The Ecological Processes and Effects Committee of the US EPA Science Advisory Board (SAB), will hold a public teleconference call on June 19, 2000 from 1 pm—3 pm Eastern Daylight Time.

*Purpose of the Meeting*—The purpose of the meeting is for the Committee to continue work on a self-initiated project to offer advice to the Agency on the content and design of an ecological report card. The Committee may also receive briefings from Agency staff on EPA activities relating to ecological indicators, and may discuss programs/projects that may be suitable case examples for the September EPEC meeting. The output of the Committee deliberations, following the September meeting, is expected to be a report to the Agency describing a proposed framework, with illustrative

case examples relevant to EPA programs.
