

promulgated by OSM will be implemented by the state. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart federal regulation.

Small Business Regulatory Enforcement Fairness Act

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

- a. Does not have an annual effect on the economy of \$100 million.
- b. Will not cause a major increase in costs or prices for consumers, individual industries, federal, state, or local government agencies, or geographic regions.
- c. Does not have significant adverse effects on competition, employment,

investment, productivity, innovation, or the ability of U.S. based enterprises to compete with foreign-based enterprises.

This determination is based upon the fact that the state submittal which is the subject of this rule is based upon counterpart federal regulations for which an analysis was prepared and a determination made that the federal regulation was not considered a major rule.

Unfunded Mandates

This rule will not impose a cost of \$100 million or more in any given year on any governmental entity or the private sector.

List of Subjects in 30 CFR Part 901

Intergovernmental relations, Surface mining, Underground mining.

Dated: May 16, 2000.

Charles E. Sandberg,

Acting Regional Director, Mid-Continent Regional Coordinating Center.

For the reasons set out in the preamble, 30 CFR part 901 is amended as set forth below:

PART 901—ALABAMA

1. The authority citation for Part 901 continues to read as follows:

Authority: 30 U.S.C. 1201 *et seq.*

2. Section 901.15 is amended in the table by adding a new entry in chronological order by "Date of final publication" to read as follows:

§ 901.15 Approval of Alabama regulatory program amendments.

Drawbridge Operation Regulations; Pine River (Charlevoix), Michigan

AGENCY: Coast Guard, DOT.

ACTION: Direct final rule, confirmation of effective date.

SUMMARY: On March 22, 2000, the Coast Guard published a direct final rule (65 FR 15238, CGD09–00–001) in the **Federal Register**. This direct final rule notified the public of the Coast Guard's intent to revise the operating regulations governing the U.S. Route 31 bridge, mile 0.3 over Pine River in Charlevoix, Michigan, to alleviate vehicular traffic congestion during the peak tourist season while still providing for the reasonable needs of navigation. The Coast Guard has not received any adverse comments or any notice of intent to submit adverse comments objecting to this rule as written. Therefore, this rule will go into effect as scheduled.

DATES: The effective date of the direct final rule is confirmed as June 20, 2000.

FOR FURTHER INFORMATION CONTACT: Mr. Scot M. Striffler, Project Manager, Ninth Coast Guard District (obr), at (216) 902–6084.

Dated: May 24, 2000.

James D. Hull,

Rear Admiral, U.S. Coast Guard, Commander, Ninth Coast Guard District.

RIN 2115–AA97

Safety Zone: Fireworks Display, New York Harbor, Ellis Island

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for a fireworks display located on New York Harbor. This action is necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in a portion of New York Harbor.

DATES: This rule is effective from 8 p.m. (e.s.t.) until 9:30 p.m. (e.s.t.) on June 28, 2000.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket (CGD01–00–137) and are available for inspection or copying at Coast Guard Activities New York, 212 Coast Guard Drive, room 204, Staten Island, New York 10305, between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is (718) 354–4012.

FOR FURTHER INFORMATION CONTACT:

Lieutenant M. Day, Waterways Oversight Branch, Coast Guard Activities New York (718) 354–4012.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(8), the Coast Guard finds that good cause exists for not publishing an NPRM. Good cause exists for not publishing an NPRM due to the date the Application for Approval of Marine Event was received, there was insufficient time to draft and publish an NPRM. Further, it is a local event with minimal impact on the waterway, vessels may still transit through New York Harbor during the event, the zone is only in affect for 1½ hours and vessels can be given

permission to transit the zone except for about 45 minutes during this time. Any delay encountered in this regulation's effective date would be contrary to public interest since immediate action is needed to close the waterway and protect the maritime public from the hazards associated with this fireworks display.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. This is due to the following reasons: it is a local event with minimal impact on the waterway, vessels may still transit through New York Harbor during the event, the zone is only in effect for 1½ hours and vessels can be given permission to transit the zone except for about 45 minutes during this time. Vessel traffic will still be able to transit through Anchorage Channel as it is unaffected by this zone. Vessels will still be able to anchor in Federal Anchorage No. 20-B, to the north, and 20-C, to the south. Additionally, vessels will not be precluded from mooring at or getting underway from commercial or recreational piers in the vicinity of the zone.

Background and Purpose

The Coast Guard has received an application to hold a fireworks program on the waters of New York Harbor. This regulation establishes a safety zone in all waters of New York Harbor within a 180-yard radius of the fireworks barge in approximate position 40°41'40.3"N, 074°02'33.5"W (NAD 1983), about 235 yards south of Ellis Island. The safety zone is in effect from 8 p.m. (e.s.t.) until 9:30 p.m. (e.s.t.) on Wednesday, June 28, 2000. There is no rain date for this event. The safety zone prevents vessels from transiting a portion of New York Harbor and is needed to protect boaters from the hazards associated with fireworks launched from a barge in the area. Recreational and commercial vessel traffic will still be able to transit through Anchorage Channel as it is unaffected by this zone. Additionally, vessels will still be able to anchor in Federal Anchorage No. 20-B, to the north, and 20-C, to the south. This safety zone precludes the waterway users from entering only the safety zone itself. Public notifications will be made prior to the event via the Local Notice to Mariners.

Regulatory Evaluation

This final rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that

Order. It has not been reviewed by the Office of Management and Budget under that Order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this final rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. This finding is based on the minimal time that vessels will be restricted from the zone, that vessels may still transit through New York Harbor during the event, that vessels may still anchor in Federal Anchorage No. 20-B, to the north, and 20-C, to the south, that vessels will not be precluded from mooring at or getting underway from commercial or recreational piers in the vicinity of the zone, and advance notifications which will be made.

The size of this safety zone was determined using National Fire Protection Association and New York City Fire Department standards for 6" mortars fired from a barge combined with the Coast Guard's knowledge of tide and current conditions in the area.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard considered whether this final rule will have a significant economic impact on a substantial number of small entities. "Small entities" include small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

For reasons discussed in the Regulatory Evaluation above, the Coast Guard certifies under section 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) that this final rule will not have a significant economic impact on a substantial number of small entities.

Collection of Information

This final rule does not provide for a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this final rule under the principles and criteria contained in Executive Order 13132 and has determined that this final rule does not have implications for federalism under that Order.

Unfunded Mandates

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) [Pub. L.

104-4, 109 Stat. 48] requires Federal agencies to assess the effects of certain regulatory actions on State, local, and tribal governments, and the private sector. UMRA requires a written statement of economic and regulatory alternatives for rules that contain Federal mandates. A Federal mandate is a new or additional enforceable duty imposed on any State, local, or tribal government, or the private sector. If any Federal mandate causes those entities to spend, in the aggregate, \$100 million or more in any one year, the UMRA analysis is required. This final rule does not impose Federal mandates on any State, local, or tribal governments, or the private sector.

Environment

The Coast Guard considered the environmental impact of this final rule and concluded that under figure 2-1, paragraph 34(g), of Commandant Instruction M16475.1C, this final rule is categorically excluded from further environmental documentation. This rule fits paragraph 34(g) as it establishes a safety zone. A "Categorical Exclusion Determination" is available in the docket for inspection or copying where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 165

Harbors, Marine Safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

Regulation

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 165 as follows:

PART 165—[AMENDED]

1. The authority citation for Part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1(g), 6.04-1, 6.04-6, 160.5; 49 CFR 1.46.

2. Add temporary § 165.T01-137 to read as follows:

§ 165.T01-137 Safety Zone: Fireworks Display, New York Harbor, Ellis Island.

(a) *Location.* The following area is a safety zone: All waters of New York Harbor within a 180-yard radius of the fireworks barge in approximate position 40°41'40.3" N 074°02'33.5" W (NAD 1983), about 235 yards south of Ellis Island.

(b) *Effective period.* This section is effective from 8 p.m. (e.s.t.) until 9:30 p.m. (e.s.t.) on June 28, 2000. There is no rain date for this event.

(c) *Regulations.* (1) The general regulations contained in 33 CFR 165.23 apply.

(2) All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated on-scene-patrol personnel. These personnel comprise commissioned, warrant, and petty officers of the Coast Guard. Upon being hailed by a U. S. Coast Guard vessel by siren, radio, flashing light, or other means, the operator of a vessel shall proceed as directed.

Dated: May 30, 2000.

R.E. Bennis,

Captain, U.S. Coast Guard, Captain of the Port, New York.

[CGD01-00-005]

RIN 2115-AA97

Safety Zone: Coast Guard Activities New York Annual Fireworks Displays

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing five permanent safety zones for annual fireworks displays located on Sandy Hook Bay, Rondout Creek, Hempstead Harbor, the Arthur Kill, and the Hudson River. This action is necessary to provide for the safety of life on navigable waters during the events. This action is intended to restrict vessel traffic in a portion of Sandy Hook Bay, Rondout Creek, Hempstead Harbor, the Arthur Kill, and the Hudson River.

DATES: This rule is effective June 8, 2000.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket (CGD01-00-005) and are available for inspection or copying at Waterways Oversight Branch, room 204, Coast Guard Activities New York, 212 Coast Guard Drive, Staten Island, NY between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Lieutenant M. Day, Waterways Oversight Branch, Coast Guard Activities New York (718) 354-4012.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On April 26, 2000, we published a notice of proposed rulemaking (NPRM) entitled Safety Zone: Coast Guard Activities New York Annual Fireworks Displays in the **Federal Register** (65 FR 24436). We received no letters commenting on the proposed rule. No public hearing was requested, and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. This is due to the following reasons: They are locally supported, annual events with minimal impact on the waterways, the zones are only in affect for 1½ hours and vessels can be given permission to transit the zones except for about 45 minutes during this time, the public was additionally notified of the NPRM via the First Coast Guard District Local Notice to Mariners Number 019, dated May 9, 2000. Additionally, vessel traffic can transit around the safety zones with the exception of the locations in Sandy Hook Bay and Rondout Creek, vessels will not be precluded from getting underway, or mooring at, any piers or marinas currently located in the vicinity of the safety zones with the exception of the locations in Sandy Hook Bay and Rondout Creek. The sponsors of the displays held in Highlands, NJ and Kingston, NY reported they have not received any objections from the public for these annual displays dating back to 1997. The display in Highlands, NJ has been held in the same location for 5 years and the display in Kingston, NY has been held in the same location for 10 years.

Background and Purpose

The Coast Guard is establishing five permanent safety zones that will be activated for fireworks displays occurring at the same location and time on an annual basis. The five locations are Highlands, New Jersey in Sandy Hook Bay; Kingston, New York on Rondout Creek; Glen Cove, New York on Hempstead Harbor; Elizabeth, New Jersey on the Arthur Kill; and Yonkers, New York on the Hudson River. Establishing permanent safety zones by notice and comment rulemaking gives the public the opportunity to comment on the zones, provides better notice than promulgating temporary rules annually, and decreases the amount of annual paperwork required for these events. The Coast Guard has received no prior notice of any impact caused by the previous events.

The sizes of these safety zones were determined using National Fire Protection Association and New York City Fire Department standards for 5-12 inch mortars fired from a barge or shore, combined with the Coast Guard's knowledge of tide and current conditions in these areas. The five safety zones are:

Clamfest Fireworks, Highlands, New Jersey, Sandy Hook Bay

The Highlands Chamber of Commerce and Seastreak America sponsor this annual fireworks display. The safety zone in Sandy Hook Bay includes all waters of Sandy Hook Bay and the Shrewsbury River Channel within a 150-yard radius of the fireworks barge in approximate position 40°24'34" N 073°59'45" W (NAD 1983), about 140 yards south of Shrewsbury River Channel Lighted Buoy 9 (LLNR 35775). The regulation is effective annually from 8 p.m. (e.s.t.) to 11 p.m. (e.s.t.) on the Saturday before Father's Day. The safety zone closes a portion of southern Sandy Hook Bay and the Shrewsbury River Channel and will prevent marine traffic from transiting a portion of these two areas. It is needed to protect boaters from the hazards associated with fireworks launched from a barge in the area.

Kingston, New York Fireworks, Rondout Creek

The city of Kingston, New York sponsors this annual fireworks display. The safety zone in Rondout Creek includes all waters of Rondout Creek between the Kingston-Port Ewen Bridge (mile 1.1) and the Kingston-US 9 Bridge (mile 1.3). The fireworks are fired from shore at the Kingston Municipal Docks. The regulation is effective annually from 8 p.m. (e.s.t.) to 11 p.m. (e.s.t.) on the last Sunday in June. The safety zone closes a portion of Rondout Creek and prevents marine traffic from transiting the area. It is needed to protect boaters from the hazards associated with fireworks launched from shore in the area.

Glen Cove, New York July 4th Fireworks, Hempstead Harbor

The city of Glen Cove sponsors this annual fireworks display. The safety zone in Hempstead Harbor includes all waters of Hempstead Harbor within a 360-yard radius of the fireworks barge in approximate position 40°51'58" N 073°39'34" W (NAD 1983), about 500 yards northeast of Glen Cove Breakwater Light 5 (LLNR 27065). The regulation is effective annually from 8 p.m. (e.s.t.) to 11 p.m. (e.s.t.) on July 1st, 2nd, 3rd, 4th, and 5th. The safety zone prevents
