### [Public Notice 3323]

#### **Office of International Information Programs, Civnet Editorial Services; Request for Proposals**

**SUMMARY:** The Office of Thematic Programs (IIP/T) announces an open competition for an editorial services/information technology program in support of Civnet, the civic education Internet resource. Private non-profit organizations meeting the provisions described in IRS regulation 26 CFR 1.501c(3), including civic education institutions, NGOs and other democracy advocates, may submit proposals to support international information activities that will assist civic education practitioners, advocates, and other interested professionals in developing programs, policies, and strategies, and in communicating with one another. The successful grantee will have substantial experience in civic education and/or democracy building, especially on the international level.

#### **Program Information**

##### *Overview*

Civnet is a web site on civic education (<http://www.civnet.org>), and presently contains, inter alia, information on the non-governmental organization (NGO), and civic education movement called CIVITAS, as well as civics teaching resources (*e.g.*, text books, curricula, syllabi, lesson plans, great documents, articles on teaching methodology), journal articles on civil society, directories of civic education/civil society organizations, and conference transcripts from CIVITAS meetings. Civnet was conceived to address the needs of three primary groups of civic education practitioners: (1) Teachers/school administrators (K-12) (particularly in new and emerging democracies), who need practical teaching resources and the capability to network with other practitioners; (2) scholars, experts, and academics interested in civics, democracy, and civic education issues; and (3) NGOs and their leaders who support civic education, civic participation, civic journalism and civil-society building in the U.S. and around the world.

The successful proposal will require information gathering, resource development, advocacy, and public relations—via the Internet—on behalf of the global civic education movement: to promote international adoption of civic education standards and curricula; to assist international organizations, governments, and foundations in
