

These requirements are as follows: (1) That each individual be physically examined every year (a) by an ophthalmologist or optometrist who attests that vision in the better eye meets the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to his or her employer for retention in its driver qualification file or keep a copy in his or her driver qualification file if he or she becomes self-employed. The driver must also have a copy of the certification when driving so it may be presented to a duly authorized Federal, State, or local enforcement official.

In accordance with 49 U.S.C. 31315 and 31136(e), the proposed exemption for each person will be valid for 2 years unless revoked earlier by the FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31315 and 31136. If the exemption is effective at the end of the 2-year period, the person may apply to the FMCSA for a renewal under procedures in effect at that time.

Request for Comments

In accordance with 49 U.S.C. 31315 and 31136(e), the FMCSA is requesting public comment from all interested persons on the exemption petitions and the matters discussed in this notice. All comments received before the close of business on the closing date indicated above will be considered and will be available for examination in the docket room at the above address. Comments received after the closing date will be filed in the docket and will be considered to the extent practicable, but the FMCSA may issue exemptions from the vision requirement to the 63 applicants and publish in the **Federal Register** a notice of final determination at any time after the close of the comment period. In addition to late comments, the FMCSA will also continue to file in the docket relevant information which becomes available after the closing date. Interested persons should continue to examine the docket for new material.

Authority: 49 U.S.C. 322, 31136 and 31315; 49 CFR 1.73.

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with provisions of the Hours of Service Law (108 Stat. 888, Pub. L. 103-272, 49 U.S.C. 21102(b)). The Hours of Service Law currently makes it unlawful for a railroad to require specified employees to remain on duty in excess of 12 hours. However, the Hours of Service Law contains a provision permitting a railroad, which employs not more than 15 employees subject to the statute, to seek an exemption from the 12 hour limitation.

Apalachicola Northern Railroad Company (AN)

(Waiver Petition Docket No. FRA-1999-5184)

The AN seeks an exemption so that it may permit certain employees to remain on duty not more than 16 hours in any 24-hour period. The AN requests a one hour extension to the maximum limit of twelve hours total on-duty time for covered service employees. The request is made due to changing operational needs. The AN currently operates on 96 miles of track in the State of Florida.

The petitioner indicates that granting the exemption is in the public interest and will not adversely affect safety. Additionally, the petitioner asserts it employs not more than 15 employees and has demonstrated good cause for granting this exemption.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the

appropriate docket number (e.g., Waiver Petition Docket Number 1999-5184) and must be submitted to the Docket Clerk, DOT Docket Management Facility, Room PL-401 (Plaza Level), 400 7th Street, S.W., Washington, D.C. 20590. Communications received within 30 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9:00 a.m.-5:00 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's web site at <http://dms.dot.gov>.

Issued in Washington, D.C. on May 18, 2000.

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for continuation of a waiver of compliance with provisions of the Hours of Service Law (108 Stat. 888, Pub. L. 103-272, 49 U.S.C. 21102(b)). The Hours of Service Law currently makes it unlawful for a railroad to require specified employees to remain on duty in excess of 12 hours. Carolina Rail Services, Incorporated (CRS)

(Waiver Petition Docket No. FRA-1998-4566)

CRS seeks continuation of a previously issued exemption so that it may permit certain employees to remain on duty not more than 16 hours in any 24-hour period. CRS states that it is not its intention to employ a train crew over 12 hours per day under normal circumstances, but this exemption, if granted, would help its operation if unusual operating conditions are encountered. CRS provides intra-port
