

Rules and Regulations

Federal Register

Vol. 65, No. 76

Wednesday, April 19, 2000

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 330

RIN 3206-AF36

Full Consideration of Displaced Defense Employees

AGENCY: U.S. Office of Personnel Management.

ACTION: Final regulation.

SUMMARY: The Office of Personnel Management (OPM) is issuing a final rule to remove the regulations regarding full consideration of displaced Department of Defense employees because the implementing statute has expired and the program has been superseded.

EFFECTIVE DATE: This regulation is effective on May 19, 2000.

FOR FURTHER INFORMATION CONTACT: Jacqueline Yeatman on (202) 606-0960, FAX (202) 606-2329, TDD (202) 606-0023 or by email at jryeatma@opm.gov.

SUPPLEMENTARY INFORMATION: The regulations at 5 CFR part 330 subpart I were published April 9, 1993, implementing section 4432 of the National Defense Authorization Act for Fiscal Year 1993 (Pub. L. 102-484). The statute provided up to 2 years of full consideration in non-Defense jobs for Department of Defense employees who were separated by reduction in force between October 23, 1991 and September 30, 1997. This section of Public Law 102-484 preceded the regulations at 5 CFR part 330 Subpart G, which in 1996 established the Interagency Career Transition Assistance Plan (ICTAP). DOD employees separated by reduction in force are currently eligible for ICTAP selection priority for vacancies in non-Defense agencies under those regulations. Because this section of the Public Law has expired and been

superseded by the ICTAP, OPM is deleting the current material in part 330 (subpart I) and reserving this subpart for future use.

Regulatory Flexibility Act

I certify that this regulation will not have a significant economic impact on a substantial number of small entities because it affects only Federal employees.

Executive Order 12866, Regulatory Review

This rule has been reviewed by the Office of Management and Budget in accordance with Executive Order 12866.

Office of Personnel Management.

Janice R. Lachance,
Director.

Accordingly, the Office of Personnel Management is amending 5 CFR part 330 as follows:

PART 330—RECRUITMENT, SELECTION, AND PLACEMENT (GENERAL)

1. The authority citation for part 330 is revised to read as follows:

Authority: 5 U.S.C. 1302, 3301, 3302; E.O. 10577, 3 CFR 1954-58 Comp., p. 218; § 330.102 also issued under 5 U.S.C. 3327; subpart B also issued under 5 U.S.C. 3315 and 8151; § 330.401 also issued under 5 U.S.C. 3310; subpart H also issued under 5 U.S.C. 8337(h) and 8457(b); subpart K also issued under sec. 11203 of Pub. Law 105-33.

Subpart I—[Reserved]

2. In part 330, subpart I consisting of § 330.901 through § 330.903, is removed and reserved.

BILLING CODE 6325-01-P

FEDERAL ELECTION COMMISSION

11 CFR Parts 9007, 9034, 9035, and 9038

[Notice 2000-8]

Public Financing of Presidential Primary and General Election Candidates

AGENCY: Federal Election Commission.

ACTION: Final rule; announcement of effective date.

SUMMARY: On November 15, 1999, the Commission published the text of revised regulations governing publicly financed Presidential campaigns. 64 FR 61777 (Nov. 15, 1999). The revised rules modify the Commission's audit procedures. They also address the "bright line" between primary and general election expenses, and the formation of Vice Presidential committees prior to nomination. The Commission announces that these rules are effective as of April 19, 2000.

EFFECTIVE DATE: April 19, 2000.

FOR FURTHER INFORMATION CONTACT: Ms. Rosemary C. Smith, Assistant General Counsel, 999 E Street, NW, Washington, DC 20463, (202) 694-1650 or toll free (800) 424-9530.

SUPPLEMENTARY INFORMATION: The Commission is announcing the effective date of revised regulations at 11 CFR 9007.1, 9034.4 and 9038.1, and new regulations at 11 CFR 9035.3. The revisions to 11 CFR 9007.1 and 9038.1 replace the Exit Conference Memorandum that is currently provided to audited committees at the exit conference following an audit with a Preliminary Audit Report that will be approved by the Commission before it is provided to the audited committees after the exit conference. Revised 11 CFR 90934.4 clarifies the applicability of the so-called "bright line" rules that govern expenditures made in connection with both the primary and the general election, and revises those portions allocating payroll and overhead costs for the use of campaign offices prior to a candidate's nomination. New 11 CFR 9035.3 addresses when contributions to, and expenditures by, Vice Presidential committees must be aggregated with contributions to, and expenditures by, the primary campaign of that party's eventual Presidential nominee, for purposes of the contribution and expenditure limits for publicly funded Presidential campaigns. Sections 9009(c) and 9039(c) of Title 26, United States Code, require that any rules or regulations prescribed by the Commission to carry out the provisions of Title 26 of the United States Code be transmitted to the Speaker of the House of Representatives and the President of the Senate thirty legislative days prior to final promulgation. These rules were

transmitted to Congress on November 9, 1999. Thirty legislative days expired in the Senate and the House of Representatives on April 3, 2000.

Announcement of Effective Date: New 11 CFR 9035.3 and amended 11 CFR 9007.1, 9034.4 and 9038.1, as published at 64 FR 61777 (Nov. 15, 1999), are effective as of April 19, 2000.

Dated: April 13, 2000.

Darryl R. Wold,

Chairman, Federal Election Commission.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. 99-SW-14-AD; Amendment 39-11692; AD 2000-08-06]

RIN 2120-AA64

Airworthiness Directives; Eurocopter France Model SA-366G1 Helicopters

AGENCY: Federal Aviation Administration, DOT.

ACTION: Final rule.

SUMMARY: This amendment adopts a new airworthiness directive (AD), applicable to Eurocopter France Model SA-366G1 helicopters, that requires replacing certain electrical modules with airworthy electrical modules. This amendment is prompted by the discovery of several defective electrical modules. The actions specified by this AD are intended to prevent loss of electrical continuity, which could cause loss of critical systems and subsequent loss of control of the helicopter.

EFFECTIVE DATE: May 24, 2000.

FOR FURTHER INFORMATION CONTACT: Robert McCallister, Aerospace Engineer, FAA, Rotorcraft Directorate, Rotorcraft Standards Staff, Fort Worth, Texas 76193-0110, telephone (817) 222-5121, fax (817) 222-5961.

SUPPLEMENTARY INFORMATION: A proposal to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) to include an airworthiness directive (AD) that is applicable to Eurocopter France Model SA-366G1 helicopters was published in the **Federal Register** on January 10, 2000 (65 FR 1353). That action proposed to require replacing certain electrical modules with airworthy electrical modules.

Interested persons have been afforded an opportunity to participate in the making of this amendment. No comments were received on the

proposal or the FAA's determination of the cost to the public. The FAA has determined that air safety and the public interest require the adoption of the rule as proposed.

The FAA estimates that 94 helicopters of U.S. registry will be affected by this AD, that it will take approximately 100 work hours per helicopter to accomplish the required actions, and that the average labor rate is \$60 per work hour. Required parts will cost approximately \$2,969 for the maximum number of modules replaced per helicopter, but the manufacturer has stated that the parts will be provided at no cost. Based on these figures, the total cost impact of the AD on U.S. operators is estimated to be \$564,000.

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

For the reasons discussed above, I certify that this action (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A final evaluation has been prepared for this action and it is contained in the Rules Docket. A copy of it may be obtained from the Rules Docket at the Office of the Regional Counsel, Southwest Region, 2601 Meacham Blvd., Room 663, Fort Worth, Texas.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Safety.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration amends part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

2. Section 39.13 is amended by adding a new airworthiness directive to read as follows:

AD 2000-08-06 Eurocopter France:

Amendment 39-11692. Docket No. 99-SW-14-AD.

Applicability: Model SA-366G1 helicopters, certificated in any category.

Note 1: This AD applies to each helicopter identified in the preceding applicability provision, regardless of whether it has been otherwise modified, altered, or repaired in the area subject to the requirements of this AD. For helicopters that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (b) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and, if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

Compliance: Required within 400 hours time-in-service or within 6 calendar months, whichever occurs first, unless accomplished previously.

To prevent loss of electrical continuity, which could cause loss of required systems and subsequent loss of control of the helicopter, accomplish the following:

(a) Replace each "CONNECTRAL" green electrical module that does not have a white dot on the face and that has a manufacturing code of 95/16 through 96/21 with an airworthy electrical module. Those manufacturing codes identify modules manufactured between the beginning of the 16th week of 1995 and the end of the 21st week of 1996.

Note 2: Eurocopter France Service Bulletin No. 01.25, dated May 28, 1998, pertains to the subject of this AD.

(b) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, Regulations Group, Rotorcraft Directorate, FAA. Operators shall submit their requests through an FAA Principal Maintenance Inspector, who may concur or comment and then send it to the Manager, Regulations Group.

Note 3: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Regulations Group.

(c) Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the helicopter to a location where the requirements of this AD can be accomplished.

(d) This amendment becomes effective on May 24, 2000.

Note 4: The subject of this AD is addressed in Direction Generale De L'Aviation Civile AD 98-251-022(A), dated July 1, 1998.
