

business hours (7:45 a.m.–4:30 p.m.) Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Dated: March 30, 2000.

Alan L. Kesterke,

Associate State Director.

BILLING CODE 4310–22–P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[WY–040–00–1310–EJ]

Jonah Field Environmental Assessment, Sublette County, WY

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability of an Environmental Assessment (EA) addressing impacts associated with a modification to development of the Jonah Field, as approved by the Jonah II Natural Gas Project Final Environmental Impact Statement (EIS).

SUMMARY: This Environmental Assessment addresses modifications to the April 27, 1998, Record of Decision (ROD) for the Jonah Field II Natural Gas Project (EIS). In that ROD, BLM approved development of the Jonah Field at one gas well per 80 acres. Project proponents, McMurry Oil Company and Amoco Production Company, have requested BLM approval to develop the east half of the field at one well per 40 acres.

At this point, the analysis of the proposed project modification has resulted in a finding of no significant impact (FONSI). Should new or additional information be provided during the public review and comment period on the EA that would identify significant impacts resulting from the proposed project modification, the EA will become the draft supplemental EIS. Subsequently, a final EIS and ROD would be issued. The public will be notified through newspaper articles and a subsequent **Federal Register** notice, if

significant impacts are identified and if the EA process will be replaced with the EIS process. If the FONSI is not reversed, the decision record for the EA will be prepared and issued.

DATES: Public comments concerning this proposed project modification will be accepted for 45 days following the date this notice is published in the **Federal Register**. Copies of the EA will have been distributed by mail to local media and known interested parties on or before the date this notice is published.

ADDRESSES: Send written comments to: Bureau of Land Management, Rock Springs Field Office, ATTN: Arlan Hiner, Project Manager, 280 Highway 191 North, Rock Springs, Wyoming 82901.

FOR FURTHER INFORMATION CONTACT:

Arlan Hiner, Project Manager, Bureau of Land Management, Rock Springs Field Office, Telephone 307–352–0206.

Information and a copy of the Jonah Field Natural Gas Project Modification EA can be obtained from Mr. Hiner at the above phone number or from the following BLM offices: Rock Springs Field Office, 280 Highway 191 North, Rock Springs, Wyoming 82901; Pinedale Field Office, 432 East Mill Street, P.O. Box 768, Pinedale, Wyoming 82941; and Wyoming State Office, 5353 Yellowstone Road, P.O. Box 1828, Cheyenne, Wyoming 82003.

SUPPLEMENTARY INFORMATION: The Jonah Field Natural Gas Project is located approximately 32 miles south of Pinedale, Wyoming, and 28 miles north of Farson, Wyoming, within Townships 28 and 29 North, Ranges 107, 108, and 109 West, Sublette County. The 29,200 acre project area includes 26,640 acres of Federally-owned surface and minerals, 640 acres of privately-owned surface over Federally-owned minerals, and 1,920 acres of surface and minerals owned by the State of Wyoming. Currently, 170 active gas wells, out of 497 wells approved in the Jonah II EIS ROD, have been drilled in the project area.

The project proponents would like to proceed with drilling gas wells in the east half of the project area at a 40 acre spacing (16 wells per section), beginning in the summer of 2000. They expect that drilling 497 wells will allow them to adequately extract the natural gas. There are 170 wells located within the Jonah Field, which are served by three transportation pipelines. This field development modification will not require any additional transportation pipelines. The proposed development modification would include a separator, dehydrator, production tanks, and tin horns (for holding produced water) at

each surface well location; an access road and gas gathering pipeline to each surface well location; water supply wells; and produced water disposal systems (either injection wells or surface pits).

The companies will be allowed to continue to drill wells at 80 acre spacing, as approved by the ROD for the Jonah II EIS, until the decision on the development modification is made.

Dated: March 29, 2000.

Alan R. Pierson,

State Director.

BILLING CODE 4310–40–P

DEPARTMENT OF THE INTERIOR

National Park Service

30 Day Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of submission to OMB and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Public Law 104–13), this notice announces the National Park Service’s (NPS) intention to request an extension for a currently approved information collection request used in the Historic Preservation Tax Incentives Program administered by the NPS.

The Primary Purpose of the Information Collection Request: Section 47 of the Internal Revenue Code requires that the Secretary of the Interior certify to the Secretary of the Treasury upon application by owners of historic properties for Federal tax benefits, (a) the historic character of the property, and (b) that the rehabilitation work is consistent with that historic character. The National Park Service administers the program in partnership with the Internal Revenue Service. The Historic Preservation Certification Application is used by the National Park Service to evaluate the condition and historic significance of buildings undergoing rehabilitation for continued use, and to evaluate whether the rehabilitation work meets the Secretary of the Interior's Standards for Rehabilitation.

DATES: Comments on this notice must be received by May 8, 2000 to be assured of consideration.

The bureau solicits public comments as to:

1. Whether the collection of information is necessary for the proper performance of the functions of the bureau, including whether the information will have practical utility;
2. The accuracy of the bureau's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. The quality, utility, and clarity of the information to be collected; and,
4. How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic, mechanical, or other forms of information technology.

ADDRESSES: Send comments to: Desk Officer, Interior Department, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503. Also send a copy of your comments to: Michael Auer, National Park Service, 1849 C St., NW, Room NC 200, Washington, DC 20240; 202-343-9578.

All comments will become a matter of public record. Copies of the proposed Information Collection Request can be obtained from Michael J. Auer, Ph.D., National Park Service, 1849 C St., NW, Room NC 200, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Michael Auer, 202-343-9578.

SUPPLEMENTARY INFORMATION:

1. *Title:* Historic Preservation Certification Application.
2. *Summary:* Request for an extension for a currently approved information collection request used in the Historic Preservation Tax Incentives Program

administered by the National Park Service.

3. *Need for information and proposed use:* To enable the Secretary of the Interior to make certifications to the Secretary of the Treasury concerning historic buildings undergoing rehabilitation for the purposes of a Federal income tax credit.

4. Respondents are owners of historic buildings, or qualified long-term lessees. The number of respondents is estimated to be 3,000 per year. The frequency of response is on occasion, as requested by owners of buildings (one response per respondent).

5. The total annual reporting and recordkeeping burden is estimated to be 7,500 hours.

6. Comments may be submitted to the Office of Management and Budget (OMB).

Dated: March 31, 2000.

Leonard E. Stowe,

Information Collection Clearance Officer.

BILLING CODE 4310-70-P

DEPARTMENT OF JUSTICE

Office of Justice Programs

Bureau of Justice Statistics; Agency Information Collection Activities; Proposed Collection; Comment Request

ACTION: Notice of information collection under review; New collection; Census of State and local law enforcement agencies.

Office of Management and Budget approval is being sought for the information collection listed below. This proposed information collection was previously published in the **Federal Register** on January 20, 2000, at 65 FR 3249 allowing for a 60-day public comment period. No comments were received by the Bureau of Justice Statistics.

The purpose of this notice is to allow an additional 30 days for public comments. Comments are encouraged and will be accepted until May 8, 2000. This process is conducted in accordance with 5 CFR part 1320.10.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following points:

- (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including

whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected;

(4) Minimize the burden of the collection of information on those who are to respond through the use of appropriate automated, electronic mechanical, other technological collection techniques, or other forms of information technology that permit electronic submissions of responses.

Overview of This Information Collection

(1) *Type of information collection:* New collection.

(2) *Title of the form/collection:* 2000 Census of State and Local Law Enforcement Agencies.

(3) *Agency form numbers and the applicable component of the Department sponsoring the collection:* Forms CJ-38L and CJ-38S; Law Enforcement Statistics, Bureau of Justice statistics, Office of Justice Programs, U.S. Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* State and local government agencies; The Census of State and Local Law Enforcement Agencies provides a comprehensive assessment of the characteristics of State and local law enforcement agencies in terms of functions performed, number of personnel, requirements for entry-level officers, types of equipment used, degree of computerization, special policies and programs, and community policing activities.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* A total of 19,000 respondents at 44 minutes per response. This includes 3,000 respondents to from CJ-38L at 2 hours per response, and 16,000 respondents to form CJ-38S at 30 minutes per response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 14,000 annual burden hours.

If you have additional comments, suggestions, or need a copy of the proposed collection instrument with instruction, or additional information, please contact Brenda E. Dyer, Deputy Clearance Officer, U.S. Department of Justice, Information Management and Security Staff, Justice Management Division, 1331 Pennsylvania Avenue, NW, suite 1220, Washington, DC 20530.
