

with SBA source file and for resolving any discrepancies or inconsistencies on an individual basis. SBA will also be responsible for making final determinations as to positive identification, amount of indebtedness and recovery efforts as a result of the match.

The electronic file tape provided by SBA will contain data elements of the debtor's name, SSN, internal account numbers and the total amount owed for each debtor on approximately 25,000 delinquent debtors.

The DMDC computer database file contains approximately 4.8 million records of active duty and retired military members, including the Reserve and Guard, and approximately 3.1 million records of active and retired non-postal Federal civilian employees.

F. Individual notice and opportunity to contest: Due process procedures will be provided by SBA to those individuals matched (hits) consisting of SBA'S verification of debt; a minimum of 30-day written notice to the debtor explaining the debtor's rights; opportunity for the debtor to examine and copy SBA documentation relating to the debt; provision for debtor to seek the SBA review of the debt (or in the case of the salary offset provision, opportunity for a hearing before an individual who is not under the supervision or control of the agency); and opportunity for the individual to enter into a written agreement satisfactory to the SBA for repayment. Only when all of the steps have been taken will SBA disclose information, pursuant to a routine use, to effect an administrative or salary offset. Unless the individual notifies SBA within 30 days from the date of the notice, SBA will infer that the data provided the individual is accurate and correct and will take the next step, as authorized by law, to recoup the delinquent debt.

G. Inclusive dates of the matching program: This computer matching program is subject to review by the Office of Management and Budget and Congress. If the mandatory 30 day period for public comment has expired and if no objections are raised by either Congress or the Office of Management and Budget within 40 days of being notified of the proposed match, the computer matching program becomes effective and the respective agencies may begin the exchange of data at a mutually agreeable time and will be repeated on an annual basis. By agreement between SBA and DoD, the matching program will be in effect and continue for 18 months with an option to extend for 12 additional months unless one of the parties to the

agreement advises the other by written request to terminate or modify the agreement.

H. Address for receipt of public comments or inquiries: Director, Defense Privacy Office, 1941 Jefferson Davis Highway, Suite 920 Arlington, VA 22202-4502. Telephone (703) 607-2943. [FR Doc. 00-13896 Filed 6-2-00; 8:45 am]

ACTION: Notice of the closing date for filing the "Institutional Application for the Work-Colleges Program."

SUMMARY: The closing date for the institutional application for the Work-Colleges Program (2000-2001 award year) is June 29, 2000. To participate in the Work-Colleges program, an institution must be a public or private nonprofit institution that requires all resident students to participate in a comprehensive work-learning program. (See **SUPPLEMENTARY INFORMATION** for a complete description of the requirements.) The Work-Colleges Program along with the Federal Work-Study Program and the Job Location and Development Program are known collectively as the Federal Work-Study programs. An institution should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an institution should check with its local post office.

The Secretary encourages an institution to use certified or at least first-class mail. Institutions that submit an application and agreement after the closing date of June 29, 2000, are not considered for participation or funding under the Work-Colleges Program for award year 2000-2001.
