

DEPARTMENT OF THE INTERIOR**National Park Service****General Management Plan, Environmental Impact Statement, Big Bend National Park, Texas; River Management Plan, Environmental Impact Statement, Rio Grande Wild and Scenic River, Texas, and Wilderness Study, Environmental Impact Statement, Harte Ranch, Big Bend National Park, Texas**

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of intent to prepare an environmental impact statement for the general management plan, Big Bend National Park (NP), Texas, river management plan, Rio Grande Wild and Scenic River (WSR), Texas, and wilderness study, Harte Ranch, Big Bend National Park.

SUMMARY: Under the provisions of the National Environmental Policy Act of 1969, the National Park Service is preparing an environmental impact statement for the general management plan (GMP) for Big Bend NP, river management plan (RMP), Rio Grande WSR and wilderness study, Harte Ranch, Big Bend NP. The Harte Ranch, in the northern portion of the park, was added to the park since the 1973 Final Environmental Impact Statement on Proposed Wilderness Classification, Big Bend National Park. The planning projects may be covered together in one EIS or may be separated into two or three. The planning effort will result in a comprehensive general management plan and river management plan that encompass preservation of natural and cultural resources, visitor use and interpretation, roads, and facilities. In cooperation with local interests, attention will also be given to resources outside the boundaries that affect the integrity of the park or wild and scenic river. Alternatives to be considered include no-action, the preferred alternative, and other alternatives addressing the following major issues:

- How can the important natural and cultural resources be best protected and preserved, while providing for visitor use for present and future generations?
- What level and type of use is appropriate to be consistent with the park's purpose, and to relate to the park's significance?
- What facilities are needed to meet the mission goals of the park regarding natural and cultural resource management, visitor use and interpretation, partnerships, and operations?

The document will also include a study of the Harte Ranch and its characteristics and values related to wilderness as defined in the Wilderness Act. The study will include alternative recommendations to Congress for Wilderness designation of all or portions of the Harte Ranch.

The National Park Service is planning to hold public scoping meetings regarding the three projects (GMP, RMP, wilderness study) during the week of May 22. Specific dates, times, and locations will be announced in the local media, and can be obtained by contacting the park superintendent. The purpose of these meetings is to explain the planning process and to obtain comments concerning appropriate resource management; desired visitor use, interpretation, and facilities; and issues that need to be resolved. In addition to attending scoping meetings, people wishing to provide input to this initial phase of developing the GMP, RMP, and wilderness study may address comments to the superintendent. Scoping comments should be received no later than 60 days from the publication of this Notice of Intent.

Comments

If you wish to submit issues or provide input to this initial phase of developing the GMP, RMP, and wilderness study, you may do so by any one of several methods. In addition to attending scoping meetings, you may mail comments to Superintendent, P.O. Box 129, Big Bend National Park, Texas 79834. You may comment via the Internet to BIBE_Superintendent@NPS.gov. Please submit Internet comments as an ASCII file avoiding the use of special characters and any form of encryption. Please also include "Attn: GMP Team" and your name and return address in your Internet message. If you do not receive a confirmation from the system that we have received your Internet message, contact Superintendent Frank Deckert directly at telephone (915) 477-1101. Finally you may hand-deliver your comments to park headquarters, Panther Junction, Big Bend National Park, Texas. Scoping comments should be received no later than 60 days from the publication of this Notice of Intent. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home addresses from the record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the record a respondent's

identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Superintendent Frank Deckert, P. O. Box 129, Big Bend National Park, Texas 79834; Tel: (915) 477-1101; Fax: (915) 477-2357; e-mail: deckert_frank@nps.gov.

Dated: April 26, 2000,

Richard Everhart,

Acting Director, Intermountain Region, National Park Service.

DEPARTMENT OF THE INTERIOR**National Park Service****Resource Protection Study, Environmental Impact Statement, Curecanti National Recreation Area, Colorado**

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of intent to prepare an environmental impact statement for the Resource Protection Study, Curecanti National Recreation Area, Colorado.

SUMMARY: Under the provisions of the National Environmental Policy Act of 1969, the National Park Service is preparing an environmental impact statement for the Resource Protection Study (RPS) for Curecanti National Recreation Area, Colorado. The study will result in recommendations to be made to the Congress, as directed by Public Law 106-76, concerning resource protection and open space on land within and surrounding Curecanti National Recreation Area. The alternatives to be considered include no action, the preferred alternative, and other alternatives that address issues required by P.L. 106-76:

- assess the natural, cultural, recreational and scenic resource value and character of the land within and surrounding the Curecanti National Recreation Area (including open vistas, wildlife habitat, and other public benefits);

- identify practicable alternatives that protect the resource value and character of the land within and surrounding the Curecanti National Recreation Area;
- recommend a variety of economically feasible and viable tools to achieve these purposes;
- estimate the costs of implementing the approaches recommended by the study; and not later than October 21, 2002, submit a report to Congress containing the study's findings and recommendations.

The National Park Service is planning to hold an open house regarding the Curecanti Resource Protection Study between the hours of 3:00 p.m. and 8:00 p.m. on May 24, at the Gunnison County Multi-Purpose Building, Gunnison Fairgrounds, 275 South Spruce, Gunnison, CO. The purpose of the open house is to explain the planning process, to solicit concerns and comments regarding the study, and to identify resource and other issues that need to be resolved. The National Park Service will send individual notices regarding the meeting to adjacent landowners and to other persons and organizations on the park's mailing list, as well as prepare news releases to be distributed to various forms of news media announcing the open house meeting.

Comments

If you wish to submit issues or provide input to this initial phase of the Curecanti RPS, you may do so by any one of several methods. In addition to attending the open house, you may mail comments to Curecanti Resource Protection Plan, Attn: Dave Roberts, 2465 South Townsend Avenue, Montrose, CO 81401. You may also comment via the Internet to dave_roberts@nps.gov. Please submit Internet comments as an ASCII file, avoiding the use of special characters and any form of encryption. Entitle the subject of your Internet message "RPP Comments". Include your name and home address at the end of your message. If you do not receive a confirmation from the system that we have received your Internet message, contact Dave Roberts at 970-240-5432. Finally, you may hand-deliver your comments to either of two locations: (1) Superintendent's Office, located near Elk Creek Visitor Center, approximately 15 miles west of the City of Gunnison on Hwy. 50; or (2) the Montrose Public Lands Center, 2535 South Townsend Avenue, Montrose, CO. Comments should be received no later than 60 days from the publication of this Notice of Intent.

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home addresses from the record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations of businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT:

Dave Roberts, Management Assistant, Black Canyon of the Gunnison National Park and Curecanti National Recreation Area, 2465 South Townsend Avenue, Montrose, CO 81401, Telephone: 970-240-5432, E-Mail: dave_roberts@nps.gov.

Dated: April 19, 2000.

Michael D. Synder,

Acting Director, Intermountain Region.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Bay-Delta Advisory Council's Ecosystem Roundtable Meeting and Ecosystem Roundtable Amendments Subcommittee Meeting

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of meetings.

SUMMARY: The Bay-Delta Advisory Council's (BDAC) Ecosystem Roundtable will meet on May 17, 2000 to be briefed on proposals received from the 2001 proposal solicitation package, to discuss the water acquisition program, the Restoration Reserve, and other topics. The Amendments Subcommittee will also meet on May 17, 2000 to discuss proposed contract modifications for several ongoing ecosystem restoration projects including the Fish Passage Improvement Project at Red Bluff Diversion Dam, Assessment of Ecological and Human Health Impacts of Mercury in the Bay-Delta watershed and others. These meetings are open to the public. Interested persons may make oral statements to the Ecosystem

Roundtable and Amendments Subcommittee or may file written statements for consideration.

DATES: The BDAC's Ecosystem Roundtable meeting will be held from 9:30 a.m. to 12:00 p.m. on Wednesday, May 17, 2000. The Ecosystem Roundtable Amendments Subcommittee meeting will be held from 1:00 p.m. to 3:00 p.m. on Wednesday, May 17, 2000.

ADDRESSES: The Ecosystem Roundtable and Amendments Subcommittee will meet at the Resources Building, Room 1131, 1416 Ninth Street, Sacramento, CA 95814.

FOR FURTHER INFORMATION CONTACT:

Wendy Halverson Martin, CALFED Bay-Delta Program, at (916) 657-2666. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

SUPPLEMENTARY INFORMATION: The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan that addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term
