Notice of Intent To Prepare a Comprehensive Conservation Plan for Bayou Cocodrie National Wildlife Refuge in Concordia Parish, Louisiana

SUMMARY: This notice advises the public that the U.S. Fish and Wildlife Service intends to gather information necessary to prepare a comprehensive conservation plan and associated environmental documents pursuant to the National Environmental Policy Act and implementing regulations to achieve the following:

(1) Advise other agencies and the public of our intentions, and

(2) To obtain suggestions and information on the scope of issues to include in the environmental documents.

DATES: Written comments should be received on or before June 27, 2000.

ADDRESSES: Address comments and requests for more information to the following: Refuge Manager, Bayou Cocodrie National Wildlife Refuge, P.O. Box 1772, Ferriday, Louisiana 71334, (318) 336-7119.

If you wish to comment, you may submit your comments by any one of several methods. You may mail comments to the above address. You may also comment via the Internet to the following address: Jerome Ford_@fws.gov. Please submit Internet comments as an ASCII file avoiding the use of special characters and any form of encryption. Please also include your name and return address in your Internet message. If you do not receive a confirmation from the system that we have received your Internet message, contact us directly at Bayou Cocodrie National Wildlife Refuge at the above address. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may

request that we withhold their home address from the rulemaking record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the rulemaking record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

SUPPLEMENTARY INFORMATION: By Federal law, all lands within the National Wildlife Refuge System are to be managed in accordance with an approved comprehensive conservation plan. These plans will guide management decisions and identify refuge goals, long-range objectives, and strategies for achieving refuge purposes. The planning process will consider many elements, including habitat and wildlife management, habitat protection and acquisition, public use, and cultural resources. Public input into this planning process is essential. Plans will provide other agencies and the public with a clear understanding of the desired conditions for the refuge and how the Service will implement management strategies.

Review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 et seq.), National Environmental Policy Act Regulations (40 CFR parts 1500-1508), other appropriate Federal laws and regulations, including the National Wildlife Refuge System Improvement Act of 1997, Executive Order 12996, and Service policies and procedures for compliance with those regulations.

We estimate that the draft environmental documents will be available for public review by August 2000.

Dated: April 20, 2000.

H. Dale Hall,

Acting Regional Director.

Geological Survey

Request for Public Comments on Information Collection To Be Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act

A request extending the collection of information listed below will be submitted to the Office of Management and Budget for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed collection of information and related forms may be obtained by contacting the USGS Clearance Officer at the phone number listed below. Comments and suggestions on the requirement should be made within 60 days directly to the USGS Clearance Officer, U.S. Geological Survey, 807 National Center, Reston, VA 20192. As required by OMB regulations at 5 CFR 1320.8(d)(1), the U.S. Geological Survey solicits specific public comments regarding the proposed information collection as to:

1. Whether the collection of information is necessary for the proper performance of the functions of the USGS, including whether the information will have practical utility;
2. The accuracy of the USGS estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. The utility, quality, and clarity of the information to be collected; and,
4. How to minimize the burden of the collection of information on those who

are to respond, including the use of appropriate automated electronic, mechanical, or other forms of information technology.

Title: Comprehensive Test Ban Treaty.

Current OMB approval number: 1028–0059.

Abstract: The information, required by the Comprehensive Test Ban Treaty (CTBT), will provide the CTBT Technical Secretariat with geographic locations of sites where chemical explosions greater than 300 tons TNT-equivalent have occurred. Respondents to the information collection request are U.S. nonfuel minerals producers.

Bureau form number: 9–4040–A.

Frequency: Annual.

Description of respondents:

Companies that have conducted in the last calendar year, or that will conduct in the next calendar year, explosions with a total charge size of 300 tons of TNT-equivalent, or greater.

Annual Responses: 3,000.

Annual burden hours: 750.

Bureau clearance officer: John Cordyack, 703–648–7313.

Proposed Right-of-Way for an AT&T Corp. Buried Fiber Optic Telecommunications System and Plan Amendment

AGENCY: Bureau of Land Management, California Desert District, DOI.

ACTION: Notice of Intent to Prepare an Environmental Assessment and an Amendment to the California Desert Conservation Area Plan.

SUMMARY: The Department of Interior, Bureau of Land Management (“BLM”) will prepare an Environmental Assessment for a right-of-way proposed by AT&T Corp. for a buried fiber optic telecommunications line and associated facilities. This system, running from Lamesa, Texas to Los Angeles, California, is called the AT&T-NexGen Project (“Project”). The proposed action, which crosses federal lands in the States of California, Arizona and New Mexico, will also include a proposed plan amendment to the California Desert Conservation Area (CDCA) Plan, since it specifically involves rights-of-way outside of designated utility corridors
