Abstract: The American Indian Trust Fund Management Reform Act of 1994

(the Reform Act) allows tribes to withdraw their money held in trust by the U.S. Government. To withdraw their money, tribes must first submit an application and get approval from the Secretary of the Interior. The Reform Act also allows tribes to apply for technical assistance and financial assistance to complete the application. Section 1200.13 tells tribes how to submit an application to withdraw their money and Section 1200.14 tells them how they can apply for technical assistance and financial assistance. These information collections allow us to collect documents associated with tribes withdrawing their funds held in trust and applying for technical assistance to withdraw funds under 25 CFR 1200. Responses to these collections of information are required to obtain or retain a benefit. A **Federal Register** notice required under 5 CFR 1320.8(d), soliciting comments on proposed renewal of these collections of information, was published on 12/21/99 (FR99N-0001); no comments were received.

Burden Statement: The current information collection authorizations expire March 31, 2000. A Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The application forms and burden estimates are:
