**West Virginia: Final Authorization of State Hazardous Waste Management Program Revisions**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** West Virginia has applied to EPA for Final authorization of the changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant final authorization to West Virginia. In the "Rules and Regulations" section of this **Federal Register**, EPA is authorizing the changes by an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the immediate final rule. Unless we get written comments which oppose this authorization during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get comments that oppose this action, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

**DATES:** Send your written comments by June 9, 2000.

**Hazardous Waste Management Program: Final Authorization of State Hazardous Waste Management Program Revisions for State of Oklahoma**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule and request for comment.

**SUMMARY:** The EPA (also, "the Agency" in this preamble) proposes to grant final authorization to the hazardous waste program revisions submitted by the State of Oklahoma for its hazardous waste program revisions, specifically, revisions needed to meet Resource Conservation and Recovery Act (RCRA) Cluster VIII which contains Federal rules promulgated from July 1, 1997, to June 30, 1998. The RCRA Cluster VIII rules are listed in the rules section of this **Federal Register** (FR). In the "Rules and Regulations" section of this FR, EPA is authorizing the State's program revisions as an immediate final rule without prior proposal because the EPA views this action as noncontroversial

and anticipates no adverse comments. The Agency has explained the reasons for this authorization in the preamble to the immediate final rule. If the EPA does not receive adverse written comments, the immediate final rule will become effective and the Agency will not take further action on this proposal. If the EPA receives adverse written comments, a second **Federal Register** document will be published before the time the immediate final rule takes effect. The second document will withdraw the immediate final rule or identify the issues raised, respond to the comments and affirm that the immediate final rule will take effect as scheduled. Any parties interested in commenting on this action should do so at this time.

**DATES:** Written comments must be received on or before June 9, 2000.
