Market Surveys, OMB Control No. 3038-0017—Extension

Section 8(a)(i) and (ii) of the Commodity Exchange Act (Act) provide that for the efficient execution of the provisions of the Act and in order to inform Congress, the Commission may make investigations concerning futures markets and may publish general statistical information from such investigations. In certain instances in response to abrupt and substantial changes in market prices, Congressional inquiry or other reasons, the Commission may conduct full market investigation requiring that all persons holding futures positions on the date in question in a specific market be identified. In such cases the Commission issues its call for survey information pursuant to Rule 21.02, 17 CFR 21.02.

The Commission estimates the burden of this collection of information as follows:

ESTIMATED ANNUAL REPORTING BURDEN

17 CFR section	Annual number of respondents	Frequency of response	Total annual responses	Hours per response	Total hours
17 CFR 21.02	400	On occasion	400	1.75	700

There are no capital costs or operating and maintenance costs associated with this collection.

This estimate is based on the number of members of contract markets, futures commission merchants, and foreign brokers who receive an abbreviated call for information in machine-readable form.

Dated: May 3, 2000.

Jean A. Webb,

Secretary of the Commission.
