

Office of Procurement and Property Management

Title: Progress Reporting Clause.

OMB Control Number: 0505-0016.

Summary of Collection: In order to obtain goods or services, the United States Department of Agriculture (USDA), like other Federal agencies, has established agency contracting offices to enter into Federal contracts. These offices employ contracting officers, who request bids or offers for work from businesses in the private sector using solicitations. In order to administer contracts for research and development services (R&D), or for advisory and assistance services (AAS), contracting officers need information about contractor progress in performing the contracts. The Agriculture Acquisition Regulation (AGAR) (48 CFR ch.4) (48 CFR 437.270(a) and (48 CFR 452.237-76) prescribe the Progress Reporting Clause to collect information about contractor progress. Contracting officers include the Progress Reporting Clause in R&D and AAS contracts to obtain information from the contractors about their performance.

Need and Use of the Information: The Office of Procurement and Property Management (OPPM) will collect information to compare actual progress and expenditures to anticipated performance and contractor representations on which the award was based. The information alerts the agency of technical problems; to the need for additional staff resources or finding; and to the probability of timely completion within the contract cost or price. If the contracting officers could not obtain progress report information, they would have to physically monitor the contractor's operation on a day to day basis throughout the performance period.

Description of Respondents: Business or other for-profit; non-for-profit institutions; State, Local, or Tribal Government.

Number of Repondents: 200.

Frequency of Responses: Reporting: Quarterly; monthly.

Total Burden Hours: 3,600.

Rural Housing Service

Title: 7 CFR 1940-G, Environmental Program.

OMB Control Number: 0575-0094.

Summary of Collection: The National Environmental Policy Act (NEPA) requires Federal agencies, prior to the approval of proposed actions, to consider the potential environmental impacts of these actions. Consequently, for the Agencies to comply with NEPA, it is necessary that they have

information on the types of environmental resources on site or in the vicinity that might be impacted by the proposed action, as well as information on the nature of the project selected by the applicant (the activities to be carried out at the site; any air, liquid and solid wastes produced by these activities, etc.). The agency will collect environmental data using form RD 1940-20.

Need and Use of the Information: The agency will collect information on the proposed project site and the activities to be conducted there. This will enable the Agency official to determine the magnitude of the potential environmental impacts and whether the project is controversial for environmental reasons.

Description of Respondents: Farms; individuals or households; Business or other for-profit; not-for-profit institutions; State, Local or Tribal Government.

Number of Respondents: 3,050.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 15,320.

Barbara Lacour,

Departmental Clearance Officer.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-815, A-533-807, C-533-806]

Continuation of Antidumping Duty Orders: Sulfanilic Acid From People's Republic of China and India; and Continuation of Countervailing Duty Order: Sulfanilic Acid From India

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notices of continuation of antidumping duty orders: Sulfanilic acid from People's Republic of China and India; and countervailing duty order, sulfanilic acid from India.

SUMMARY: On February 8, 2000 and on April 6, 2000 (as amended, with respect to the countervailing duty order), the Department of Commerce ("the Department"), pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended ("the Act"), determined that revocation of the antidumping duty orders on sulfanilic acid from the People's Republic of China ("PRC") and India, and the countervailing duty order on sulfanilic acid from India, would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (65 FR 6156, 65 FR 6171 (as amended, 65 FR18070), respectively). On May 26, 2000, the International Trade Commission ("the Commission"), pursuant to section 751(c) of the Act, determined that revocation of these antidumping and countervailing duty orders on sulfanilic acid would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (65 FR 34232). Therefore, pursuant to 19 CFR 351.218(f)(4), the Department is publishing notice of the continuation of antidumping duty orders on sulfanilic acid from the PRC and India, and the countervailing duty order on sulfanilic acid from India.

EFFECTIVE DATE: June 8, 2000.

FOR FURTHER INFORMATION CONTACT: Eun W. Cho or James Maeder, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230; telephone: (202) 482-1698 or (202) 482-3330, respectively.
