(l) NARA—Pacific Region (Laguna Niguel, CA) is located at 24000 Avila Rd., 1st Floor East Entrance, Laguna Niguel, CA (mailing address: PO Box 6719, Laguna Niguel, CA 92670–6719). The hours are 8 a.m. to 4:30 p.m., Monday through Friday. The telephone number is 949–360–6334.

(m) NARA—Pacific Alaska Region (Seattle) is located at 6125 Sand Point Way NE, Seattle, WA 98115–7999. The hours are 7:45 a.m. to 4:15 p.m., Monday through Friday. The telephone number is 206–526–6501.

§1253.7 Regional archives.
Most regional archives offer extended research room hours for microfilm research only. Information on extended hours is available from individual facilities. Regional archives are closed on Federal holidays. Information on each regional archives facility is as follows:

(a) NARA—Northeast Region (Boston) is located in the Frederick C. Murphy Federal Center, 380 Trapelo Rd., Waltham, MA 02452–6399. The hours are 8 a.m. to 4:30 p.m., Monday through Friday. The telephone number is 781–647–8100.

(b) NARA—Northeast Region (Pittsfield, MA) is located at 10 Conte Drive, Pittsfield, MA 01201–8230. The hours are 8 a.m. to 4 p.m., Monday through Friday. The telephone number is 413–445–6885.

(c) NARA—Northeast Region (New York City) is located at 201 Varick St., New York, NY 10014–4811. The hours are 8 a.m. to 4:30 p.m., Monday through Friday. The telephone number is 212–337–1300.

(d) NARA—Mid Atlantic Region (Center City Philadelphia) is located at 900 Market St. Room 1350, Philadelphia, PA 19107–4292. The hours are 8 a.m. to 5 p.m., Monday through Friday. The telephone number is 215–597–3000.

(e) NARA—Southeast Region (Atlanta) is located at 1557 St. Joseph Ave., East Point, GA 30344–2593. The hours are 7 a.m. to 4 p.m., Monday through Friday. The telephone number is 404–763–7474.

(f) NARA—Great Lakes Region (Chicago) is located at 7358 S. Pulaski Rd., Chicago, IL 60629–5898. The hours are 8 a.m. to 4:15 p.m., Monday through Friday. The telephone number is 773–581–7816.

(g) NARA—Central Plains Region (Kansas City) is located at 2312 E. Bannister Rd., Kansas City, MO 64131–3060. The hours are 8 a.m. to 4 p.m., Monday through Friday. The telephone number is 816–926–6982.

(h) NARA—Southwest Region (Fort Worth) is located at 501 West Felix St., Bldg. 1, Dock 1, Fort Worth, TX (mailing address: P.O. Box 6216, Fort Worth, TX 76115–0216). The hours are 8 a.m. to 4 p.m., Monday through Friday. The telephone number is 817–334–5525.

(i) NARA—Rocky Mountain Region (Denver) is located at Building 48, Denver Federal Center, West 6th Avenue and Kipling Street, Denver, CO (mailing address: PO Box 25307, Denver, CO 80225–0307). The hours are 7:30 a.m. to 3:45 p.m., Monday through Friday. The telephone number is 303–236–0804.

(j) NARA—Pacific Region (Laguna Niguel, CA) is located at 24000 Avila Rd., 1st Floor East Entrance, Laguna Niguel, CA (mailing address: PO Box 6719, Laguna Niguel, CA 92670–6719). The hours are 8 a.m. to 4:30 p.m., Monday through Friday. The telephone number is 949–360–2641.

(k) NARA—Pacific Region (San Francisco) is located at 1000 Commodore Dr., San Bruno, CA 94066–2350. The hours are 7:30 a.m. to 4:00 p.m., Monday through Friday. The telephone number is 650–876–9009.

(l) NARA—Pacific Alaska Region (Seattle) is located at 6125 Sand Point Way NE, Seattle, WA 98115–7999. The hours are 7:45 a.m. to 4:15 p.m., Monday through Friday. The telephone number is 206–526–6501.

SUMMARY: The EPA is proposing to amend the National Emission Standards for Hazardous Air Pollutants (NESHAP) for Polyether Polyoxy Polylol Production; the Synthetic Organic Chemical Manufacturing Industry (also known as the Hazardous Organics NESHAP, or HON); Epoxy Resins Production and Non-Nylon Polyamides Production; and Petroleum Refineries. This action proposes to correct referencing errors and several equations which contained printing errors in the final NESHAP for Polyether Polyoxy Polylol Production. This action proposes to amend the definition of a process change and the description of excess emissions; the requirements pertaining to submission of a request for extension of a compliance date; the storage vessel monitoring requirements; the definition of the terms epoxide, Polyether polyol, and Group 2 wastewater stream; the conditions required during performance testing for batch process vents; which compounds are considered to be organic HAP for the purposes of both the maintenance wastewater and the process wastewater requirements; the information requirements for start-up, shutdown, and malfunction reports; the dates on which initial notification reports are due; and the reporting requirements for other reports to clarify those requirements. For all four NESHAP, the EPA is proposing to amend the definition of equipment leaks to add the term “connectors” to the list of equipment that is subject to the equipment leak provisions in those NESHAP.

In the “Rules and Regulations” section of this Federal Register, we are making these corrections in a direct final rule, without prior proposal, because we view these revisions as noncontroversial, and we anticipate no adverse comments. We have explained our reasons for these corrections in the preamble to the direct final rule. If we receive no adverse comments, we will take no further action on this proposed rule. If an adverse comment applies to an amendment, paragraph, or section of this proposed rule, and that provision may be addressed separately from the remainder of the proposed rule, we will withdraw only those provisions on which we received adverse comments. We will publish a timely withdrawal in the Federal Register indicating which provisions will become effective and which provisions are being withdrawn. If part or all of the direct final rule in the “Rules and Regulations” section of this Federal Register is withdrawn, all public comments pertaining to those provisions will be addressed in a
subsequent final rule based on this proposed rule. We will not institute a second comment period on that subsequent final rule. Any parties interested in commenting must do so at this time.

DATES: Comments. Written comments must be received by June 7, 2000, unless a hearing is requested by May 18, 2000. If a hearing is requested, written comments must be received by June 22, 2000.

   Public Hearing. If anyone contacts the EPA requesting to speak at a public hearing by May 18, 2000, a public hearing will be held on May 22, 2000.

   Comments. Written comments should be submitted (in duplicate, if possible) to: Air and Radiation Docket and Information Center (6102), Attention Docket numbers A–90–20, A–92–37, A–93–48, and/or A–96–38 (see docket section below), Room M–1500, U.S. Environmental Protection Agency, 401 M Street SW, Washington, DC 20460. The EPA requests that a separate copy also be sent to the contact person listed below.

   ADDRESSES: Docket. Docket numbers A–90–20, A–92–37 (Epoxy Resins Production and Non-Nylon Polyamides Production), A–93–48 (Petroleum Refineries), and A–96–38 (Polyether Polyols Production) contain supporting information used in developing the standards. The dockets are located at the U.S. Environmental Protection Agency, 401 M Street SW, Washington, DC 20460, in Room M–1500, Waterside Mall (ground floor), and may be inspected from 8:30 a.m. to 5:30 p.m., Monday through Friday, excluding legal holidays.

   Public Hearing. If a public hearing is held, it will be held at the EPA’s Office of Administration Auditorium, Research Triangle Park, North Carolina at 10:30 a.m.

   FOR FURTHER INFORMATION CONTACT: Mr. Robert E. Rosensteel, Organic Chemicals Group, Emission Standards Division (MD–13), Office of Air Quality Planning and Standards, U.S. EPA, Research Triangle Park, NC 27711, telephone number (919) 541–5608, electronic mail address: rosensteel.bob@epa.gov.

   SUPPLEMENTARY INFORMATION: Docket. The docket is an organized and complete file of all the information considered by the EPA in the development of this rulemaking. The docket is a dynamic file because material is added throughout the rulemaking process. The docketing system is intended to allow members of the public and industries involved to readily identify and locate documents so that they can effectively participate in the rulemaking process. Along with the proposed and promulgated standards and their preambles, the contents of the docket will serve as the record in the case of judicial review. (See section 307(d)(7)(A) of the Clean Air Act.) An index for each docket, as well as individual items contained within the dockets, may be obtained by calling (202) 260–7548 or (202) 260–7549. A reasonable fee may be charged for copying docket materials. Docket indexes are also available by facsimile, as described on the Office of Air and Radiation, Docket and Information Center Website at http://www.epa.gov/airprogm/oar/docket/faxlist.html.

   Public Hearing. Persons interested in presenting oral testimony or inquiring as to whether a hearing is to be held should contact Ms. Maria Noell, U.S. Environmental Protection Agency, 411 W. Chapel Hill Street, Durham, NC 27711, telephone (919) 541–5607, at least 2 days in advance of the public hearing. Persons interested in attending the public hearing must also call Ms. Maria Noell to verify the time, date, and location of the hearing. The public hearing will provide interested parties the opportunity to present data, views, or arguments concerning these proposed amendments.

   Comments. Comments and data may be submitted by electronic mail (e-mail) to: a-and-r.docket@epa.gov. Electronic comments must be submitted as an ASCII file to avoid the use of special characters and encryption problems and will also be accepted on disks in WordPerfect® version 5.1, 6.1 or Corel 8 file format. All comments and data submitted in electronic form must note the docket numbers A–90–20, A–92–37, A–93–48, and/or A–96–38. No confidential business information (CBI) should be submitted by e-mail. Electronic comments may be filed online at many Federal Depository Libraries.

   Commenters wishing to submit proprietary information for consideration must clearly distinguish such information from other comments and clearly label it as CBI. Send submissions containing such proprietary information directly to the EPA, the information may be made available to the public without further notice to the commenter.

   World Wide Web. In addition to being available in the docket, an electronic copy of this proposed rule is also available through the World Wide Web (WWW). Following signature, a copy of the rule will be posted on the EPA’s Technology Transfer Network (TTN) policy and guidance page for newly proposed or promulgated rules at http://www.epa.gov/tnn/oarpg. The TTN at EPA’s web site provides information and technology exchange in various areas of air pollution control. If more information regarding the TTN is needed, call the TTN HELP line at (919) 541–5384.

   Regulated Entities. Categories and entities potentially affected by this proposed rule include:

What Are the Administrative Requirements for This Action?

Regulatory Flexibility Act (RFA), as Amended by the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA), 5 U.S.C. 601 et seq.

The RFA generally requires an agency to prepare a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements under the Administrative Procedure Act or any other statute unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. Small entities include small businesses, small organizations, and small governmental jurisdictions.

For purposes of assessing the impact of this proposed rule on small entities, small entity is defined as: (1) A small business that has less than 750 employees and is unaffiliated with a larger domestic entity; (2) a small governmental jurisdiction that is a government of a city, county, town, school district or special district with a population of less than 50,000; and (3) a small organization that is any not-for-profit enterprise which is independently owned and operated and is not dominant in its field.

After considering the economic impacts of this proposed rule on small entities, I certify that this action will not have a significant economic impact on a substantial number of small entities. We have determined that 7 of the 36 polyether polyol production facilities are classified as small entities (i.e., having fewer than 750 employees). The EPA determined that none of these seven small entities will experience an increase in costs that is greater than one percent of revenues as a result of this proposed rule. This does not qualify as a significant economic impact on a substantial number of small businesses.

For information regarding other administrative requirements for this action, please see the direct final/final rule action that is located in the “Rules and Regulations” section of this Federal Register publication.

List of Subjects in 40 CFR Part 63

Environmental protection, Administrative practice and procedure, Air pollution control, Hazardous substances, Intergovernmental relations, Reporting and recordkeeping requirements.

Carol M. Browner,
Administrator.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 239

[FRL–6586–8]

The Territory of the U.S. Virgin Islands; Tentative Determination of Inadequacy of the Virgin Islands Municipal Solid Waste Permit Program; Public Hearings and Public Comment Period

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: Section 4005(c)(1)(B) of the Resource Conservation Recovery Act (RCRA), as amended by the Hazardous and Solid Waste Amendments (HSWA) of 1984, 42 U.S.C. 6945(c)(1)(B) requires States to develop and implement permit programs or other systems of prior approval to ensure that municipal solid waste landfills (MSWLFs) which may receive hazardous household waste or small quantity generator waste will comply with the revised Federal MSWLF Criteria (40 CFR Part 258). RCRA Section 4005(c)(1)(C) requires the Environmental Protection Agency (EPA) to determine whether States have adequate “permit” programs for MSWLFs. For RCRA purposes, pursuant to Section 6003(31), 42 U.S.C. 6903(31), the term “State” includes the territory of the Virgin Islands. To implement these statutory provisions, EPA promulgated a State Implementation Final Rule (SIR), 40 CFR Part 239, which provides criteria and procedures for making adequacy determinations of State municipal landfill permit programs.

On October 6, 1993, the U.S. Virgin Islands applied for a determination of program adequacy under section 4005(c)(1)(B) of RCRA. Upon review of the application and certain revisions thereto, EPA on June 16, 1995 published a notice of a tentative determination of adequacy of the Virgin Islands landfill permit program. The EPA is providing the public an opportunity to comment on this action, and will also hold two public hearings as described below. If after receipt of public comments and after public hearings to be held in the Virgin Islands, EPA proceeds to a Final Determination of Inadequacy, EPA will then assume enforcement authority for the federal landfill criteria in accordance with RCRA Section 4005(c)(2). Moreover, the Virgin Islands will be denied operational flexibility that is granted approved states, such as utilizing alternate daily cover standards or reducing the frequency of ground water monitoring. In addition, while in unapproved status, the Virgin Islands will be prohibited from siting a new landfill or expanding an existing one.

DATES: Written comments on today’s action must be submitted on or before July 24, 2000. Although RCRA does not require EPA to hold a public hearing on
