BILLING CODE 4910-15-P

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 21

RIN 2900-AJ69

Modified Eligibility Criteria for the Montgomery GI Bill—Active Duty

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: This document amends the educational assistance and education benefit regulations of the Department of Veterans Affairs (VA). The amendments reflect statutory changes in the eligibility criteria for the Montgomery GI Bill—Active Duty which were made by the Veterans Programs Enhancement Act of 1998. This document also makes other changes for the purpose of clarification.

DATES: *Effective Date:* This final rule is effective April 18, 2000.

Applicability Date: October 1, 1998.

FOR FURTHER INFORMATION CONTACT:

William G. Susling, Jr., Education Advisor, Education Service (225C), Veterans Benefits Administration, 202-273-7187.

SUPPLEMENTARY INFORMATION: The Veterans Programs Enhancement Act of 1998 (Pub. L. 105-368) contains provisions that affect the educational assistance and education benefit regulations. This document amends these regulations to correspond with new statutory provisions concerning the education criteria an individual must meet in order to establish eligibility for the Montgomery GI Bill—Active Duty (MGIB).

To meet the eligibility criteria for the MGIB, a veteran, among other things, must have completed the requirements of a secondary school diploma (or the equivalency certificate). Previously, if a veteran did not actually receive a diploma, by statute a veteran could have met this criterion only by successfully completing within statutory deadlines the equivalent of 12 semester hours.

Public Law 105-368 provides that the criterion will also be met if the veteran otherwise receives academic credit for the equivalent of 12 semester hours. Thus, a veteran who did not actually earn 12 semester hours credit, but who received academic credit for 12 semester

hours because of his or her life experiences before the applicable deadline, would now be eligible for MGIB. We are amending 38 CFR 21.7042, 21.7044, and 21.7045 to reflect this provision of law. We are also making nonsubstantive changes for the purpose of clarity.

Consistent with the effective date provisions of section 203 of Public Law 105-368, the date of applicability for the provisions in this final rule that affect eligibility criteria for the Montgomery GI Bill—Active Duty is October 1, 1998.

Substantive changes made by this final rule merely reflect statutory requirements. Accordingly, there is a basis for dispensing with prior notice and comment and delayed effective date provisions of 5 U.S.C. 552 and 553.

The Secretary of Veterans Affairs hereby certifies that this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601-612. This final rule directly affects only individuals. Pursuant to 5 U.S.C. 605(b), this final rule, therefore, is exempt from the initial and final regulatory flexibility analyses requirements of sections 603 and 604.

The Catalog of Federal Domestic Assistance number for the program affected by this final rule is 64.124.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action to approve revisions to the Commonwealth of Pennsylvania's State Implementation Plan (SIP). SUPPLEMENTARY INFORMATION:

I. Background

On August 1, 1995, January 6, 1995, June 14, 1995, December 8, 1995, May 31, 1995, May 2, 1996, March 21, 1996, September 13, 1996, November 4, 1997, March 24, 1998, December 7, 1998, February 2, 1999, March 3, 1999, April 9, 1999, April 20, 1999 and July 28, 1999, the Commonwealth of Pennsylvania submitted formal revisions to its State Implementation Plan (SIP). On March 24, 1998, May 29, 1998, October 2, 1998, October 16, 1998, December 7, 1998, February 2, 1999, April 9, 1999 and June 22, 1999, the Commonwealth submitted supplemental information pertaining to the Cogentrix, Scrubgrass Generating Company, Indiana University of Pennsylvania, INDSPEC, Wheelabrator-Frackville, Piney Creek, Harrisburg Steam Works and the four PP&L revisions, respectively. On July 24, 1998, PADEP submitted materials which replaced the May 2, 1996 submittal for Transit America Inc. Each source subject to this rulemaking will be identified and discussed below. Any plan approvals and operating permits submitted coincidentally with those being approved in this document, and

not identified below, will be addressed in a separate rulemaking action.

Pursuant to sections 182(b)(2) and 182(f) of the Clean Air Act (CAA), Pennsylvania is required to implement RACT for all major VOC and NO_x sources by no later than May 31, 1995. The definition of a major source is determined by its size, location, the classification of that area and whether it is located in the ozone transport region (OTR), which is established by the CAA. The Pennsylvania portion of the Philadelphia-Wilmington-Trenton ozone nonattainment area (the Philadelphia area) consists of Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties and is classified as severe. The remaining counties in Pennsylvania are designated as nonattainment are classified as either moderate or marginal. However, under section 184 of the CAA, at a minimum, moderate area requirements for stationary sources, including RACT as specified in sections 182(b)(2) and 182(f), apply throughout the OTR. Therefore, RACT is applicable statewide in Pennsylvania. The Pennsylvania submittals that are the subject of this document are meant to satisfy the RACT requirements for twenty-six specific sources.

Summary of SIP Revision

The details of the RACT requirements for the source-specific plan approvals, operating permits and compliance permit can be found in the docket and accompanying technical support documents (TSD) and will not be reiterated in this document. Briefly, EPA is approving a revision to the Pennsylvania SIP pertaining to the determination of RACT for twenty-six major sources. Several of the plan approvals and operating permits contain conditions which are not relevant to the determination of VOC or NO_x RACT. These provisions are not included in Pennsylvania's SIP revision requests these sources.

RACT Determinations

The following table identifies the individual compliance permit, plan approvals, and operating permits EPA is approving. The specific emission limitations and other RACT requirements for these sources are summarized in the accompanying technical support documents, which are available upon further request from the EPA Region III office listed in the **ADDRESSES** section of this document.
