SUPPLEMENTARY INFORMATION:

The Commission ordered the institution of this investigation on February 4, 2000, based on a complaint filed by Intel Corp., of Santa Clara, California ("Intel"). 65 FR 7059 (2000). The complaint named five respondents: VIA Technologies, Inc., of Taipei, Taiwan; VIA Technologies, Inc., of Fremont, California (collectively, "VIA"); First International Computer, Inc., of Taipei, Taiwan; First International Computer of America, Inc., of Fremont, California; and Everex Systems, Inc., of Fremont, California (collectively, "FIC"). Id. The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930 in the importation into the United States, sale for importation, and/or sale within the United States after importation of certain integrated circuit chipsets and products containing same by reason of infringement of claims 1-3 and 15-16 of U.S. Letters Patent 5,333,276, claims 1-4, 10, 15, 22, 27-30, 36-37, 44-45, and 49 of U.S. Letters Patent 5,740,385, claims 1-12 and 28-48 of U.S. Letters Patent 5,581,782 ("the '782 patent'"), and claims 1-31 of U.S. Letters Patent 5,548,733.

On March 29, 2000, complainant Intel filed a motion to amend the complaint and notice of investigation by deleting claims 1-11, 32-36, and 39-48 of the '782 patent and by adding the phrase "components thereof" to the text and caption of the notice of investigation. Respondents opposed the motion to the extent that it sought to add the phrase "components thereof" to the notice of investigation. The Commission investigative attorney supported the motion in its entirety.

On April 10, 2000, the presiding ALJ issued an ID (Order No. 6) granting Intel's motion, thereby amending the complaint to delete claims 1-11, 32-36, and 39-48 of the '782 patent, and amending the notice of investigation to delete claims 1-11, 32-36, and 39-48 of the '782 patent and add the phrase "components thereof" to the caption and the text. No party petitioned for review of the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in section 210.42 of the Commission's Rules of Practice and Procedure (19 CFR § 210.42). Copies of the ALJ's ID and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, S.W., Washington, D.C. 20436, telephone 202-205-2000.

By order of the Commission.
Issued: May 1, 2000.

SUPPLEMENTARY INFORMATION:

Overview

The Violent Crime Control and Law Enforcement Act of 1994 (Pub. L. 103-322) authorizes the Department of Justice to make grants to increase deployment of law enforcement officers devoted to community policing on the streets and rural routes in this nation. The COPS in Schools program is specifically designed to combat school violence.

Many communities are discovering that trained, sworn Law enforcement officers assigned to schools make a difference. The presence of these officers provides schools with on-site security and a direct link to local law enforcement agencies.

Community policing officers typically perform a variety of functions within the school including teaching crime prevention and substance-abuse classes, monitoring troubled students, and building respect for law enforcement among students. School Resource Officers combine the functions of law enforcement and education.

The COPS in Schools initiative provides an incentive for law enforcement agencies to build working relationships with schools to use community policing efforts to combat school violence.

The COPS in Schools initiative reduces the local match requirement for law enforcement agencies seeking to hire additional officers in and around schools.

Grants will be awarded to provide for a designated portion of the salary and benefits of each new officer over three years. The maximum grant amount is \$125,000 per officer; any remainder is paid with state or local funds. To qualify for funding, officers must be hired on or after the grant award start date. Funding begins when new officers are hired or on the award date (whichever is later). Funds are distributed over the course of the grant.

COPS grants must not replace funds that eligible agencies otherwise would

have devoted to hire officers in the absence of the COPS funding. In other words, any hiring under the COPS in Schools program must be in addition to, not in lieu of, officers that otherwise would have been hired or currently employed officers. Grant recipients must develop a written plan to retain their COPS-funded officer positions with State of local funding after Federal funding ends. This plan must be submitted with the application.

To be eligible to receive funding under this grant program, applicants must be eligible to receive funding under the current guidelines established for the Universal Hiring Program (UHP). UHP guidelines are available from the U.S. Department of Justice Response Center (1-800-421-6770). Applicants must also provide assurance that the officers employed under this program will be assigned to work in primary or secondary schools and must enter into a partnership agreement with either a specific school official or with an official with general educational oversight authority in that jurisdiction. All applicants must also submit a memorandum of understanding (MOU). The MOU, which must be signed by both the Law Enforcement Executive and the School Official with general educational oversight, is an agreement between the parties involved whose purpose is to define the roles and responsibilities of the individuals and partners involved.

In addition to these general program requirements, agencies seeking funding under this program will be asked to provide supporting documentation in the following areas: problem identification and justification, community policing strategies to be used by the officers, quality and level of commitment to the effort, and the link to community policing.

All COPS in Schools awards will contain an "Additional Grant Condition" that must be signed and returned to the COPS Office. This condition requires the funded officer(s) and a school administrator to attend a COPS in Schools Training. Costs for training, per diem, travel, and lodging for attendance of required participants will be reimbursed by the COPS Office up to a maximum of \$1100.

An award under the COPS in Schools grant program will not affect the eligibility of an agency to receive awards under any other COPS program.

(The Catalog of Federal Domestic Assistance (CFDA) reference for this program is 16.710.)
