Proposed Projects

1. PHS Supplements to the
 Application for Federal Assistance—SF
 424 (0920-0428)—Extension—The
 Centers for Disease Control and
 Prevention (CDC) is requesting a three-
 year extension for continued use of the
 Supplements to the Request for Federal
 Assistance Application (SF-424). The
 Checklist, Program Narrative, and the
 Public Health System Impact Statement

(third party notification) (PHSIS) are a
 part of the standard application for State
 and local governments and for private
 non-profit and for-profit organizations
 when applying for financial assistance
 from PHS grant programs. The Checklist
 assists applicants to ensure that they
 have included all required information
 necessary to process the application.
 The Checklist data helps to reduce the
 time required to process and review
 grant applications, expediting the
 issuance of grant awards. The PHSIS
 Third Party Notification Form is used to
 inform State and local health agencies of
 community-based proposals submitted
 by non-governmental applicants for
 Federal funding. We also requesting the
 use of a new CDC form (CDC 0.1113) to
 be used once an award is granted. This
 form will provide CDC specific
 assurances after an award is granted.
 Total annual hours burden are 31,204.

Submission for OMB Review; Comment Request

Title: Low Income Home Energy Assistance Program (LIHEAP) Leveraging Report.
OMB No.: 0970-0121.

Description: The LIHEAP leveraging incentive program rewards LIHEAP grantees that have leveraged nonfederal home energy resources for low income households. The LIHEAP leveraging report is the application for leveraging incentive funds that these LIHEAP grantees submit to HHS for each fiscal year in which they leverage countable resources. Participation in the leveraging incentive program is voluntary. The Leveraging report obtains information on the resources leveraged by LIHEAP grantees each fiscal year (as cash, discounts, waivers, and in-kind); the benefits provided to low income households by these resources (for example, as fuel and payments for fuel, as home heating and

cooling equipment, and is weatherization materials and installation); and the fair market value of these resource/benefits. HHS needs this information in order to carry out statutory requirements for administering the LIHEAP leveraging incentive program, to determine countability and valuation of grantees' leveraged nonfederal home energy resources, and to determine grantees' shares of leveraging incentive funds. HHS proposes to request a 3-year extension of OMB approval for the currently approved LIHEAP leveraging report information collection.

Respondents: State and Tribal Governments.

Annual Burden Estimates:

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
LIHEAP leveraging Report	70	1	38	2,660
Estimated total annual burden hours				2,660

Additional Information: Copies of the proposed collection may be obtained by writing to The Administration for Children and Families, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer.
