BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-7318]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1-percent-annual-chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being

already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW, Washington, DC 20472; (202) 646-3461, or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director for Mitigation certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[Amended]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	# Depth in feet above ground. *Elevation in feet. (NGVD)	
				Existing	Modified
Alaska	Matanuska-Susitna Borough.	Talkeetna River Overflow	Just west of Talkeetna Spur Highway	None	*341
			At East Bank of Talkeetna River	None	*351

Maps are available for inspection at the Code Compliance Department, 350 East Dahlia Avenue, Palmer, Alaska.

Send comments to The Honorable Darcie Salmon, Mayor, Matanuska-Susitna Borough, 350 East Dahlia Avenue, Palmer, Alaska 99645.

Coast Guard

[USCG-2000-6096]

Marine Shipboard Electrical Cable Standards

AGENCY: Coast Guard, DOT.

ACTION: Proposed rule: notice of public meeting and reopening of comment period.

SUMMARY: The Coast Guard is holding a public meeting and reopening the comment period to allow for additional comments on the notice of proposed rulemaking for Marine Shipboard Electrical Cable Standards. Since publication of the notice, we have received several requests to hold a public meeting.

DATES: The public meeting is scheduled for Wednesday, June 28, 2000, from 9 a.m. to 3 p.m. but will close early if all business is finished. Comments and related material must reach the Docket Management Facility on or before July 7, 2000.

ADDRESSES: The public meeting will be held in room 2415, U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC.

To make sure your comments and related material are not entered more than once in the docket, please submit them by only one of the following means:

(1) By mail to the Docket Management Facility [USCG-2000-6096], U.S.

Department of Transportation, room PL-401, 400 Seventh Street SW., Washington, DC 20590-0001.

(2) By delivery to room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

(3) By fax to the Docket Management Facility at 202-493-2251.

(4) Electronically through the Web Site for the Docket Management System at <http://dms.dot.gov>.

The Docket Management Facility maintains the public docket for this rulemaking. Comments and material received from the public will become part of this docket and will be available for inspection or copying at room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: For questions on the public meeting, call Dolores Mercier, Project Manager, Office of Design and Engineering Standards (G-MSE), Coast Guard, telephone 202-267-0658, fax 202-267-4816, e-mail dmercier@comdt.uscg.mil. For questions on viewing or submitting material to the docket, call Dorothy Beard, Chief, Dockets, Department of Transportation, phone 202-366-9329.

SUPPLEMENTARY INFORMATION:

Request for Comments

The notice of proposed rulemaking (NPRM), published on February 8, 2000 (65 FR 6111), encouraged interested persons to participate in this rulemaking by submitting written comments by May 8, 2000. The comment period for this

rulemaking is reopened and will close July 7, 2000.

If you submit written comments, please include your name and address, and identify the docket number for this rulemaking [USCG-2000-6096] and the reason for each comment. You may submit your comments and material by mail, delivery, fax, or electronic means to the Docket Management Facility at the address under **ADDRESSES**; but please submit your comments and material by only one means. Please submit all comments and material in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing to the Facility at the address under **ADDRESSES**. If you want acknowledgement of receipt of your comments, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received whether submitted in writing to the docket or presented during the public meeting discussed below.

Public Meeting

We have received several requests for a public meeting and have scheduled one. The scope of the meeting is limited only to matters addressed in the NPRM. Comments concerning adoption of IEEE Standard 45 (1998) will not be included as part of this meeting. A request for comments concerning adoption of IEEE Standard 45 (1998) is scheduled for publication this summer.

We encourage your further participation by attending the meeting or by submitting comments and related material on the NPRM.

Information on Services for Individuals With Disabilities

For information on facilities or services for people with disabilities or to request special assistance at the meeting, contact Dolores Mercier, Office of Design and Engineering Standards
