47 CFR Part 73

[DA No. 00-1001; MM Docket No. 99-214; RM-9546 and RM-9699]

Radio Broadcasting Services; Camp Wood and Rocksprings, TX

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This document substitutes Channel 251C3 for Channel 256A at Camp Wood, Texas, and modifies the construction permit for Station KAYG to specify operation on Channel 251C3, in response to a petition filed by La Radio Cristiana Network, Inc. See 64 FR 31532, June 11, 1999. The coordinates for Channel 251C3 at Camp Wood are 29-42-53 and 100-00-56. Mexican concurrence has been received for the allotment at Camp Wood. In response to a counterproposal filed by Frank McCoy, we will allot Channel 295C2 at Rocksprings, Texas, at coordinates 30-02-44 and 10-19-00. There is a site restriction 10.8 kilometers west of the community. Mexican concurrence has been requested for the allotment at Rocksprings but notification has not yet been received. Therefore, operation with the facilities specified for Rocksprings herein is subject to modification, suspension, or termination without right to hearing, if found by the Commission to be necessary in order to conform to the 1992 USA-Mexico FM Broadcast Agreement or if specifically objected to by Mexico. With this action, this docketed proceeding is terminated.

DATES: Effective June 26, 2000.

[DA 00-1112; MM Docket No. 94-70; RM-8474 and RM-8706]

Radio Broadcasting Services; Moncks Corner, Kiawah Island, and Sampit, SC

AGENCY: Federal Communications Commission.

ACTION: Final rule; petition for reconsideration.

SUMMARY: This Memorandum Opinion and Order partially grants two petitions for reconsideration of a *Report and Order*, 61 FR 42228 (August 14, 1996), and overturns that *Report and Order*.

The document admits new evidence presented by Sampit Broadcasters ("SB") and L.M. Communications II of South Carolina, Inc. ("LMC") that demonstrates the availability of a transmitter site for LMC and that Sampit, South Carolina is a "community" for allotment purposes. Since both rulemaking proponents were found to be qualified to effectuate their mutually exclusive proposals, the proposals were compared to determine the winner. LMC's proposal to substitute Channel 288C2 for Channel 287C3 at Moncks Corner, South Carolina, reallocate Channel 288C2 from Moncks Corner to Kiawah Island, South Carolina, and modify Station WNST(FM)'s license accordingly was preferred over SB's proposal to allot Channel 289A to Sampit, South Carolina. The new coordinates for LMC's transmitter site at Kiawah Island are: 32-38-57 NL and 80-02-11 WL.

DATES: Effective July 3, 2000.
