#### American Fisheries Act: Vessel and Processor Permit Applications: Proposed Information Collection; Request for Comments

**AGENCY:** National Oceanic and Atmospheric Administration

**ACTION:** Proposed collection; comment request.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

**DATES:** Written comments must be submitted on or before June 26, 2000.

**ADDRESSES:** Direct all written comments to Linda Engelmeier, Departmental Forms Clearance Officer, Department of Commerce, Room 5027, 14th and Constitution Avenue NW, Washington DC 20230 (or via Internet at lengelme@doc.gov).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Patsy A. Bearden, F/

AK01, NOAA/NMFS, P.O. Box 21668, Juneau, AK 99802-1668 (907-586-7228).

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The American Fisheries Act (AFA), signed into law in October 1998, established a new allocation program for the pollock fishery of the Bering Sea and Aleutian Islands Management Area (BSAI). NOAA issued an emergency interim rule to give immediate effect to all AFA-mandated management measures. Under the AFA, only vessels and processors that meet specific qualifying criteria are eligible to fish for and process pollock in the BSAI. The BSAI pollock quota is suballocated to groups of vessel owners who form fishing vessel cooperatives under the AFA. NOAA administers new AFA fishing, processing, and cooperative permits for the BSAI pollock fishery through application form requirements that allow NOAA to identify and permit the vessels and processors that are eligible to participate in the BSAI pollock fishery. Owners of vessels and processors must submit evidence of their qualification to participate.

##### II. Method of Collection

Applications are submitted on paper forms.

##### III. Data

*OMB Number:* 0648-0393.

*Form Number:* None.

*Type of Review:* Regular submission.

*Affected public:* Business or other for-profit institutions, individuals or households.

*Estimated Number of Respondents:* 141.

*Estimated Time Per Respondents:* 30 minutes for AFA replacement vessel applications, 2 hours for other applications.

*Estimated Total Annual Burden Hours:* 280.

*Estimated Total Annual Cost to Public:* \$783.

##### IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the

use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The purpose of this collection of information is to comply with the

requirements of the International Dolphin Conservation Program Act (IDCPA) amendments to the Marine Mammal Protection Act (MMPA). IDCPA regulations require the submission of documentary evidence that shipments of tuna or certain other fish products entering the United States were captured, processed, and labeled in accordance with the requirements of the Act, and that the shipments originated from nations legally eligible under the Act to export such products to the U.S. The collection serves three purposes: (1) documents the dolphin-safe status of tuna import shipments as well as domestic deliveries of tuna by U.S.-flag tuna purse seine vessels; (2) verifies that import shipments of fish were not harvested by large-scale, high-seas driftnets; and (3) verifies that tuna was not harvested by a nation under embargo or otherwise prohibited from exporting tuna and tuna products to the United States.

## II. Method of Collection

Forms are submitted by foreign exporters or domestic importers for shipments entering the United States. Forms may also be submitted by domestic tuna processors or tuna fishing vessel owners to report the dolphin-safe status of their catch. Forms must be accompanied by statements signed by vessel Captains, fishing observers, or representatives of exporting nations that attest to the dolphin-safe status of the shipment.

## III. Data

*OMB Number:* 0648-0335.

*Form Number:* NOAA Form 370.

*Type of Review:* Regular submission.

*Affected Public:* Business and other for-profit institutions (Importers, exporters, brokers, tuna processors, tuna purse seine vessel Captains and owners, and tuna fishery observers).

*Estimated Number of Respondents:* 350.

*Estimated Time Per Response:* 20 minutes for processors, importers, and exporters, 5 minutes for vessel Captains and fishing observers.

*Estimated Total Annual Burden Hours:* 1,033.

*Estimated Total Annual Cost to Public:* \$100.

## IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the

proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

**SUPPLEMENTARY INFORMATION:**

## I. Abstract

The American Fisheries Act (AFA), signed into law in October 1998, established a new allocation program for the pollock fishery of the Bering Sea and Aleutian Islands Management Area (BSAI). NOAA issued an emergency interim rule to give immediate effect to all AFA-mandated management measures including new recordkeeping and reporting requirements for the BSAI pollock fishery, for processors that receive groundfish from AFA catcher vessels, and BSAI pollock fishery cooperatives formed under the AFA. These measures received emergency approval under the Paperwork Reduction Act, and NOAA is now seeking extension of that approval under normal clearance procedures.

## II. Method of Collection

All documents are submitted or retained in paper form except for shoreside processor logbooks, which are submitted in electronic form.

## III. Data

*OMB Number:* 0648-0401.

*Form Number:* None.

*Type of Review:* Regular submission.

*Affected Public:* Business or other for-profit institutions, individuals or households.

*Estimated Number of Respondents:* 22.

*Estimated Time Per Response:* 5 minutes to submit an AFA cooperative contract, 35 minutes per response for the shoreside processor electronic logbook, 4 hours per mothership and catcher/processor for at-sea scale documentation, 5 minutes for a cooperative pollock catch report, 8 hours for a cooperative preliminary report, and 8 hours for a cooperative final report.

*Estimated Total Annual Burden Hours:* 573.

*Estimated Total Annual Cost to Public:* \$140.
