

section 773(a)(6)(C)(ii) of the Act and 19 CFR 351.411.

Where NV was based on CV, we deducted from CV the weighted-average foreign market direct selling expenses and commissions, in accordance with sections 773(a)(6)(C)(iii) and 773(a)(8). In accordance with section 773(a)(7)(B) of the Act, we granted a CEP offset adjustment, calculated as explained above. Where applicable, we offset any commission paid on a U.S. sale by reducing the NV by any home market indirect selling expenses remaining after the deduction for the CEP offset, up to the amount of the U.S. commission.

*Currency Conversion*

We made currency conversions into U.S. dollars based on the exchange rates in effect on the dates of the U.S. sales as certified by the Federal Reserve Bank.

Section 773A of the Act directs the Department to use a daily exchange rate in order to convert foreign currencies into U.S. dollars unless the daily rate involves a fluctuation. It is the Department's practice to find that a fluctuation exists when the daily exchange rate differs from the benchmark rate by 2.25 percent. The benchmark is defined as the moving average of rates for the past 40 business days. When we determine a fluctuation to have existed, we substitute the benchmark for the daily rate, in accordance with established practice.

*Preliminary Results of Review*

As a result of our review, we preliminarily determine that the following margins exist for the period October 1, 1997, through March 31, 1999 (for G-Link and Winbond) and the period October 1, 1998, through March 31, 1999 (for GSI Technology):

Manufacturer/exporter	Percent margin
G-Link Technology .....	21.74
GSI Technology, Inc. ....	33.85
Winbond Electronics Corp. ....	0.60

The Department will disclose to parties the calculations performed in connection with these preliminary results within five days of the date of publication of this notice. Interested parties may request a hearing within 30 days of the publication. Any hearing, if requested, will be held two days after the date rebuttal briefs are filed. Interested parties may submit case briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than 35 days after the date of publication of this notice. The Department will

publish a notice of the final results of this administrative review, which will include the results of its analysis of issues raised in any such case briefs, within 120 days of the publication of these preliminary results.

Upon completion of this administrative review, the Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. We have calculated importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of each importer's sales during the POR. These rates will be assessed uniformly on all entries of particular importers made during the POR. Pursuant to 19 CFR 351.106(c)(2), we will instruct the Customs Service to liquidate without regard to antidumping duties all entries for any importer for whom the assessment rate is *de minimis* (i.e., less than 0.50 percent). The Department will issue appraisement instructions directly to the Customs Service.

Further, the following deposit requirements will be effective for all shipments of SRAMs from Taiwan entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(1) of the Act: (1) The cash deposit rates for G-Link, GSI Technology, and Winbond will be the rates established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106, the cash deposit will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 41.75 percent, the all others rate established in the LTFV investigation.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant

entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this determination in accordance with sections 751(i)(1) and 777(i)(1) of the Act.

Dated: May 1, 2000.

**Stainless Steel Wire Rod From Spain: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** May 8, 2000.

**FOR FURTHER INFORMATION CONTACT:** Howard Smith at (202) 482-5193 or Timothy Finn at (202) 482-0065, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230.

**Time Limits**

*Statutory Time Limits*

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department of Commerce ("the Department") to make a preliminary determination within 245 days after the last day of the anniversary month of an order or finding for which a review is requested. However, if it is not practicable to complete the preliminary results of review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days.

*Background*

On November 4, 1999, the Department published a notice of initiation of administrative review of the antidumping duty order on stainless steel wire rod from Spain, covering the period March 5, 1998 through August 31, 1999 (64 FR 60161). The preliminary

results are currently due no later than June 1, 2000.

*Extension of Time Limit for Preliminary Results of Review*

We determine that it is not practicable to complete the preliminary results of this review within the original time limit. See Decision Memorandum from Tom Futtner to Holly A. Kuga, dated April 28, 2000, which is on file in the Central Records Unit, Room B-099 of the main Commerce building. Therefore the Department is extending the time limit for completion of the preliminary results until no later than September 29, 2000. We intend to issue the final results no later than 120 days after the publication of the preliminary results notice.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: April 28, 2000.

**University of Vermont Notice of Decision on Application for Duty-Free Entry of Scientific Instrument**

This is a decision pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5:00 p.m. in Room 4211, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, D.C.

*Decision:* Denied. Applicant has failed to establish that domestic instruments of equivalent scientific value to the foreign instrument for the intended purposes are not available.

*Reasons:* Section 301.5(e)(4) of the regulations requires the denial of applications that have been denied without prejudice to resubmission if they are not resubmitted within the specified time period. This is the case for the following docket.

Docket Number: 99-031. Applicant: University of Vermont, Burlington, VT 05405. Instrument: HVS Video Tracking System, Pool and Platform, Model 2020. Manufacturer: HVS Image Ltd., United Kingdom. Date of Denial Without

Prejudice to Resubmission: February 14, 2000.

**University of Delaware; Notice of Decision on Application for Duty-Free Entry of Electron Microscope**

This is a decision pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5 P.M. in Room 4211, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 00-008. Applicant: University of Delaware, Newark, DE 19716. Instrument: Electron Microscope, Model JEM-2010F. Manufacturer: JEOL Ltd., Japan. Intended Use: See notice at 65 FR 21397, April 21, 2000. Order Date: November 1, 1999.

*Comments:* None received. Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as the instrument is intended to be used, was being manufactured in the United States at the time the instrument was ordered. Reasons: The foreign instrument is a conventional transmission electron microscope (CTEM) and is intended for research or scientific educational uses requiring a CTEM. We know of no CTEM, or any other instrument suited to these purposes, which was being manufactured in the United States at the time of order of the instrument.

**Applications for Duty-Free Entry of Scientific Instruments**

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments

shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 a.m. and 5:00 p.m. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 00-011. Applicant: University of Michigan, 930 N. University Avenue, Ann Arbor, MI 48109-1055. Instrument: Electron Beam Evaporator, Model EGN4. Manufacturer: Oxford Applied Research, United Kingdom. Intended Use: The instrument is intended to be used for studies of how various materials interact with thin metal films. Application accepted by Commissioner of Customs: April 21, 2000.

Docket Number: 00-013. Applicant: Allegheny-Singer Research Institute, 320 East North Avenue, Pittsburgh, PA 15212-4772. Instrument: Robot and Microplate Manipulator, Model Q-Bot. Manufacturer: Genetix Limited, United Kingdom. Intended Use: The instrument is intended to be used to prepare addressable libraries of DNA clones (both genomic and cDNA) for comparative gene expression studies (the basis of the science of functional genomics) to understand the differences between normal physiologic processes. The instrument will also be used for educational objectives through teaching trainees in the most current means to comparatively evaluate differences in gene expression. Application accepted by Commissioner of Customs: April 21, 2000.
