SUPPLEMENTARY INFORMATION:

Title: Medical Qualifications Requirements.

OMB Number: 2126-0006.

Background: Title 49 U.S.C. 31136 requires the Secretary of Transportation to prescribe regulations to ensure that the physical qualifications of commercial motor vehicle (CMV) operators are adequate to enable them to operate CMVs safely. In addition, 49 U.S.C. 31502 authorizes the Secretary to prescribe requirements for qualifications of employees of a motor carrier when needed to promote safety of operation. Information about an individual's physical condition must be collected in order for the FMCSA and motor carriers to verify that the individual meets the physical qualifications for CMV drivers in 49 CFR 391.41 and for the FMCSA to determine whether the individual is physically able to operate a CMV safely. This information collection is comprised of the 6 components listed in the summary.

Respondents: Medical examiners, medical specialists, physicians, licensed doctors of medicine or osteopathy, motor carriers, and CMV drivers.

Estimated Burden Per Record: Eight minutes for a medical examiner to complete the medical examination form; 1 minute for the medical examiner to complete the medical examiner's certificate; 1 minute to copy and file the medical examiner's certificate; 1 hour to prepare an application for resolution of medical conflict; 15 minutes to complete an application for an initial waiver of physical defects or impairments; 2 minutes to complete an application for a renewal of a waiver of physical defects or impairments; 1 minute to copy and file limb waiver applications; 66 minutes to complete an application for a vision exemption with required supporting documents; and 1 minute for a doctor of medicine or osteopathy to complete a doctor's certificate for a driver of migrant workers.

Frequency: Estimated annual responses are as follows: 2,750,000

medical examinations and medical certificates; 2 applications for resolution of conflicts of medical evaluation; 750 applications for waivers of physical defects and impairments; 200 applications for renewal of waiver of physical defects and impairments; 840 applications for vision exemption; 100 medical certificates for drivers of migrant workers.

Total Estimated Annual Burden:

There are an estimated 5,500,000 CMV drivers, 2,750,000 per year who must undergo a medical examination. Approximately 2 cases per year are submitted to the FMCSA for a hearing before an Administrative Law Judge to resolve medical conflicts between medical examiners. There are approximately 1,500 limb waivers outstanding, resulting in 750 renewals. There are approximately 200 new applications for limb waivers annually. There are approximately 840 new applications for vision exemptions annually. Since the vision exemption program is new, the agency has not yet received any applications for renewal. The total estimated annual burden for this information collection is 459,321 hours.

Public Comments Invited

Interested parties are invited to send comments regarding any aspect of this information collection, including, but not limited to: (1) Whether the collection of information is necessary for the proper performance of the functions of the FMCSA, including whether the information has practical utility; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the collected information; and (4) ways to minimize the collection burden without reducing the quality of the collected information.
