## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 73

[DA 00-944; MM Docket No. 96-242; RM-8940, RM-9243]

### Radio Broadcasting Services; Cheyenne, WY, Grover, CO.

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** The Commission, at the request of Montgomery Broadcasting Limited Liability Company, allots Channel 229A to Cheyenne, Wyoming, and dismisses the counterproposal for Channel 229C2 at Grover, Colorado, filed by Magic City Media at its request. See 61 FR 65509 (December 13, 1996). Channel 229A can be allotted to Cheyenne in compliance with the Commission's minimum distance separation requirements, with respect to domestic allotments, with a site restriction of 9.7 kilometers (6.0 miles), at coordinates 41-12-39 and 104-44-54. A filing window will not be opened at this time. Instead, the issue of opening a filing window for this channel will be addressed by the Commission in a subsequent order.

**DATES:** Effective June 12, 2000.

### Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Shrimp Fishery of the Gulf of Mexico; Texas Closure

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Adjustment of the beginning date of the Texas closure.

**SUMMARY:** NMFS announces an adjustment to the start of the annual closure of the shrimp fishery in the exclusive economic zone (EEZ) off Texas. The closure is normally from May 15 to July 15 each year. For 2000, the closure will begin on May 11. The Texas closure is intended to prohibit the harvest of brown shrimp during the major period of emigration from Texas estuaries to the Gulf of Mexico so the shrimp may reach a larger, more valuable size and to prevent the waste of brown shrimp that would be discarded in fishing operations because of their small size.

**DATES:** The EEZ off Texas is closed to trawl fishing, except for trawling for royal red shrimp beyond the 100-fathom (183 meter) depth contour, from 30 minutes after sunset, May 11, 2000, to 30 minutes after sunset, July 15, 2000, unless the latter date is changed through notification in the **Federal Register**.

### FOR FURTHER INFORMATION CONTACT:

Steve Branstetter, 813-570-5305.

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico shrimp fishery is managed under the Fishery Management Plan for the Shrimp Fishery of the Gulf of Mexico (FMP). The FMP was prepared by the Gulf of Mexico Fishery Management Council and is implemented by regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act. Implementing regulations at 50 CFR 622.34 describe the Texas closure and provide for adjustments to the beginning and ending dates by the Regional Administrator, Southeast Region, NMFS, under specified criteria.

The beginning and ending dates of the Texas closure are based on biological sampling by Texas Parks and Wildlife Department (TPWD). This sampling is used to project when brown shrimp in Texas bays and estuaries will reach a mean size of 90 mm, and begin strong emigrations out of the bays and estuaries during maximum duration ebb tides. Sampling during the spring of 2000 indicates that brown shrimp will be leaving the Texas estuaries earlier than normal. Thus, to provide adequate protection of small brown shrimp emigrating from the Texas estuaries, NMFS has determined that an adjustment to the closure date is necessary. During the closure, the EEZ off Texas is closed to all trawl fishing, except for vessels trawling for royal red shrimp beyond the 100-fathom (183-m) depth contour. State waters off Texas will also be closed commencing at 30 minutes after sunset on May 11, 2000.

The termination date of the Texas closure is based on continued sampling by TPWD to develop projections of when brown shrimp will reach a mean size of 112 mm, and when maximum duration ebb tides will occur. If there is a need to adjust the July 15 date for the termination of the closure, notification of the revised termination date will be published in the **Federal Register**.

[Docket No. 000407096-0096-01; 040300C]

#### Fisheries of the Northeastern United States; Northeast Multispecies Fishery; Framework Adjustment 33 to the Northeast Multispecies Fishery Management Plan; Correction

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule; correction.

**SUMMARY:** On April 24, 2000, NMFS published a final rule implementing Framework Adjustment 33 to the Northeast Multispecies Fishery Management Plan. The final rule implementing Framework Adjustment 33 contained errors. The effective date of the increase in the haddock landing limit specified in § 648.86(a)(1)(i) and (ii), and the paragraph numbering of the new paragraph (e) in § 648.89, Recreational and charter/party restrictions, are corrected in this document. In addition, the amendatory instruction for the revision to § 648.23 indicated that paragraph (b)(4) would be revised rather than only the introductory text to paragraph (b)(4). Also, three metric conversions (pounds to kilograms) for haddock contained in the preamble are incorrect. This document corrects these errors.

**DATES:** Sections 648.23(b)(4) introductory text, and 648.86(a)(1)(i) and (ii) are effective May 1, 2000. Section 648.89(e) contains information collection requirements and is not effective until approved by the Office of Management and Budget (OMB). When OMB approval is received, NMFS will announce the effective date of § 648.89(e) in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** Richard A. Pearson, Fishery Policy Analyst, 978-281-9279.

**SUPPLEMENTARY INFORMATION:** In the final rule published April 24, 2000, at 65 FR 21658, the preamble indicated that the haddock daily landing limit during the May 1–September 30 period was increased to 3,000 lb/DAS (1,360.8 kg/DAS), or part of a DAS, with a maximum possession limit of 30,000 lb (13,608 kg) per trip. The preamble also indicated that the daily landing limit will increase on October 1, 2000, to 5,000 lb/DAS (2,268 kg/DAS), with a maximum possession limit of 50,000 lb

(22,680 kg) per trip. However, § 648.86(a)(1)(i) of the final rule inadvertently indicated that the 3,000 lb/DAS (1,360.8 kg/DAS) landing limit would be in effect through August 31, rather than September 30, and that the increase in the landing limit reflected in § 648.86(a)(1)(ii) would occur on September 1, 2000, rather than on October 1, 2000. This document corrects the effective date of the haddock increase contained in § 648.86(a)(1)(i) and (ii) to be consistent with the preamble language. In addition, in the paragraph entitled “Haddock Measures” and in the haddock discussion contained in the Classification section three of the metric conversions for haddock are incorrect. This document corrects those errors.

In § 648.23, amendatory instruction 4 indicated that paragraph (b)(4) was revised. However, the intent was to revise only the introductory text of § 648.23(b)(4). This document corrects the amendatory instruction.

Also, we added a new paragraph (e) to § 648.89. However, the subparagraphs of new paragraph (e)(3) were incorrectly designated. This document corrects that error.

1. On page 21661, in the first column under “Haddock Measures”, in the first sentence, in the eighth line of this paragraph, remove “period to 3,000 lb/DAS (1,360.7 kg/” and add, in its place, “period to 3,000 lb/DAS (1,360.8 kg/”.

2. On page 21663, in the third column, first full paragraph, in the fourth sentence, in the 24th through 26th lines, remove “limit to 3,000 lbs/DAS (2,268 kg/DAS), with a maximum possession limit of 30,000 lb (13,680 kg) per trip.” and add, in its place, “limit to 3,000 lb/DAS (1,360.8 kg/DAS), with a maximum possession limit of 30,000 lb (13,608 kg) per trip.”

#### § 648.23 [Corrected]

3. On page 21665, in column one, amendatory instruction no. 4 is corrected to read as follows:

“4. In § 648.23, paragraph (b)(4) introductory text is revised to read as follows:”

#### § 648.86 [Corrected]

4. On page 21666, in § 648.86(a)(1)(i), in the first sentence, remove “August 31,” and add, in its place, “September 30,”.

5. On page 21666, in § 648.86(a)(1)(ii), in the first sentence, remove “September 1” and add, in its place, “October 1”.

#### § 648.89 [Corrected]

6. On page 21667, in § 648.89(e)(3), in the second and third columns, the
