to telephonically and/or electronically contact local, State, and tribal food program administrators to determine Food Code adoption in their respective jurisdictions.

DATES: Submit written comments on the collection of information by June 5, 2000.

ADDRESSES: Submit written comments on the collection of information to the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852. All comments should be identified with the docket number found in brackets in the heading of this document.

FOR FURTHER INFORMATION CONTACT: JonnaLynn P. Capezzuto, Office of Information Resources Management (HFA-250), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-4659.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests

or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, before submitting the collection to OMB for approval. To comply with this requirement, FDA is publishing notice of the proposed collection of information set forth in this document.

With respect to the following collection of information, FDA invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of FDA's functions, including whether the information will have practical utility; (2) the accuracy of FDA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

Adoption of the FDA Food Code by Local, State, and Tribal Governments

FDA has developed the model Food Code to assist and promote consistent implementation of national food safety regulatory policy among the several thousand local, State, and tribal jurisdictions that have primary responsibility for the regulation or oversight of retail level food operations. The FDA Food Code provides a scientifically sound technical and legal basis for regulating the retail segment of the food industry. Authority for providing such assistance is derived from section 311(a) of the Public Health Service Act (42 U.S.C. 243) and delegation of authority from the Public Health Service to the Commissioner of Food and Drugs relative to food protection is contained in 21 CFR 5.10(a)(2) and (a)(4). Under 31 U.S.C. 1535, FDA provides assistance to other Federal agencies such as the Indian Health Service.

Nationwide adoption of the model FDA Food Code is an important step to further the goals of the President's Council on Food Safety for consistent, scientifically sound, and risk-based food safety standards and practices and to work more effectively with partners in State, local, and tribal governments. FDA has established a site on the Internet at <http://www.cfsan.fda.gov> under "Federal/State Food Programs"
