

the license transfers from DP&L and ACE to PSEG Nuclear referenced above are approved, subject to the following conditions:

1. Any interim transaction described in the application whereby DP&L's and ACE's interests in Salem Units 1 and 2 are first acquired by PSE&G, PSEG Power, or any other entity prior to the acquisition by PSEG Nuclear of such interest, shall not result in the acquisition, possession, or use of Salem Units 1 and 2, or any activity for which a license is required under the Atomic Energy Act of 1954, as amended, by any entity other than PSEG Nuclear, unless such result is expressly approved by a separate order upon further application. This Order shall not be deemed to provide consent under 10 CFR 50.80 to the transfer of the licenses for Salem Units 1 and 2 with respect to DP&L's and ACE's interests in Salem Units 1 and 2 to any entity other than PSEG Nuclear.

2. ACE and DP&L will transfer on or about the closing date to the respective PSEG Nuclear decommissioning trusts a minimum of \$41.9 million for Salem Unit 1, and \$31.0 million for Salem Unit 2.

3. The decommissioning trust agreement(s) for Salem Units 1 and 2 shall provide that:

a. The use of assets in both the qualified and non-qualified funds shall be limited to expenses related to decommissioning of the unit as defined by the NRC in its regulations and issuances, and as provided in the unit's license and any amendments thereto. However, upon completion of decommissioning, as defined above, the assets may be used for any purpose authorized by law.

b. Investments in the securities or other obligations of PSE&G or affiliates thereof, or their successors or assigns, shall be prohibited. In addition, except for investments tied to market indexes or other non-nuclear sector mutual funds, investments in any entity owning one or more nuclear power plants shall be prohibited.]

c. No disbursements or payments from the trust shall be made by the trustee until the trustee has first given the NRC 30 days notice of the payment. In addition, no disbursements or payments from the trust shall be made if the trustee receives prior written notice of objection from the Director, Office of Nuclear Reactor Regulation.

d. The trust agreement shall not be modified in any material respect without prior written notification to the Director, Office of Nuclear Reactor Regulation.

e. The trustee, investment advisor, or anyone else directing the investments made in the trust shall adhere to a "prudent investor" standard, as specified in 18 CFR 35.32(3) of the Federal Energy Regulatory Commission's regulations.

4. After receipt of all required regulatory approvals of the subject transfer, PSE&G shall inform the Director, Office of Nuclear Reactor Regulation, in writing of such receipt, and of the date of closing of the transfer no later than 7 business days prior to the date of closing. Should the transfer not be completed by December 31, 2000, this Order shall become null and void, provided, however, on application and for good cause shown, such date may be extended.

It Is Further Ordered That, consistent with 10 CFR 2.1315(b), license amendments that make changes, as indicated in Enclosure 2 to the cover letter forwarding this Order, to conform each Salem license to reflect the subject license transfers are approved. Such amendments shall be issued and made effective at the time the proposed license transfers are completed.

This Order is effective upon issuance. For further details with respect to this Order, see the initial application dated December 20, 1999, and supplements dated February 11 and February 25, 2000, which are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC. Publically available documents will be accessible electronically from the ADAMS Public Library component on the NRC Web site <http://www.nrc.gov> (the Electronic Reading Room).

Dated at Rockville, Maryland, this 21st day of April 2000.

For the Nuclear Regulatory Commission.

Samuel J. Collins,

Director, Office of Nuclear Reactor Regulation.
