

contagious, infectious, or communicable animal diseases from one State to another, and for eradicating such diseases from the United States when feasible.

Disease prevention is the most effective method for maintaining a healthy animal population and enhancing our ability to compete in exporting animals and animal products.

Disease prevention cannot be accomplished without the existence of an effective disease surveillance program, an activity that is carried out by the Veterinary Services (VS) division of USDA's Animal and Plant Health Inspection Service (APHIS). The VS Form 10-4 is a critical component of our disease surveillance mission; it is routinely used whenever specimens (such as blood, milk, tissue, or urine) from any animal (including cattle, swine, sheep, goats, horses, and poultry) are submitted to our National Veterinary Services Laboratories for disease testing.

We are asking the Office of Management and Budget (OMB) to approve, for an additional 3 years, our use of this VS Form 10-4 in connection with our regulations.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning this information collection activity. These comments will help us:

(1) Evaluate whether the information collection is necessary for the proper performance of our Agency's functions, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond (such as through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses).

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average .5 hours per response.

*Respondents:* State, Federal, and accredited veterinarians.

*Estimated annual number of respondents:* 12,000.

*Estimated annual number of responses per respondent:* 2.524.

*Estimated total annual burden on respondents:* 15,149 hours. (Due to rounding, the total annual burden hours

may not equal the product of the annual number of responses multiplied by the average reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 4th day of May 2000.

### Farm Service Agency

#### Request for Extension of a Currently Approved Information Collection

**AGENCY:** Farm Service Agency, USDA.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces that the Farm Service Agency (FSA) intends to request an extension for a currently approved information collection in support of the Agricultural Foreign Investment Disclosure Act of 1978 (AFIDA).

**DATES:** Comments on this notice must be received on or before July 10, 2000 to be assured consideration.

**FOR FURTHER INFORMATION CONTACT:** Patricia A. Blevins, Agricultural Foreign Investment Specialist, Regulatory Review and Foreign Investment Disclosure Branch, Operations Review and Analysis Staff, USDA, FSA, STOP 0540, 1400 Independence Avenue, SW, Washington, DC 20250-0540, (202) 720-0604.

#### SUPPLEMENTARY INFORMATION:

*Title:* Agricultural Foreign Investment Disclosure Act Report.

*OMB Control Number:* 0560-0097.

*Expiration Date of Approval:* August 31, 2000.

*Type of Request:* Extension of a currently approved information collection.

*Abstract:* AFIDA requires foreign persons who hold, acquire, or dispose of any interest in U.S. agricultural land to report the transactions to the FSA on an AFIDA report. The information so collected is made available to States. Also, although not required by law, the information collected from the AFIDA reports is used to prepare an annual report to Congress and the President concerning the effect of foreign investment upon family farms and rural communities so that Congress may review the annual report and decide if further regulatory action is required.

*Estimate of Burden:* Public reporting burden for this collection of information
