Applicants' Representations

1. Penn Mutual Life is a mutual life insurance company organized under the laws of Pennsylvania in 1847. It provides life insurance, annuity, and investment products. PIA, a wholly owned subsidiary of Penn Mutual Life, is a Delaware stock insurance company established in 1994.

2. Variable Annuity Account I, sponsored by PIA, is registered under the 1940 Act as a unit investment trust. Variable Annuity Account I serves as a funding vehicle for variable annuity contracts issued by PIA. Variable Annuity Account III, sponsored by Penn Mutual Life, is a unit investment trust registered under the 1940 Act. Variable Annuity Account III serves as a funding vehicle for variable annuity contracts issued by Penn Mutual Life. Variable Life Account I, sponsored by Penn Mutual Life, is a unit investment trust registered under the 1940 Act. Variable Life Account III serves as a funding vehicle for variable life insurance contracts issued by Penn Mutual Life.

3. Variable Annuity Account I and Variable Annuity Account III serves as the funding vehicle for variable annuity contracts ("VA Contracts") issued by Penn Mutual Life and PIA. Variable Life Account I serves as the funding vehicle for variable universal life contracts ("VUL Contracts") issued by Penn Mutual Life. Each of the VA Contracts and VUL Contracts funded by the Separate Accounts (collectively, "Variable Products") is registered with the Commission under the Securities Act of 1933, as amended, and is offered

exclusively by means of a prospectus which describes the applicable terms and conditions of each such contract. The Separate Accounts are each divided into subaccounts (each a "Subaccount") and each Subaccount invests exclusively in shares of funds of registered management investment companies ("Existing Funds") currently available to the holders of the contracts ("Contractholders").

4. The Existing funds consists of 18 separate investment options, which contain certain investment portfolios issued by Penn Series, Neuberger Berman Advisers Management Trust ("Neuberger & Berman Portfolios"), Variable Insurance Products Fund and Variable Insurance Products Fund II ("Fidelity Portfolios"), American Century Variable Portfolios Inc. ("American Century Portfolio") and Morgan Stanley Dean Witter Universal Funds, Inc. ("Morgan Stanley Portfolio"). Each of the Existing Funds is registered as a management investment company under the 1940 Act. Not all of the Existing Funds are involved in the Substitutions. The application contemplates that the American Century Portfolio, two of the three Neuberger & Berman Portfolios and one of the four Fidelity Portfolios will be replaced by substantially similar funds.

5. Penn Series is registered under the 1940 Act as an open-end investment management series. Currently, Penn Series has nine investment portfolios ("Current Penn Funds"). Shares of the Current Penn Funds are offered only to Penn Mutual Life and PIA (Penn Mutual Life and PIA hereinafter referred to collectively as "Penn Mutual") for the Variable Products.

6. ICMI, a wholly owned subsidiary of Penn Mutual Life, is a registered investment adviser under the Investment Advisers Act of 1940. ICMI provides investment management services to each of the Current Penn Funds.

7. Penn Series is organizing four New Funds. Each of the New Funds will have the same or substantially the same investment objectives and policies of one of the Replaced Funds involved in the Substitutions. Overall investment management services will be provided to each of the newly organized New Funds by ICMI pursuant to an investment advisory agreement between ICMI and Penn Series ("ICMI Advisory Agreement"). Under the ICMI Advisory Agreement, ICMI will be responsible for the management of the business and affairs of each of the New Funds, subject to the supervision of the Board of Directors of Penn Series. ICMI will also

be authorized to exercise full investment discretion and make all determinations with respect to the investment of the assets of the respective New Funds, but may, at its own cost and expense, retain sub-advisers ("Sub-Advisers") to provide day-to-day portfolio management to each of the New Funds. For its services under the ICMI Advisory Agreement, ICMI will receive a fee from each of the New Funds. ICMI, in turn, will pay the fees and expenses of any Sub-Adviser retained by ICMI or any of the New Funds. It is currently anticipated that ICMI will employ Sub-Advisers for three of the New Funds and directly manage the assets of the fourth New Fund.

8. Penn Series and ICMI have applied for exemptive relief from Section 15(a) of the 1940 Act ("Manager of Managers Order"). The Manager of Managers Order would permit ICMI, as the investment adviser for the existing series of Penn Series to replace any Sub-

Adviser or to employ a new Sub-Adviser, without submitting such actions for the approval of shareholders of the affected series. Following the Substitutions, Applicants anticipate that each of the New Funds will be entitled to rely on the Manager of Managers Order. As a condition to the application, however, Applicants state that they will take no action in reliance on the Manager of Managers Order with respect to any one of the New Funds unless and until the operation of that Fund in the manner contemplated by the Manager of Managers Order is approved, following the Substitutions, by the holders of a majority of the outstanding shares of that Fund within the meaning of the 1940 Act.

9. The purpose of the Substitutions is to provide Contractholders with improved investment options through enhanced investment performance and reduced expense ratios of investment options available under the Variable Products. The Substitutions are the first

step in establishing a manager of managers structure that will provide Applicants with increased ability to affect the administration and management of the investment options offered through Variable Products. As the investment manager of each of the New Funds, ICMI will be in a position to oversee the operations of the New Funds, including the performance and portfolio management. Applicants represent that the manager of managers structure will give Applicants the means to more directly monitor the overall manner in which investment options available through the Variable Products are managed and administered.

10. Applicants seek relief for four Substitutions. The following table summarizes the proposed Substitutions. The investment objectives of Contractholders with interests in any Subaccount of the Separate Account ("Affected Contractholder") will not be materially affected by the Substitutions.

11. Applicants represent that the investment objectives of each New Fund will be the same as, or substantially similar to, the investment objectives of the corresponding fund that the New Fund will replace. The investment strategies and policies of the Penn Series Limited Maturity Bond Fund and the Penn Series Index 500 Fund will be substantially the same or substantially similar to the investment strategies and policies of the Neuberger Berman Limited Maturity Bond Portfolio and the Fidelity Investments' Index 500 Portfolio. The investment strategies and policies of the Penn Series Mid Cap Value Fund and the Penn Series Mid Cap Growth Fund may differ from the investment strategies and policies of Neuberger Berman Partners Fund and the American Century Capital Appreciation Portfolio respectively. However, the investment strategies and policies of these New Funds will be

sufficiently similar to their corresponding Replaced Funds so that the Affected Contractholders may continue to seek to achieve their investment objectives in the substituted funds.

12. In Substitution No. 1, ICMI will serve as investment adviser and Neuberger Berman Investment Management Inc. ("Neuberger Berman") will continue day-to-day portfolio management as Sub-Adviser to the New Fund. In Substitutions Nos. 2, 3, and 4, the New Fund will, following the substitutions, be advised by investment advisory organizations different from the organizations that currently manage the Replaced Funds. In Substitution No. 2, ICMI will serve as the investment adviser and investment manager of the New Fund. Applicants believe that given the below average investment performance for the Neuberger Berman Limited Maturity Bond Portfolio, ICMI

will achieve improved investment results for Contractholders. In Substitution No. 3, ICMI will serve as the investment adviser and Wells Capital Management Inc. will serve as Sub-Adviser to the Penn Series Index 500 Fund. As in the case of the Fidelity Investment's Index 500 Portfolio, investments of Penn Series Index 500 Fund are expected to approximate the relative composition of the securities in the S&P 500. In Substitution No. 4, the day-to-day decisions for Penn Series Mid Cap Growth Fund will be the responsibility of Turner Investment Partners, Inc. ("TIP") as Sub-Adviser. Applicants believe that TIP is in a position to achieve improved investment results for Contractholders who currently have contract values allocated to the corresponding Replaced Fund.

13. Immediately following the Substitutions, the expense ratios of the

New Funds will not exceed the expense ratios of the Replaced Funds. The following table shows the total assets in each of the Replaced Funds at December 31, 1999 that are attributable to the Variable Products, as well as other non-registered insurance products, and

compares the advisory fees and the expense ratios of the Replaced Funds for the six months ended December 31, 1999, with the pro forma advisory fees and expense ratios of the New Funds for the same periods. (Pro forma expense ratios of the New Funds are based on

assets in the Replaced Funds attributable to the Variable Products and other non-registered insurance products, and estimates of expenses associated with those assets had they been invested in the New Funds during the periods).

14. Applicants expect to effect the Substitutions on or about May 1, 2000 in coordination with the distribution of annual prospectuses to Contractholders. As of the effective date of the Substitutions ("Effective Date"), shares of the Replaced Funds held by each of the Subaccounts of Applicant Separate Accounts will be presented to the Replaced Funds for redemption. The proceeds of such redemptions, which

may be effected through cash or "in-kind" transactions, will then be used to purchase the appropriate number of shares of the corresponding New Funds. The Substitutions will take place at relative net asset values, with no change in the contract value of any Affected Contractholder, and all redemptions of shares of the Replaced Funds and purchases of shares of the corresponding New Funds will be

effected in accordance with Rule 22c-1 under the 1940 Act.

15. Penn Mutual will bear the costs of the Substitutions, including any legal and/or accounting fees relating to them. Affected Contractholders will not incur any additional fees or charges as a result of the Substitutions; no current fees or charges applicable under any of the Variable Products will be increased as a result of the Substitutions; the rights of

Affected Contractholder under any of the Variable Products, and the obligations of Penn Mutual under the Variable Products will not diminish in any way.

16. Applicants state that as soon as practicable after filing the Application, a supplement to each of the prospectuses relating to the Variable Products will be filed with the Commission. These supplements ("Product Supplements") will reflect all material information relating to the Substitutions and the New Funds, including the identity of the Replaced Funds, a description of the New Funds and their respective investment objectives and policies, the Sub-Adviser for each of the New Funds, fees and expenses associated with the New Funds, and the impact that the Substitution will have on fees and expenses.

17. Following the date on which the notice of the Application is published in the **Federal Register**, but before the Effective Date, Penn Mutual will send to Affected Contractholders a notice ("Pre-Substitution Notice"), which will include the Product Supplements. The Pre-Substitution Notice will inform Affected Contractholders of: (a) The Effective Date of the Substitutions; (b) the right of each Affected Contractholder, under the VUL and VA Contracts, to transfer contract values among the various Subaccounts; and (c) the fact that any such transfer that involves a transfer from any of the Replaced Funds will not be subject to any administrative charge and will not count as one of the "free transfers" to which Affected Contractholders may otherwise be entitled.

18. Within five days after the Effective Date, Affected Contractholders will be sent written confirmation ("Confirmation Notice") of the substitution transactions. The Confirmation Notice will: (a) Confirm that the Substitutions were carried out; (b) reiterate that each Affected Contractholder may make one transfer of all of the contract value or cash value under their Variable Products that is invested in any one of the Subaccounts that were affected by the Substitutions to any other Subaccount available under their Variable Products without such transfer being subject to any administrative charge, or being counted as one of the "free transfers" (or one of the limited number of transfers) to which Affected Contractholders may be entitled under their Variable Products; and (c) state that Penn Mutual will not exercise any rights reserved by it under the Variable Products to impose additional restrictions on transfers until

at least 30 days after the Effective Date. The Confirmation Notice will be accompanied by a then-current prospectus for the relevant Variable Product, reflecting the inclusion of the New Funds, as well as an amended prospectus for the New Funds.

19. The in-kind redemption proceeds will consist of the same securities that are currently held by the Replaced Funds. Redemptions in-kind will be done in a manner consistent with the investment objectives, policies and diversification requirements of the respective New Funds. Further, Applicants represent that the in-kind redemptions for each of the New Funds will be reviewed by the Sub-Adviser responsible for making day-to-day investment decisions for that Portfolio to assure that the investment objective, investment policies and diversification requirements set forth in the registration statement relating to the relevant New Fund are satisfied. In addition, the in-kind asset transfers will be valued in the manner that is consistent with the valuation procedures of both the Replaced Fund and the relevant New Fund. Applications state that any inconsistencies in valuation procedures between the Replaced Fund and the relevant New Fund will be reconciled so that the redeeming and purchasing values are the same. In addition, and consistent with Rule 17a-7 under the 1940 Act, no brokerage commissions, fees or other remuneration will be paid in connection with the in-kind transactions.

20. The Variable Products expressly reserve to Penn Mutual the right, subject to compliance with applicable law, to substitute shares of one open-end investment company for shares of another open-end investment company held by a Separate Account.

Applicant's Legal Analysis

1. Section 26(b) of the 1940 Act provides that it shall be unlawful for any depositor or trustee of a registered unit investment trust holding the security of a single issuer to substitute another security for such security unless the Commission approves such substitution. Section 26(b) further provides that the Commission shall issue an order approving such substitution if the evidence establishes that it is consistent with the protection of investors and the purposes fairly intended by the policies and provisions of the 1940 Act.

2. Applicants request an order pursuant to Section 26(b) of the 1940 Act approving the substitutions and related transactions. Applicants assert that the purposes, terms, and conditions

of the Substitutions are consistent with the protection of investors and the purposes fairly intended by the 1940 Act. Applicants further assert that the Substitutions will not result in the type of forced redemption that Section 26(b) was designed to guard against.

3. Applicants maintain that the substitutions do not represent the type of transaction that Section 26(b) was designed to prevent for the following reasons: (a) the Substitutions are designed to give Penn Mutual more control over investment products it offers to the investing and insurance purchasing public; (b) Contractholders involved in Substitution Nos. 1, 3 and 4 will have the benefit of ICM's oversight of the Sub-Advisers; and (c) the procedures that Applicants will follow in the Substitutions will give Affected Contractholders ample notice of the Substitutions and any potential impact. Affected Contractholders will have the opportunity to transfer their investments from one of the Replaced Funds in anticipation of the Substitutions, or from the New Funds following the Substitution. In either case, Applicants represent that no administrative fee or transfer charge will be assessed. In light of the fact that only four of the 18 investment options currently available to Affected Contractholders will be involved in the Substitutions, Applicants believe that this ability to "opt out" of any Substitution affords each Affected Contractholder an effective choice of investments.

4. Section 17(a)(1) of the 1940 Act prohibits any affiliated person of a registered investment company, or any affiliate of such affiliated person, from selling any security or other property to such registered investment company. Section 17(a)(2) of the 1940 Act prohibits any affiliated person from purchasing any security or other property from such registered investment company.

5. Applicants request an order pursuant to Section 17(b) of the 1940 Act exempting the in-kind redemptions and purchases from the provisions of Section 17(a). Section 17(b) of the 1940 Act provides that the Commission may grant an order exempting a proposed transaction from Section 17(a) if evidence establishes that: (a) The terms of the proposed transaction, including the consideration to be paid or received, are fair and reasonable and do not involve overreaching on the part of any person concerned; (b) the proposed transaction is consistent with the policy of each registered investment company concerned; and (c) the proposed

transaction is consistent with the general purposes of the 1940 Act.

6. Applicants represent that, if effected in accordance with the procedures described in the Application and summarized herein, the Substitutions are consistent with the general purposes of the 1940 Act and do not present any of the conditions or abuses that the 1940 Act was designed to prevent. Applicants state that the consideration to be paid by each New Fund, and received by each of the Replaced Funds, will be fair and reasonable and will not involve overreaching because the Substitutions will not result in the dilution of the interests of any Affected Contractholders and will not effect any change in economic interest, contract value or the dollar value of any Variable Products held by an Affected Contractholder. The in-kind redemptions and purchases will be done at values consistent with the policies of both the Replaced Funds and the New Funds and will satisfy the procedural safeguards of Rule 17a-7. Both ICMI and the Sub-Adviser of a New Fund will review all the asset transfers to assure that the assets meet the objectives of a New Fund and that they are valued under the appropriate valuation procedures of the Replaced Fund and such New Fund. The in-kind redemption proceeds will consist of the same securities that are currently held by the Replaced Funds. Applicants represent that the transactions are consistent with the policies of each investment company involved and the general purposes of the 1940 Act, and comply with the requirements of Section 17(b).

7. Applicants state that the facts and circumstances in the application are sufficient to assure that the Substitutions will be carried out in a manner that is consistent with Sections 17(b) and 26(b) of the 1940 Act and that the terms and conditions to which Applicants will be subject hereby are consistent with orders the Commission has issued in the past under similar circumstances.

Applicants' Terms

The significant terms of the substitutions described in the application include:

1. The New Funds have objectives and policies that are substantially the same or substantially similar to the objectives and policies of the Replaced Funds so that the objectives of the Affected Contractholders can continue to be met.

2. The expense ratios of the New Funds will, immediately following the

Substitution, not exceed the expense ratios of the Replaced Funds. In the event that the expense ratio of a New Fund exceeds that of its corresponding Replaced Fund, Penn Mutual will waive its fees and/or reimburse expenses such that its expense ratio does not exceed that of its corresponding Replaced Fund's expense ratio. Penn Mutual will continue any such fee waivers and/or reimbursements, as necessary, until April 30, 2001, except that in the case of Substitution No. 2 (of the Penn Series Limited Maturity Bond Fund for the Neuberger Berman Limited Maturity Bond Portfolio), Penn Mutual will continue any such fee waiver and/or expense reimbursements, as necessary, until April 30, 2003.

3. Affected Contractholders may, under the terms of the Variable Products, transfer assets from any Subaccount of Applicant Separate Accounts to any other Subaccount available under the Variable Product. Any such transfer that involves a transfer from any of the Replaced Funds, from the date of the notice that the Replaced Funds will be substituted through a date at least 30 days following the Effective Date, will not be subject to any administrative charge, and will not count as one of any "free transfers" to which Affected Contractholder may otherwise be entitled. Affected Contractholders may also withdraw amounts under any contract held, or terminate their interest in any such contract, in accordance with the terms and conditions of any such contract, including but not limited to payment of any applicable surrender charge.

4. The Substitutions will be effected at the net asset value of the respective shares in conformity with Section 22(c) of the 1940 Act and Rule 22c-1 thereunder, without the imposition of any transfer or similar charge by Applicants.

5. The Substitutions will take place at relative net asset value without change in the amount or value of any Variable Products held by Affected Contractholders. Affected Contractholders will not incur any fees or charges as a result of the Substitutions, nor will their rights or the obligations of Penn Mutual under such Variable Products be altered in any way. All expenses incurred in connection with the Substitutions, including legal, accounting and other fees and expenses, will be borne by Applicants, other than Separate Accounts.

6. Redemptions in kind will be handled in a manner consistent with the investment objectives, policies and diversification requirements of the New Fund. Consistent with Rule 17a-7(d)

under the 1940 Act, no brokerage commissions, fees (except customary transfer fees) or other remuneration will be paid by the Replaced Funds or New Funds or Affected Contractholders in connection with the in-kind transactions. In addition, the in-kind asset transfers will be valued in the manner that is consistent with the valuation procedures of both the Replaced Fund and the relevant New Funds.

7. The Substitutions will not be counted as transfers in determining any limit on the total number of transfers that Affected Contractholders are permitted to make under the Variable Products.

8. The Substitutions will not alter in any way the annuity, life insurance, or other benefits afforded under the Variable Products held by any Affected Contractholders.

9. Each of the New Funds may rely upon a Commission order expected to be issued to certain affiliates of Penn Series. Applicants will take no action in reliance on the Manager of Managers Order with respect to any one of the New Funds unless and until the operation of that portfolio in the manner contemplated by the Manager of Managers Order is approved by the holders of a majority of the outstanding shares of that portfolio within the meaning of the 1940 Act by vote obtained following the Substitution.

Applicants' Conditions

Applicants state that they will not complete the Substitutions and related transactions described in this Application (other than the mailing of the Pre-Substitution Notices) unless all of the following conditions are met:

1. The Commission shall have issued an order (a) approving the Substitutions under Section 26(b) of the 1940 Act, and (b) exempting the in-kind redemptions from the provisions of Section 17(a) of the 1940 Act as necessary to carry out the transactions described in this Application.

2. Each Affected Contractholder will have been sent a Pre-Substitution Notice, which will include the Prospectus Supplements and will inform Affected Contractholders of: (a) The Effective Date of the Substitutions; (b) the right of each Affected Contractholder, under the Variable Products, to transfer contract values among the various Subaccounts; and (c) the fact that any such transfer that involves a transfer from any of the Replaced Funds will not be subject to any administrative charge and will not count as one of any "free transfers" to

which Affected Contractholders may otherwise be entitled.

3. Each Affected Contractholder will receive, within five days following the Effective Date of Substitutions, written notice ("Confirmation Notice"). The Confirmation Notice will: (a) Confirm that the Substitutions were carried out; (b) reiterate that each Affected Contractholder may make one transfer to all of the contract value or cash value under their Variable Product that is invested in any one of the Subaccounts that were affected by the Substitutions to any other Subaccount available under their Variable Product without such transfer being subject to any administrative charge, or being counted as one of any "free transfers" (or one of the limited number of transfers) to which Affected Contractholders may be entitled under their Variable Product; and (c) state that Penn Mutual will not exercise any rights reserved by it under the Variable Products to impose additional restrictions on transfers until at least 30 days after the Effective Date. The Confirmation Notice will be accompanied by a then-current prospectus for the relevant Variable Product, reflecting the inclusion of the New Funds, as well as an amended prospectus for the New Funds.

4. Penn Mutual shall have satisfied itself, that: (a) The Variable Products allow the substitution of investments in the manner contemplated by the Substitutions and related transactions described herein; (b) the transactions can be consummated as described in this Application under the applicable insurance laws; and (c) that any regulatory requirements in each jurisdiction where the Variable Products are qualified for sale, have been complied with to the extent necessary to complete the transactions.

Conclusion

Applicants assert that, for the reasons summarized above, the requested order approving the substitutions and related transactions involving in-kind transactions should be granted.

For the Commission, by the Division of Investment Management, under delegated authority.

Secretary.
