General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

**SUPPLEMENTARY INFORMATION:**

#### Background

In April 1998, the Commission, by a one-to-one vote, determined that the domestic industry producing static random access memory semiconductors (SRAMS) was materially injured by subject imports from Taiwan. On June 30, 1999, the Court of International Trade (CIT) remanded the determination to the Commission with instructions to explain how it ensured that it did not attribute the price depressing effects from other known factors to the subject

imports. In September 1999, the Commission submitted Chairman Bragg's remand views as its "Views on Remand" in response to the order, again finding material injury to the domestic industry. On April 11, 2000, Judge Pogue remanded the Commission's remand determination for further explanation of certain matters including whether the Commission properly relied on several lost revenue allegations. On April 26, 2000, the CIT granted a consent motion setting the due date for the submission of the Commission's remand views to the CIT to Monday, June 26, 2000.

#### Scheduling the Vote

The Commission will vote on the remand determination at a public meeting to be held on Monday, June 12, 2000. The meeting is tentatively scheduled for 2:00 p.m.

#### Reopening the Record

In order to assist it in making its determination on remand, the Commission is reopening the record on remand in this investigation for the limited purpose of gathering information regarding those lost revenue allegations discussed by the court. The Commission is not reopening the record for any other purpose, except to receive any comments from the parties on new information gathered regarding the lost revenue allegations.

#### Participation in These Proceedings

Only those persons who were interested parties to the original administrative proceedings (i.e., persons listed on the Commission Secretary's service list) may participate in these remand proceedings.

#### Limited Disclosure of Business Proprietary Information (BPI) Under an Administrative Protective Order (APO) and BPI Service List

Information obtained during the remand investigation will be released to parties under the administrative protective order ("APO") in effect in the original investigation on May 24, 2000. Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make business proprietary information gathered in the final investigation and this remand investigation available to additional authorized applicants, that are not covered under the original APO, provided that the application is made not later than seven (7) days after publication of the Commission's notice or reopening the record on remand in the **Federal Register**. Applications must be filed for any persons on the Judicial Protective Order in the related CIT case,

but not covered under the original APO. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO in this remand investigation.

#### Written Submissions

The parties will be permitted to submit comments not to exceed 10 pages, double-spaced and single sided, on stationery measuring 8½ x 11 inches, addressing the accuracy, reliability, or probative value of new information gathered in the remand investigation regarding the lost revenue allegations. Any material in these comments that does not address these limited issues will be stricken from the record. The due date for the party comments is June 7, 2000.

All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of section 201.6, 207.3, and 207.7 of the Commission's rules. In accordance with section 201.16(c) and 207.3 of the rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

**Authority:** This action is taken under the authority of the Tariff Act of 1930, title VII.

Issued: May 15, 2000.

By order of the Commission.

**Donna R. Koehnke,**

## DEPARTMENT OF LABOR

### Employment Standards Administration, Wage and Hour Division

#### Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar

character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR part 1, appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and

fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this date may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, DC 20210.
