**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The Census Bureau is requesting clearance for the collection of data concerning the Voting and Registration Supplement to be conducted in conjunction with the November 2000 CPS. The Census Bureau sponsors these questions, which have been collected biennially in the CPS since 1964.

This survey has provided statistical information for tracking historical trends of voter and nonvoter characteristics in each Presidential or Congressional election since 1964. The data collected from the November supplement relates demographic characteristics (age, sex, race, education, occupation, and income) to voting and nonvoting behavior. The November CPS supplement is the only source of data that provides a comprehensive set of voter and nonvoter characteristics distinct from independent surveys, media polls, or other outside agencies. Federal, state, and local election officials use these data to formulate policies relating to the voting and registration process. College institutions, political party committees, research groups, and other private organizations also use the voting and registration data.

**II. Method of Collection**

The voting and registration information will be collected by both personal visit and telephone interviews in conjunction with the regular November CPS interviewing. All interviews are conducted using computer-assisted interviewing.

**III. Data**

*OMB Number:* 0607-0466.

*Form Number:* There are no forms. We conduct all interviewing on computers.

*Type of Review:* Regular.

*Affected Public:* Households.

*Estimated Number of Respondents:* 48,000.

*Estimated Time Per Response:* 1.5 minutes.

*Estimated Total Annual Burden Hours:* 1,200.

*Estimated Total Annual Cost:* There are no costs to the respondents other than their time to answer the CPS questions.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13, United States Code, Section 182; and Title 29, United States Code, Sections 1-9.

**IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The Census Bureau collects education finance data as part of its Annual Survey of State and Local Governments. This survey is the only comprehensive source of public fiscal data collected on a nationwide scale using uniform definitions, concepts and procedures. The collection covers the revenues, expenditures, debt, and assets of all public school systems. This data collection has been coordinated with the National Center for Education Statistics (NCES). The NCES uses this collection to satisfy its need for school system level finance data.

Information on the finance of our public schools is vital to assessing their effectiveness. This data collection makes it possible to access a single data base to obtain information on such things as per pupil expenditures and the percent of state, local, and federal funding for each school system. Recently, as exemplified by the establishment of the America 2000 education goals, there has been increased interest in improving the Nation's public schools. One result of this intensified interest has been a significant increase in the demand for school finance data.

The five forms used in the school finance portion of the survey are:

Form F-33. This form contains item descriptions and definitions of the elementary-secondary education finance items collected jointly by the Census Bureau and NCES. It is used primarily as a worksheet by the state education agencies that provide school finance data centrally for all of the school systems in their respective states. Most states supply their data by electronic means.

Form F-33-1. This form is used at the beginning of each survey period to solicit the assistance of the state education agencies. It establishes the

conditions by which the state education agencies provide their school finance data to the Census Bureau.

Form F-33-L1. This is a supplemental letter sent to the school systems in states where the state education agencies cannot provide information on the assets of individual school systems.

Form F-33-L2. This is a supplemental letter sent to the school systems in states where the state education agency cannot provide information on the indebtedness of individual school systems.

Form F-33-L3. This is a supplemental letter sent to the school systems in states where the state education agency cannot provide information on either indebtedness or assets. This letter combines the items requested on the forms F-33-L1 and F-33-L2.

The data to be collected is identical to the previous collections except as follows: The request for indebtedness information (Forms F-33-L2 and F-33-L3) is added because some state education agencies have been deleting this information from their data bases. Others have not been editing this information or following up when the school systems fail to report this information to the state.

New special processing items have been added for state payments made on behalf of the school systems in the areas of textbooks, and transportation. These items will make it possible for expenditure data to be more accurately reported at the functional level.

## II. Method of Collection

Through central collection arrangements with the state education agencies, the Census Bureau collects almost all of the finance data for local school systems from state education agency data bases. The states transfer most of this information in electronic format on microcomputer disks and over the Internet. The Census Bureau has facilitated central collection of school finance data by accepting data in whatever formats the states elect to transmit.

## III. Data

*OMB Number:* 0607-0700.

*Form Number:* F-33, F-33-1, F-33-L1, F-33-L2, F-33-L3.

*Type of Review:* Regular.

*Affected Public:* State and local governments.

*Estimated Number of Respondents:* 3500.

*Estimated Time Per Response:* 1.1 hours.

*Estimated Total Annual Burden Hours:* 3,737.

## DEPARTMENT OF COMMERCE

### Foreign-Trade Zones Board

[Docket 16-2000]

### Foreign-Trade Zone 3—San Francisco, California Area; Application for Expansion

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the San Francisco Port Commission, grantee of Foreign-Trade Zone 3, requesting authority to expand its zone to include the San Francisco International Airport fuel system and related facilities, within the San Francisco Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on April 28, 2000.

FTZ 3 was approved on March 10, 1948 (Board Order 16, 13 F.R. 1459, 3/19/48). The zone project currently consists of 225,000 square feet at Piers 19 and 23 on the Embarcadero in San Francisco.

The applicant is now requesting authority to expand the general-purpose

zone to include the jet fuel storage and distribution system (261 acres) at the San Francisco International Airport, which consists of the airport hydrant and storage facilities, two adjacent off-Airport terminals, a pipeline and two offsite terminals, as follows: *Proposed Site 2:* the jet fuel storage and delivery facilities at the San Francisco International Airport; the Chevron jet fuel tank farm (8.5 acres), the PS Trading tank farm (1 acre) and related pipelines between the tanks farms; jet fuel transmission pipelines and the terminal and cargo area hydrant pipelines; the petroleum and jet fuel storage facilities (26 acres) at the Brisbane Terminal (owned by SFPP, L.P.), 950 Tunnel Avenue, Brisbane; and, the petroleum and jet fuel storage facilities (7 acres) at the Equilon Terminal (owned by Equilon Enterprises LLC), 135 North Access Road, South San Francisco, including the 4.7 mile segment of the SFPP jet fuel pipeline from the two terminals to the airport; *Proposed Site 3:* (55 acres) at the petroleum facilities of Selby Terminal (owned by Shore Terminals LLC), 90 San Pablo Avenue, Crockett; and, *Proposed Site 4* (164 acres) at the petroleum facilities of Martinez Terminal (owned by Shore Terminals LLC), 2801 Waterfront Road, Martinez. The City of San Francisco owns fuel facilities at the airport and the land on which the Chevron tank farm and the PST tank farms are located (the companies own the improvements). In addition to the storage of jet fuel, the Brisbane, Equilon, Selby and Martinez Terminals may also be used for the receipt and storage of other petroleum products under zone procedures.

No specific manufacturing requests are being made at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is July 10, 2000. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to July 24, 2000).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:
