

HHAs furnishing services to Medicare beneficiaries.

When an HHA expects payment for the home health services to be denied by Medicare, a beneficiary must be advised before home health care is initiated or continued that, in the HHA's opinion, payment probably will be required from him or her personally or through other insurance. The HHABNs are designed to ensure that HHAs inform beneficiaries in writing, in a timely fashion, about changes to their home health care, the fact that they may have to pay for care themselves if Medicare does not pay, the process they must follow in order to obtain an initial determination by Medicare and, if payment is denied, to file an appeal, and the fact that they waive those rights if they refuse to allow their health information to be sent to Medicare. The HHABNs are to be issued by the HHA each time, and as soon as, the HHA makes the assessment that it believes Medicare payment will not be made. The HHABNs are to be provided by HHAs in any case where a reduction or termination of services is to occur, or where services are to be denied before being initiated, except in any case in which a physician concurs in the reduction, termination, or denial of services. Failure to do so would be a violation of the HHA Conditions of Participation in the Medicare Program, which are currently approved PRA requirements approved under OMB number 0938-0365, and may result in the HHA being held liable under the Limitation on Liability (LOL) provision.

#### *Home Health Advance Beneficiary Notices (HHABNs)*

HHABNs serve as notice to the beneficiary that the HHA believes that home health services are not, or will no longer be, covered in different situations. HHABN-T, Termination, is used when all home health services will be terminated. HHABN-I, Initiation, is used when the HHA expects, even before services have been initiated, that Medicare will not pay. HHABN-R, Reduction, is used when ongoing home health services will be reduced (e.g., reduced in number, frequency, or for a particular subset of services, or otherwise).
