

Ministers and private sector delegation members. The head of the U.S. delegation will also interact with U.S. private sector participants via hospitality events and other meetings.

Criteria for Participant Selection

Eligibility

Participating companies must be incorporated in the United States.

A company is eligible to participate only if the products and/or services that it will promote on the U.S. delegation are either (a) manufactured in the United States; or (b) if manufactured or produced outside the United States, are marketed under the name of a U.S. firm and have at least 51 percent U.S. content of the value of the finished product/service.

Selection Criteria

Five to ten representatives of U.S. companies will be selected on the basis of:

- Company representatives' ability to participate in discussions of relevant marketing and investment issues they face in international trade, and/or demonstration of knowledge of working with information or other high-technology means, including e-commerce, to support strategic alliances between small and medium-sized firms (defined as not more than 500 employees) and/or between SMEs and larger firms. This would reflect consistency of company's market development goals with the scope and desired outcomes of the mission as described.
- Whether the company's overall business objectives, including those of any U.S. or overseas affiliates, are fully consistent with the mission's foreign and commercial policy objectives.

- Timely receipt of signed mission application and registration materials. For those interested in the optional Gold Key program in Malaysia, timely receipt of participation agreement, marketing form, company brochures, and \$500.00 fee for each participating firm.

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Internet, direct mail and broadcast fax, e-mail, notices by industry trade associations and other multiplier groups, and press releases.

Any partisan political activities (including political contributions) of an applicant are entirely irrelevant to the selection process.

Time Frame for Applications

Application deadline: The Bruneian Government has requested that all

participants be identified by no later than June 10, 2000. ITA staff expect recruitment outreach to conclude on/about June 2, 2000, in order to allow for time for review and approval of applications from the private sector.

Expressions of interest to obtain application and registration materials should be submitted immediately to: Brenda J. Fisher, APEC Affairs Coordinator, Room 2316, International Trade Administration, U.S. Department of Commerce, Washington, DC 20230.
